MR EDITOR—

Hallowe'en the evening for fun and frolic, has so degenerated that all good citizens look upon its approach with a feeling of apprehension.

For the greater part of the night lawless reigns, and the town is taken possession of by an army of boys and girls, who feel they have a perfect right to do anything their fertile brain prompts them to do.

Not only are funny jokes perpetrated but much valuable property destroyed.

Nothing is safe when this army of vandals start forth to have what they call a good time by moving tearing down and destroying everything that comes in their way. As a rate payer of the Town of Woodstock, I claim protection for my property during the coming anniversary. Surely there is some way to prevent such destruction of property as was seen the morning after Hallowe'en was last celebrated. Thanking you for your space. I remain

A Ratepayer.

CAUSE AND CURE

OF RHEUMATISM

Due to impurities in the Blood—Cured by Dr Williams' Pink Pills.

The most noticeable and immediate result of rheumatism is a marked thinning of the blood, and in no disease does it develop more rapidly. Not only does the blood become weak but it is soon filled with impurities, which the different organs of the body have been unable to throw off. One of the most harmful of these impurities is uric acid, which is formed from the waste products of the body. In health it is readily passed off by the kidneys with the help of oxygen from the red corpuscles of the blood. Without oxygen the kidneys are unable to rid the system of this acid and it is retained in the blood and distributed to all parts of the body. The weak back, pains across the kidneys and thin scanty, highly colored secretions, which follow, show that the acid is already in the blood and often leads the sufferer to think he has kidney trouble. If the disease is not driven out of the blood, rheumatism can never be cured, and the sufferer will always be subject to attacks, whenever exposed to damp or cold. With each returning attack the pain becomes more severe and complications often arise making necessary the use of habit forming drugs to relieve pain.

It is readily seen that the only way to cure rheumatism is through the blood. Dr Williams' Pink Pills afford a treatment as they contain all the elements necessary to build up and purify the blood. They increase its oxygen carrying capacity enabling the kidneys to pass the uric acid from the body and the other organs to do their work. Thus rheumatism is reached at its root and permanently cured. Dr Williams' Pink Pills are absolutely free from all habit-forming drugs, and are not an experiment as the following case will show:—Mr W Studley Lewis, Pilot Mound, Man., says:—"I am a firm believer in Dr Williams' Pink Pills and always keep some by me in case of need. A few years ago while teaching school I suffered so much with rheumatism in my arms and shoulders that I had the greatest difficulty in writing on the blackboard, and after trying a number of remedies without benefit I was almost in despair, and felt inclined to abandon teaching. But one day I happened to pick up one of Dr Williams' almanacs, and read of the cure of a number of severe cases of rheumatism through the use of Dr Williams' Pink Pills. This decided me to give the Pills a trial, and I had only taken them a few weeks when I felt much better. In the course of a few weeks more the pains and stiffness had all left me, and I had no more difficulty in doing my work. I cannot say enough in praise of Dr Williams' Pink Pills for they and they alone cured me of my rheumatism."

Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.

The many beautiful presents arrayed were evidence of the high esteem the young people were held by their many friends.

A MOTHERS ADVICE TO OTHER MOTHERS

Mrs Nicholas Breaux, Rogersville, N. B., writes:—"I can highly recommend Baby's Own Tablets to all mothers whose little ones are constipated. I gave my little girl the Tablets and they regulated her bowels and now she sleeps well, eats well, is fat and good all the time. I am really delighted with the Tablets and I always keep them in the house and as soon as my little girl becomes troubled or feverish I give her the Tablets and she is soon well again. Please send me another box for they are the very best medicine I know of for little ones." The Tablets are sold under a guarantee to contain nothing injurious to even the youngest child.
