THE Woodstock Band, which has appeared in public several times lately, has made rapid strides since Prof. Hall assumed the leadership. There are many excellent musicians among the membership and several new members have lately been taken in. If the citizens will contribute something to help support the band, the town will soon have a musical organization that will make a most creditable showing. And, after all, a band is an institution that should be supported by the town. The members are not asking anything for their services and should be encouraged.

A NOTICE has been published in several New Brunswick papers to the effect that application would be made at the present session of the Legislature for an act to incorporate the St. John and Quebec Railway Company, with a capital stock of two million dollars and authorizing the company to construct a line of railway from the city of St. John through the valley of the St. John river to the parish of Andover, connecting at a point on the boundary line between the State of Maine and the province of New Brunswick, with a railway to be constructed across the State of Maine to the province of Quebec, or to some point on the line of the Intercolonial Railway in the said province of Quebec. The notice is signed by Mr. A. R. Gould, of Presque Isle, Me., who is the head of the company who successfully carried on the development of the Aroostook Falls for electrical purposes, and who has lately been at the head of the company constructing an electric railway in Aroostook county Maine.

## Illness has the Advantage

If any of the drugs in your Prescription fall short in purity or in the power to combat disease. In filling Prescriptions two things are absolutely demanded. First, that the remedies used shall be of standard strength; Second, that they shall be accurately compounded. That is the kind of prescription filling we do, and the price is always fair.
