Just as Well as 30c. Tea if
You Use 40c. Red Rose**

A pound of 40c. Red Rose goes further than any 30c. or 35c. tea and it is distinctly superior in quality.

30c. and 35c. Red Rose Teas are good teas, so good that very many people say they want nothing better. But, if they would once try a package of the 40c. Red Rose they would use nothing else in future

Just think, five cups of 40c. Red Rose Tea will only cost 1c. One lb. makes over 200 cups. Not a question of affording.

PROVINCIAL HORTICULTURIST TAKES UP DUTIES AT FREDERICTON.

The expert in Fruit Growing whom it was announced some time ago by the Commissioner of Agriculture, would be engaged to assist in developing the horticultural interests of the Province, has arrived in Fredericton, and entered upon his duties. His official title is Provincial Horticulturist. This gentleman, Mr. A. G. Turney, an Englishman of some seven years residence in Canada, comes from a position on the staff of the Ontario Department of Agriculture and most highly recommended by the men under whom he worked as well as by the President of the Ontario Agricultural College where he took a distinguished course. Mr. Turney invites correspondence on all such matters and to attend meetings wherever possible. He will visit as many as possible of the Illustration Orchards in the early spring. Demonstrations of pruning, spraying and grafting will be given in the orchards and methods of cropping, fertilizing and cultivation will be discussed. Where time permits Mr. Turney will be pleased to visit neighboring orchards and discuss their treatment with their owners. Notice of the dates of these visits and demonstrations will be given in due time and everyone in the vicinity interested in fruit growing is invited to attend. In correspondence concerning horticultural matters complete details of the conditions bearing upon the subject should be given. Compliance with this suggestion will ensure more satisfactory answers. All communications should be addressed to The Department of Agriculture, Fredericton, N. B.

Sudden Death of Dr. Deacon.

St. Stephen, N. B., Feb. 20.—A sudden death that occurred in Milltown this evening has cast a shadow of gloom over the entire community. Dr. J. M. Deacon, one of the best known and beloved physicians on the river passed away at his home in Milltown almost without warning. On returning last evening from his daily round of calls, he complained of feeling unwell. Today he did not leave his bed, and while his wife was sitting beside him, about five o'clock he had a sinking spell and passed away before brother physicians could be summoned. His death was attributed to heart trouble.

Dr. Deacon was born in St. Stephen about forty six years ago, a son of the late Joseph D. Deacon, his mother and one sister survive. His wife is a daughter of Ven. Arch-

deacon Newnham, rector of Christ church, and seven children also survive, the youngest being a baby in arms. He graduated from the University of Vermont in 1883 and for a time practised on Grand Manan before establishing at Milltown. Two years ago he opened a private hospital at Milltown, where many difficult surgical cases have been successfully treated. He was a past president of the Provincial organization of physicians and a past mayor of Milltown, the present chairman of the board of school trustees of that town and a member of the Masonic and Pythian bodies. Godfrey Newnham, of E. W. Mair's drug store, is a brother-in-law of deceased.

Outlaw is Rounded Up.

Perth Junction, Feb. 20.—Xavier Terriault, a French outlaw, who for the past three years has been a modern Jesse James to the people of Edmundston, was captured Thursday night by Constable McCrae and Mr. Willett.

Terriault was convicted three years ago for selling liquor. He refused to pay and has since lived in defiance of the law, shooting at Sheriff Gagnon and all who in any way molested him. He was hunted until he built a cabin in the woods. Mr. McCrae went to Edmundston Monday in response to a call from Sheriff Gagnon for help. Thursday night McCrae and Willett drove as near as possible to Terriault's house. They walked the rest of the distance, making as little noise as possible in order not to alarm Terriault's bulldog, but fortunately the dog was away. Mr. McCrae produced a long cedar pole and with this for a battering ram he rushed at the door, which gave way. Terriault was asleep in bed, but awakened he took in the situation at a glance and was reaching for his revolver when Constable McCrae jumped on him and with Willett's assistance succeeded in holding his arm. Terriault nevertheless put up a stiff fight and McCrae was forced to strike him a severe blow on the head before he could handcuff him. Handcuffed and bound Terriault was marched in the middle of the night to Edmundston and locked in jail.

The citizens of Edmundston breathe the easier knowing him to be under lock and key. They find no words of praise too worthy for Constable McCrae, who in a short time accomplished a capture so difficult.

A TERRIBLE SUFFERER FOR THREE YEARS.

But Health Was Completely Restored by Dr. Williams' Pink Pills.

Extreme anguish; pains in the joints that all but drive one crazy—thus may inflammatory rheumatism be described. The victims are to be pitied—to them life is one long torture; they suffer by day and cannot sleep by night. Such was the condition of Miss Alida Mercier of Ottawa, Ont. For three years she was a victim of this trouble and found no relief till she began using Dr. Williams' Pink Pills. She says:—For three years I was sufferer from inflammatory rheumatism. During that time I consulted and was treated by some of the best doctors in our city, but I found no relief in their treatment. I began to despair of ever being well again, when one day a friend advised me to try Dr. Williams' Pink Pills. I procured three boxes and by the time these were used there was enough improvement in my condition to encourage me to continue their use. Three more boxes completely cured me and to-day I am as well as ever I was. I always keep a supply of Dr. Williams' Pink Pills in the house and would recommend all who suffer as I did to give them a trial.

It was the new blood that Dr. Williams' Pink Pills actually made that restored Miss Mercier to health and strength. There is no medicine to equal them in making new blood and in this way they cure anaemia, rheumatism, heart palpitation, indigestion, neuralgia, St. Vitus dance and many other troubles. Sold by all dealers in medicine or direct at 50 cents a box or six boxes from Dr. Williams' Medicine Co., Brockville, Ont.

Centreville.

Mr. Isaiah Lockhart an old and respected resident of Knoxford died last Friday and was buried last Sunday.

Mr. and Mrs Thomas G White arrived home last Friday from their wedding tour of about a week spent in the principal cities of New Brunswick. A large number of the village lads having a strong desire to interview them during the evening, prepared themselves with horns, guns, and other articles best calculated to make the most noise, but the serenade came to an early termination by Mr. White appearing among the boys with a very generous supply of cigars and confectionary and inviting them into the house. The serenaders then presented Mr. and Mrs. White with a couple of handsome chairs and after wishing them a long and happy married life took their leave.

Mr and Mrs Baldwin came on Saturday The serenades were on hand but a prompt handout of confectionary vetoed further proceedings.

The Centreville Board of Trade appointed H W Papp, J. K Tracy, G F Manther and Stanley Burr, as delegates to wait upon the Government at the present session in the interests of the Valley Railway but if the information received is correct the necessary Legislation for the building of the road will be passed before the time set for the meeting of the delegates in Fredericton.

The CM Sherwood Co. Ltd. has a crew yarding lumber on the Burrill lot in Knoxford. It may be that the new Co. will put machinery in the saw mill for the manufacture of lumber into door sash and house finish. A factory of this kind would be a boon to Centreville and if the Railway down the S. John Valley is built we may reasonably expect to see a boom in New Brunswick Industries all along the line.

Wm J Owens went to Fredericton on Monday. His men will be working on the roads, hauling lumber and rocks for wharfing where necessary.
