A POSITIVE CURE FOR INDIGESTION.

If you have indigestion, your food ferments in the stomach and bowels. It does more it decays, and the nutritious matter which should go to make new blood decays with it, and this leads to an impoverished condition of the blood, to nervousness, biliousness, constipation, sick headache, bad breath which disgusts your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, but ferments and oftentimes rots in the stomach.

And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix the food with the digestive juices.

M I O N A is responsible for tens of thousands of cures. In fact, it is such a positive cure for indigestion and all stomach troubles that it is guaranteed by E W Mair, to cure or money back. The price of a large box of M I O N A tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.

Tenders will be received at the office of the undersigned up to noon of the second day of January next for the purchase of the County Lot and Buildings thereon situate at Upper Woodstock and formerly known as the County Court House Lot and containing about 8 acres, subject to the right of the School District at Upper Woodstock. The lowest or any tender not necessarily accepted. Dated Woodstock, N B. Sept 8th 1910.
