BLOOD-POISONING FROM CUT FINGER

Serious Condition Relieved by Zam Bak.

Mr Jas Davey, of 786 Elliot Avenue, Winnipeg, says: "A few months since I was cured of a poisoned finger through the timely use of Zam-Bak. I cut a deep gash across the knuckle on the first finger of the right hand in opening a lobster can one evening. I suffered at the time with the soreness and pain but had no idea it would become a serious wound. How ever, in about two days I was greatly alarmed, as my whole hand and arm to the elbow became inflamed, and the finger was much discolored, showing signs of blood poisoning. The pain was dreadful and I was forced to leave off my work and go home.

The wound on the knuckle had been poisoned through the dust and dirt about furnaces and boilers. I then decided to start the Zam Bak, treatment, and having first bathed the cut, I replied the healing balm. It soothed the pain almost instantly and by the next day there was a great improvement. In a week's time, through perseverance with Zam Bak, a complete cure was brought about."

Scores of similar cases could be quoted, and the wisest precaution is to keep a box of Zam Bak handy and apply it immediately cut, or burn, or bruise is sustained.

Zam Bak will also be found a sure cure for coldsores, chapped hands, frost bite, ulcers, eczema, blood poison, varicose sores, piles, scalp sores, ring worm, inflamed patches, babies eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All drug stores and stores sell at 50c box, or post free from Zam Bak Co Toronto upon receipt of price. Refuse imitations and substitutes.
