**DINNER BELL MUSIC.**  
The music of the dinner-bell is always welcome to the healthy man or woman—like to the working man or woman who eats a plain meal at noonday, or to people of easier lives who enjoy a rich dinner in the evening. But to the Dyspeptic there is no music in the dinner-bell—it calls him to a trial for which he knows he is unfit. No one can enjoy a meal, or get nourishment and strength from it, knowing that pain and distress will follow after. The true course, even for healthy people, is to help the digestive system, from time to time, with that excellent tonic medicine, Mother Siegel's Syrup.  
Mr. Michael Bureau, of Stanham, Quebec County, P. Q., writes: "For some time I suffered from indigestion. I had headaches which made life a misery. I could not sleep at night and after eating I felt a sensation of fullness and pains, with heart palpitation. I took no medicine for this illness except Mother Siegel's Syrup and was cured when I had used one bottle of it."

**A Harmless Comet.**  
In 1861 we passed through the tail of a comet. No one knew anything about it at the time. For a hundred millions years life has been continuous on this earth, though we have been visited by at least five comets every year. If comets could ever have done the earth any harm they would have done it long ago, and you and I would not be discussing comets or anything else. As far as I can learn we may be in the tail of the Halley comet about May 12. I sincerely hope we shall, and I think Sir John Herschel says somewhere that a whole comet could be squeezed into a portmanteau.—Sir Robert Ball.

**Jackpots and Greens.**  
"Among the gambling stories that the late Pat Sheedy used to tell in his art shop," said a New York reporter, "was one about a jackpot.  
"A beautiful young bride, the story ran, entered a corner grocery one morning, and said:  
"Have you got any jackpots, Mr. Sands?"  
"No, ma'am," Sands answered, and he hid a smile behind his hand. "I've got teapots and coffee pots, but jackpots I don't stock."  
"Oh, dear!" said the bride. A frown wrinkled her smooth and beautiful brow. "I'm so sorry! You see, Mr. Sandy, my husband's mother used to cook for him, and nearly every night he talks in his sleep about a jackpot. So I thought I'd get one, for since he mentions it so often, he must be used to it. Could you tell me, Mr. Sands, what they cook in jackpots?"  
"Greens, ma'am," was the quick answer.—Detroit Free Press.

**Good Apples and Bad.**  
John D. Rockefeller never wears of impressing on the young the folly of mean and parsimonious habits. In one of his most recent interviews he said:  
"These miserly people reap nothing but discomfort from their false economies. Take, for example, the case of Mrs. Silas Long, of Sussex.  
"Martha," said old Silas one fall day. "I think I'll go and get a few apples from the orchard."  
"He looked at her timidly. She said:  
"Well, be careful now, Si, only to pick the bad ones."  
"Suppose there ain't no bad ones, Martha?"  
"Then ye'll have to wait till some goes bad, of course," the old lady snapped. "We can't afford to eat good, sound fruit wuth three cents a bushel."—St. Louis Globe-Democrat.

**Death of L. R. McLaren.**  
One day last week L. R. McLaren, of St. John, traveller for the Canadian Drug Company, and Angus Martin, of Murray River, were drowned in the Murry river, about half a mile from the village of the same name McLaren, accompanied by Martin, driver of the team, left Murray Harbor North at ten o'clock to drive on the ice to Murray River. That was the last seen or heard of them till ten o'clock this morning, when some one noticed the horse's head in a hole in the middle of the river, the empty sleigh attached to the dead body. The man's caps and McLaren's valise were found on the spot and later Martin's body was recovered by grappling, but McLaren's body is not yet found. The accident occurred only a short distance from the shore but in mid-channel, where there is considerable depth of water. Martin was past middle age, married, with a grown-up family. This is the second double drowning accident in three weeks, the others being Mrs. McIntyre and a hired man, drowned in Charlottetown harbor.

Mr. McLaren belongs to Moncton, and is a married man about 45 years of age. He enjoyed the good will of all who knew him and the news of his death will be heard with sincere regret. He is survived by a widow and four children. One brother, Charles McLaren, of the I. C. R. electrical department; one sister, Mrs. A. E. Leslie, of Moncton, also survive. His wife is a daughter of the late C. D. Thompson, once I. C. R. cashier.  
The late Mr. Laren was well known in Woodstock where he was employed for several years in the drug store of H. Paxton Baird. As the representative of the Canadian Drug Co., he had been in town several times lately.

**For Cleaning Wall Paper.**  
Where the paper is smoked, or otherwise soiled, but still in good condition, this is recommended by The Commoner for cleaning: Take one quart of flour, one heaping tablespoonful of ash, one tablespoonful of cooking soda, three tablespoonfuls of common household ammonia, and one pint of rainwater. Mix with hand steam for half an hour, in a greased pan; then cut into pieces to handle while still hot and knead thoroughly as you would dough until perfectly smooth; keep in an air tight jar until ready to use; make only as wanted, and rub the paper with the dough, finishing one space before beginning another.

Another way is to use a mitten of Turkish towelling, or cotton flannel, dipping in bran fine oat-meal, and rubbing as you would scour a flour, changing the bran or flour often as it gets soiled.

**"Only 6 Weeks to Live"**  
Constipation, Biliousness, Indigestion, Rheumatism.  
A Dying Woman Rescued Through the Timely Use of Dr. Hamilton's Pills.

"My doctor told me I had only six weeks to live—that nothing human could help me, but to-day I am hearty and well, because I took a long treatment with Dr. Hamilton's Pills—they saved my life."  
Continuing her declaration, Mrs. Jamieson says: "I had from childhood been a sufferer from biliousness and liver complaint. I suffered excessively from wind and could not eat my food without feeling ill afterwards. Sometimes I was so bad I couldn't stand up straight for the pain. The wind settled in my stomach, chest, and sides, and always caused blinding headaches. At times I seemed one mass of aches and pains—I became rheumatic because my blood was so poor. The benefit I received from the first box of Dr. Hamilton's Pills encouraged me, and I continued their use, three to five pills a week, for several months, and was brought to the most perfect condition of health."  
If you suffer from constipation, flatulence, indigestion, palpitation, anaemia, headaches, nervousness, sleeplessness, depression, general debility, loss of appetite, liver and kidney trouble, acute and chronic dyspepsia, or any form of stomach and digestive weakness, you may look with certain hope for a complete cure by the use of Dr. Hamilton's Pills of Mandrake and Butternut. Safe, mild, and sure to cure. Price 25c per box, or five boxes for \$1.00, at all dealers, or The Catarrhzone Company, Kingston, Ont.
