

No one disputes the splendid quality of Red Rose Tea. Here in the East as well as in the West it is used every day in thousands of homes where its unvarying fine quality has been proven by years of continuous use.

Prices: 30c., 35c., 40c., 50c. and 60c.

WITH OUR CORRESPONDENTS

#### Youngs Cove Road

From Our Special Correspondent.

The worst electrical storm in sixty years, with wind blowing a gale and the lightning incessant, swept through here last Saturday evening, the 1st. A barn owned by David A. Ferris, of Mill Cove, was struck by lightning and totally destroyed with all its contents including hay, oats, mixed grains and potatoes, machinery, two head of cattle and one horse and no insurance. A paper is being circulated to raise money for Mr. Ferris who is a poor man, and the people are contributing very generously.

Bears are making great havoc among the sheep in this section this fall, killing quite a number at the Den.

The farmers have nearly all finished with their harvesting and report good crops.

C. E. Butford sold a valuable colt the other day to Mr. Thos. Kent, of St. George for a good sum, it being a good trotting stock.

C. H. Mott spent the first of the week in St. John, on business.

The invitations are out for a large Tea, to be given by Col. H. H. McLean, M.P., in Waterboro Hall on Thursday evening the 13th.

Fred G. Shape of Boston, Mass., is visiting his parents, Mr. and Mrs. Theo. Shreve.

Dawson, J. J. McCaskill and J. H. A. Anderson. Two Foreign Missionaries were presented at Synod. Rev. Messrs. Coffin of Trinidad and Robb of Korea. Mr. Robb is expected to visit Greenfield congregation.

Your correspondent would make reference to the fine display of horses and poultry at the so well attended County Exhibition held at Centerville. Andrew Blackie of Upper Brighton obtained \$15 prizes for poultry. Mr. Burke of Knoxford \$250 for a Percheron last Spring Colt a fine animal. John Perley secured two first prizes on horses.

He sold a Spring colt for \$60.

On Thursday the 6th inst. Robert the youngest of the Elain family, died of consumption while sitting in a chair at the door of his home. His is the seventh death of the family, father mother three sisters and one brother having previously passed from Earth's stress, strain and testings. His death is peculiarly pathetic as only one member of the family remains his eldest brother Willie who now is called upon to brace up and grapple with the problems, duties and trials of life alone. And yet he need not be alone. Our prayer is that with his inner being he may be able day by day to see by his side the infinitely capable sympathetic and faithful though outwardly unseen friend to uphold and inspire and cheer.

The funeral took place on Friday forenoon when a large number accompanied the remains to the family burying ground. Services at the house and grave being conducted by Rev. D. Fisher.

#### Tomatoes Dear This Year

Toronto, Oct. 9.—The canners and packers have sent out the quotations for the tomato trade to grocers. They are 25 per cent increase over the prices of last year. This year's rates are \$1.12 1-2 and \$1.15, according to brand. Information now in the hands of the wholesalers is to the effect that to date the pack is only 50 per cent of the amount required to fill orders. Tomatoes will retail this year at two cents for 25 cents instead of three as last year.

Local merchants find that in American centres the shortage is as great as it is here. Bears are off the market, and peas were only 35 per cent of a crop, and pack. Corn is the heaviest of the vegetable pack and reaches only 75 per cent of the amount ordered.

The frost killed off the blueberries, and the pack is away short. All the small fruit pack falls very largely below the mark.

#### GIVE BABY A CHANCE

Don't dose the baby with soothing mixtures and narcotics—they were never known to help any baby. You might just as well dose the grown-up man or woman with opium or cocaine—the result would be the same—a permanent injury to mind and body. When baby is ill give him a medicine that will cure—a medicine free from injurious drugs. Such a medicine is Baby's Own Tablets. They are baby's greatest friend. They never do harm—always good. Concerning them Mrs. Richard Mulloy, Livingston, Sask., writes: "Baby's Own Tablets should be in every home where there are small children. We gave them to our baby when he was teething and they kept him good natured and healthy." The Tablets are sold by medicine dealers or by mail at 25c a box from the Dr. Williams Medicine Co., Brockville, O. T.

#### The Biggest Elevators in the World

It is really astonishing to read about the wheat crop of Western Canada is poured each fall through the elevators of the Twin Cities on Lake Superior—Fort William and Port Arthur. Last year 43,000,000 bushels out of a crop of 125,000,000 bushels went through the big terminal elevators in eighty days. The real significance of this is made clear by T. M. Ralston in the course of a remarkable article in October Busy Man's, entitled "Pouring Grain through the Big Funnel." He points out that during the past year eight million bushels were handled by the Twin City elevators, that it required eighty nine thousand cars to hold his quantity and this involved the dispatching from Winnipeg of thirteen thousand trains of seventy cars each. The manner of handling the grain is described in interesting fashion and a description of the mammoth elevators—the largest in the world—is given.

#### G. T. P. Will Increase Operations

Winnipeg, Oct. 7.—The Grand Trunk Pacific has arranged with the Canadian Northern Railway for the temporary use of five miles of the latter's tracks, being that portion passing through this city for the purpose of connecting up with the National Transcontinental line. The new arrangement means that the Grand Trunk Pacific may operate through trains from Edmonton, Alberta, to Fort William, a distance of about 1,300 miles. The first train over the National Transcontinental Railway left last night. Four trains will be sent east during the next 24 hours.

#### Breaking the World's Tipping Record.

Canadians usually associate the custom of lavish tipping with American millionaires, believing that the latter hold the record for the munificence of their gratuities. But, as a writer in October Busy Man's points out, the record does not belong to an American but to a Canadian. An ex-cabinet minister of the Dominion, recently returned from a tour of the European Continent, left behind him an astonished and gasping procession of servants. He had presented tips to an amount that amazed these people, accustomed as they were to huge tips. And he was ably seconded, it seems, by a fellow countryman, a young multi-millionaire. Much more interesting information about tipping is to be found in the same article.

#### Will Rubber Drop?

New York, Oct. 8.—The sensational decline in the crude rubber market continues. Today up-river fine Para is selling at \$1.35 per pound. In the last six months the price of this grade of rubber has declined from \$2.90 to \$1.35 per pound, a decrease of 53 per cent in less than half a year. Even in the last month there was a drop of 50 cents per pound.

American consumers are keeping out of the crude rubber market for any large buying. They have four months followed an absolutely hand-to-mouth policy or have had such large stocks that large purchases were not necessary. A high rubber authority estimates that no considerable bulk of American rubber was bought above \$2.10 per pound, and that 75 per cent of this rubber has already passed into finished products.

#### East Bridgewater Couple Wed.

Miss Margaret Lavina Currie, daughter of Mr. and Mrs. John Currie of Central street, and John Leonard Mahan of Dorchester were married yesterday afternoon in St. John's church by Rev. E. J. Curtin. The bride's sister, Miss Lillian Currie, was bridesmaid and George Mahan, a brother of the groom, was best man. The ushers were William Swift, John Ahern, John Dunbar and Mrs. S. Dorey.

The bride was becomingly attired in white net, wore a long bridal veil and carried bride's roses. The bridesmaid was dressed in blue silk and carried daybreak pinks.

After the ceremony a wedding reception was held at the home of the bride's parents for which the young people left on a short wedding trip. On their return they will reside at 44 Tufts street, Dorchester.

Both Mr. and Mrs. Mahan are employed as telegraph operators in Boston, and both are well known in this town.

The house was beautifully decorated with autumn leaves. Mr. and Mrs. Mahan were well remembered by their friends, receiving many beautiful and useful presents.—Boston Daily Enterprise.

[Mrs. Mahan was formerly Miss Currie of Woodstock.]

#### Golf

The handicap match on the golf links, Ladies vs. Gentlemen, which was postponed on account of rain, was played Saturday last resulting in a victory for the gentlemen by the following score:

Dr. T. F. Sprague played over the golf course on Thursday last in 36 strokes, which is the record score made either by a member of the club or an outside player. The next best score was made by his son Clarence, a few years ago, who made the nine holes in 37. When it is considered that at this late time of year the course is not in perfect condition, the score made by Dr. Sprague is certainly remarkable.

#### MINNESOTA FOREST FIRE

Warroad Minn. Oct. 10.—Estimates of the loss of life in the forest fires, which started Friday, wiped out several towns and are still raging, range all the way from 50 to 200. The property loss will mount well up in the millions.

The fire zone covers an area of 85 miles in length, from the gravel pits west of Warroad to Stratton, the fourth station east of Rainey River, and in width about 30 miles covering all the territory between Rainey Lake and Lake of the Woods. The fires have wiped out the villages of Baudette, Spooner, Pitt, Myron and Malcoln, the last two named places are small settlements in Ballramine County, south of Warroad. The greatest property loss occurred at Baudette and Spooner, which is practically one settlement, being separated by a narrow river. The other towns consisted of only a few small buildings.

#### White Deer in Woods

Charlotte, Me. Oct. 3.—The remarkable sight of a once white doe and an equal white fawn is reported here. The two rare animals were seen in the woods not far from the railroad station at this place and are said to have been absolutely white, without a spot of another color upon them. Charlotte is fourteen miles from Calais.

The Indian Peter Louis who was placed in quarantine at Hillsboro as a supposed victim of smallpox, is still under detention.
