## COUNTY COUNCIL.

The parish and district clerk of Aberdeen each received \$6.00; Northampton \$12.00; Kent \$18.00.

Standing committees were appointed as follows:

Finance—Couns. Balmain, Williams, Estey.

Building Committee—Couns. Phillips, E. W. Melville, Frank R. Shaw.

Moved and seconded that Coun. Brown, of Woodstock, and Smith, of Woodstock, be added to the committee.

Coun. Brown thought this would be adding extra expense, and did not see the necessity, but if it was the will of the council, that would settle it. Motion then carried.

Supplementary report from Auditor.

To the Municipality of the County of Carleton.

MR. WARDEN AND GENTLEMEN.—Since submitting my Report this morning the Secretary-Treasurer reports to me that he has received, in addition to the amount therein reported,

Northampton by Collector Estey	\$112 00
Richmond " " Dougherty	96 84
Wicklow " " Tracey	405 00
Woodstock " " Peabody	50 00

which payments reduce the amounts due to the County by these Parishes as follows:—

Northampton reduced to	\$366 84
Richmond " "	506 65
Wicklow " "	471 95
Woodstock—the indebtedness cancelled and a credit balance of \$7.37 takes its place.	

Respectfully submitted,  
D. McLEOD VINCE,  
Auditor.

The following amounts were ordered issued for poor purposes:

Peel	\$400 00
Kent	600 00
Richmond	600 00
Northampton	650 00

Coun. Lamont said that Aberdeen occupied rather a unique position as it had no poor. Could any councillor suggest a remedy? (Laughter.)

Mr. Hartley, Sec-treas., said that a suggestion had been made to him that it would not be a bad idea to have a picture taken of the members of the Board, to be placed in the new Court House, which was now just about completed. It would be a memento of the occasion and he thought it would be a fitting thing to do.

## LA GRIPPE

Arrested, and Consumption Cured

Mr. G. D. Colwell, of Walkerville, Ont. was stricken down with La Grippe in 1906 and it left him in very bad condition. He says: I was all run down and bordering on Consumption. I could not sleep at nights, had awful sweats, and coughed nearly the whole time. This is how I was when I began to take Psychine, in a low nervous state; but from the first bottle I began to improve. It did marvels for me and brought me back to health in no time, making a new man of me. It fortifies the body against the attacks of La Grippe and is a sure preventative. I always take Psychine if I feel a cold coming on and it puts me right in no time.

Coun. Melville said notice should have been given to the parishes so they could have chosen in some cases better looking men. (Laughter.)

Coun. Scott favored the proposition of the Sec-treas.

The Warden named Couns. Brown, Tracy and Melville as a committee to arrange for this matter with the photographers.

Coun. Shaw moved that arrangements be made for the Council to be photographed at the June session in the Court House.

Coun. Lamont seconded the motion.

Coun. Estey did not favour putting the matter off.

The Sec-Treas said the idea was that this photo would be paid for by the contributions of the individual councillors.

Coun. Balmain favored deferring this to next summer. Motion carried.

The same committee is to have charge of the arrangement next summer.

Coun. Brown said it would be necessary to have a janitor for this building. He suggested that the Building Committee be authorized to secure the services of such a Janitor, or advertise for tenders for one. A couple of rooms could be fitted up for the janitor's quarters. He made a motion to that effect.

Coun. Smith seconded the motion.

Coun. Williams—I did not favour giving the Building Committee that power. They should advertise for tenders.

Coun. Brown—I meant that to be done.

Coun. Balmain—I think the most satisfactory way would be to finish up some rooms and give some reliable persons free rent, heat and light for the looking after the building.

Coun. Scott—I think you could get some party for the year cheaper than to have him engaged now and then.

Coun. Phillips—In the summer a Janitor would be required very little. In the winter perhaps a man could be secured to do this work with some other building. He did not favor finishing up the rooms.

Coun. Shaw moved as an amendment that the matter be left in the hands of the building committee, they to exercise their judgment in the matter.

Coun. Melville seconded the amendment. He did not think the Court house was the place to have a family housed.

Coun. Brown—I was not an easy job to find a man to do odd jobs. He thought the Building Committee should call for tenders.

Coun. Melville thought a provision of the council was that no sums over \$25.00 can be paid by the Building Committee except by Sec. Treas.

Coun. Scott—I think this matter should be left in hands of the committee.

Coun. Balmain thought the amendment was out of order.

The Sec-Treas said that this council was not bound by a resolution of last council, so that they could not pass a contrary resolution—it was not a by-law.

Coun. Williams moved as an amendment to the amendment that the Building Committee advertise for tenders when the building is taken over, specifying the work to be done, the contract to be for the balance of the year.

Coun. King seconded the amendment to the amendment.

Coun. Phillips—That suits me all right. Amendment to amendment carried.

Coun. Balmain—brought up the question of this Court House being used for public meetings after the official nomination proceedings at the time of the election. The Sheriff's Court is a public affair, but the afterwards meetings are not of that nature. He thought it would be well for the County Council to express an opinion in the matter. He did not believe in using the Court House for said purposes. He moved this council place on record its opinion that the Court House should not be used for public meetings at elections, after the nomination proceedings.

Coun. Shaw seconded the motion. He thought this would be approved by the best thinking people of the County. He heartily favored such a resolution.

Coun. Melville said that according to this resolution every ratepayer should not come here. The ratepayers were for the building, and if they wanted wear and tear out of it on nomination day they should have it.

Coun. Kinney—If the ratepayers really felt they were debarred from attending there might be something in it. But all would be equally debarred. We know it is a rough day on nomination day. This house is fitted up for business of the County, and fitted beautifully. There would be no hardship, for in the town many good places could be secured for speaking.

Coun. Bell—I think this question is rather a little too soon. The people don't want to do damage. One of the canvasses against the old court house was that it was not safe. It looks as if we are getting a little too officious.

Coun. Phillips—I believe this is no place for holding public meetings. I do not see that any person is debarred from attending the Court House.

Coun. Perry—The cry we heard up river was that it would be so much easier for the

## NERVILINE

One of the most soul-distressing accidents that can befall one is a bad ankle or wrist sprain. "If I had only known of 'Nerviline' earlier, I could have saved myself an enormous amount of pain, and many agonizing nights of sleeplessness." Thus writes F. P. Quinn, a young farmer living near Brockville. "I tumbled from a hay

loft to the barn floor and sprained my right ankle and left wrist. They swelled rapidly and caused excruciating pains. It was not convenient to go to the city and the liniment in the house was useless. When I got Nerviline relief came quickly. It took down the swelling, relieved the pain, and gave me wonderful comfort.

"I can recommend Nerviline for strains, bruises, swellings, muscular pains, and sore back. I have proved it a sure cure in such cases."

people to come to Woodstock on public occasions. The people built this Court house, not the council. If people do not behave themselves, the officials of the County could deal with them. It seems to me we are going to fast in this matter. I will vote with those who are against the resolution.

Coun. Smith—I claim the county is building this Court House largely for the reason that it will be used for such public gatherings.

Coun. Williams—I think we are moving too soon in this matter, and I move the matter be laid over till June session.

Coun. Estey seconded the motion.

Coun. Brown thought this building was too good for nomination proceedings. Every one knows how the people behaved in the old Court House, and with the present furnishings it would be a shame to run the risk of ruining the furniture.

Coun. Tompkins favoured the amendment as we could give a more intelligent vote in June.

Coun. Shaw said councillors have spoken as if some of these who agreed with Coun. Shaw were trying to debar the electors. On the contrary the idea was to preserve the County's property. Those election occasions were unusual. Every one knew that all could go to the Court House for the official proceedings. That would of course continue. After that it was held for the purpose of a public meeting. He did feel the furniture of this building was too good to have ruined by public gatherings. You must draw the line between nomination proceedings and the public meetings which were held afterwards. Now is the time to act in this matter.

Coun. Morgan—I am in favor of the motion. No ratepayer is debarred from coming to the nomination proceedings and seeing the Court house, but he did not believe in having

log the rougher element have the public meeting at the official proceedings.

Coun. Melville did not think this was any reason for this resolution. All the furniture in the old court house was in good condition and never was broken by any rowdy meetings.

Coun. King was not in favour of these nomination proceedings, but he believed if they were allowed in and at the same time were asked to keep quiet by the sheriff, they would respond.

The amendment carried by the following vote:—Yeas, Estey, Tracey, Williams, King, Scott, Smith, Lamont, Hemphill, Perry, Brittain, Tompkins, Melville, Hay and Bell.

Coun. Smith speaking for a delegation from Upper Woodstock who were to be here to-morrow said that they would ask that the land be given to the school district of Upper Woodstock.

Coun. Tompkins moved that Revisors fees be the same as last year. Carried.

Coun. Tompkins moved that the fees of assessors and collectors of the parishes be fixed at the same rate as last year. Carried.

The following sums were voted to the Highway Boards:—

Parish of Wicklow	\$10 00
" " Woodstock	10 00
" " Northampton	10 00
" " Richmond	10 00
" " Aberdeen	10 00
" " Peel	10 00
" " Kent	10 00

Coun. Kinney said that he was informed that the secretary of the Board in Kent had said he would resign, as he could not do the work which he was called upon to do for the small sum he was paid.

The question comes that a man may step in who will not do the work well. It wants competent men to look after the Highways. I think the salary is so small that it is a shame The government made a wise choice in the appointment of Mr. McNally as a secretary. He thought there must be a remedy in this payment. If there is any way in which we can augment his salary he would like to know it.

Coun. Williams—I believe you could vote \$15 each and pay him five dollars official councillors salary.

Coun. Estey—The law says the salary shall not exceed \$10.00.

The Sec-treas. read from the act confirming this.

Highway Board of Brighton	\$10 00

Coun. Estey said he was living on a route from Florenceville to Summerfield. In one place there is very little travelling. The mail carrier has often warned the people out on the roads, and he can do it after each storm. The result would be that our statute work would be done in the winter and nothing would be left for the work in the summer.

He moved that the persons turning out in the winter for school purposes should receive one half pay.

Coun. Bell (Richmond) seconded the motion.

Coun. Scott thought each parish should take up the matter separately.

Coun. Bell said he had seconded the motion to bring it before the board but he had no intention of voting that way.

Motion lost.

## A Mother's Breakdown

Her Health so Shattered Her Children were taken from Her.

It is a sad story, one that is not often heard nowadays, that is told in the following letter by Mrs. Marion R. Charlotte, written from her home in Pittsburg: "For about five years I suffered from a complication of disorders, the origin of which my doctor was unable to discover. It was undoubtedly owing to imperfect action of the liver and stomach. I am sure of this, because there was a continual weight and painful fullness in my right side, and scarcely anything I ate was digested. I also suffered agony with hemorrhoids. A succession of sleepless nights, cruel pains in my side and back, combined with the terrible state of my nerves, made me wish for death. I could do no housework, my sisters took my small children, and I despaired of ever getting on my feet again.

"One memorable day a neighbor brought me a box of Dr. Hamilton's Pills, which had cured her of troubles similar to mine. To my astonishment, I felt better next day. Gradually, all my pains disappeared, I put on flesh, looked healthy, had lots of spirit, and a desire to work. Dr. Hamilton's Pills cured me, and I know they will work marvels for every woman that uses them."

ish of Woodstock was confirmed.

The sum of \$300 for poor purposes was ordered assessed to Wilnot, and paid to Chairman of the Poor Committee.

\$500 was ordered levied on, in the Parish of Brighton, for poor, and that the amount now in the hands of the commissioner be expended at the instances of the councillors from the parish.

\$750 ordered assessed for Woodstock for poor purposes to be paid out as directed by councillors.

Council then adjourned until ten o'clock. WEDNESDAY, 10 A. M.

Council came to order. The committee on Bills and accounts, through Coun. Williams, said they found that the bills on the whole were correct. They had marked the bills that they thought needed explanation and the council would deal with these. The report was duly received and the recommendation ordered carried out.

Coun. Williams said it was for the council to decide as to whether all the bills should be read. Those in which there was any question would be found marked on the backs. It was decided to read all the bills.

The following bills were ordered paid:

J. C. Hartley	\$ 50 00
Daniel Campbell (assisting Dep. Armstrong in arrest of Indian)	4 00
David C. Bell, constable work	34 05
Owen Kelly	12 75

M. E. Cummins	4 60
H. C. deGrass	4 00
A. R. Foster	24 85
W. W. Hay (coroner)	8 00

Bill recommended paid \$4.00, the charge for horse hire being eliminated.

Coun. Melville said that the other coroners declared according to law and the committee decided that all should be treated alike.

Coun. King—At the last term where this matter of the horse hire came up, it was decreed that he be paid his mileage. This matter was before the council on a previous occasion.

He moved the bill be paid less above amount.

Coun. Smith did not think Mr. Jones should be paid for the defence on the perjury case.

Coun. Perry would like an explanation from the Inspector why this bill was brought in.

UNION BLEND TEA  
the Tea that satisfies

YOU are the best judge of how much Union Blend Tea is worth—but you can't pass an opinion until you have tried it. You are in no

position to say—as I say—that it's worth 40c. a pound because it goes easily half as far again as any 30c. tea. You don't know the truth of that until you use it for yourself.

But that's a fact. Sixteen ounces of Union Blend will make as much tea as twenty-four ounces of any ordinary kind. And not only as much tea, but better tea—tea that is more fragrant, that

has more aroma, more smack to it. There is only one way for you to prove this—buy a pound and try it. Or if you are in doubt, let a half pound packet tell the story. Your own teacup will convince you if you will give it the opportunity. Look for my picture on the end of the packet.

Union Blend one pound packets—the pound packets only—contain coupons that are worth money to you. But this is only an advertisement—the tea itself is worth the price, fully.

I Take all the Risk

THERE would be no sense in my spending thousands of dollars in advertising if I couldn't back up what I say. If you try Union Blend and don't like it, I am worse off than before, for I can never get you to try again. To make money, I've got to make satisfied customers—and I do. Of all who once buy Union Blend ninety-five per cent. continue to use it. You know what that means, don't you? What will your decision be?
