

Tonic Treatment For Indigestion.

The Process of Digestion is Controlled by the Blood and Nerves.

If you have indigestion and you begin a course of treatment to make your stomach stronger, you are on the right track for a real cure. You can never cure yourself by eating pre-digested foods, or by taking purgative medicines. The stomach is not doing its own work under these treatments, and there can be no real cure until the stomach is strong enough to digest all the food necessary to maintain the body in normal health. The great aim of the tonic treatment for indigestion in all forms is to strengthen the stomach to a point where all foods eaten will digest easily and nourish the body. A tonic that will strengthen the stomach is what is needed as the process of digestion is controlled by the blood and nerves. Dr. Williams' Pink Pills are an ideal tonic. They actually make new, rich blood, and thus bring strength and tone to the stomach. This has been proved over and over again, and thousands of grateful people have not hesitated to say so. Here is an instance:—Miss Eva Tocher, Belmont, Mass., says:—"I am writing this letter on behalf of my mother who wishes you to know how much Dr. Williams' Pink Pills have done for her. For several years she had been greatly troubled with indigestion and notwithstanding the medicine she was taking, the trouble was growing worse. Every meal was dreaded, and left behind it a feeling of nausea and severe pains. As this continued she began to lose strength and energy, and was hardly able to do any housework. Acting on the advice of a friend she began to take Dr. Williams' Pink Pills, and soon began to feel better. She continued taking the Pills until she had used ten boxes, when her health was fully restored and she could take any kind of food without the least discomfort. Since that time she has not had the slightest return of the trouble."

Thousands of cured men and women speak from experience of the benefits derived from Dr. Williams' Pink Pills in cases of indigestion, anaemia, rheumatism, general weakness, pains in the back and side, neuralgia, St. Vitus dance, and the troubles that afflict women and growing girls. These Pills are sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Canadian Coal Co., have only been in operation a very short time, but they are putting out a large quantity of coal, of excellent quality, the best that has been mined in Queens Co., as yet, and it finds a ready sale wherever it is tried. The Company have erected a large number of houses for the miners which are very comfortable, and they are erecting a large dance hall and bowling alley. They are also putting in new shafts, and the Manager and President Frederick P Shaw told your correspondent that he thought the output of coal would be doubled, by the end of this season. The miners play base-ball, and other sports, and have a jolly time, in general, but they are not allowed whiskey and other intoxicants.
