WORD has been received here of the death at Boston on March 11th of Mrs. Bessie Watts Grosse. The deceased lady belonged to this city and was a daughter of the late Wm. Watts, Jr., in his day a well known harrister in this city. Messrs. Jas. and Samuel Watts, who founded the Carleton Sentinel at Woodstock were uncles of the deceased.—Fredericton Gleaner.

W. H. LONDON had a close call on Saturday evening. He was driving home on the river and reached town about nine o'clock. When opposite Queen Street his horse got off the beaten track in the dark and broke through the ice. Mr. London succeeded, after a hard struggle, in getting out on the ice, when he called for help, which was soon at hand, and the horse was rescued. The pug, robes, etc., were lost, but Mr. London hopes to recover them after the ice goes out. It was a narrow escape.

THE boat house and carpenter shops belonging to Geo. E. Armstrong of Perth were completely destroyed by fire Monday morning. The origin of the fire is not known. Between one hundred and fifty and two hundred men fought the fire, but the building being out of range of the town hose it was impossible to save it. Mr. Armstrong who is one of New Brunswick's best known guides, used the house for the manufacture of canoes in connection with his guiding business.

REPRESENTATION having been made to Mayor Jones by the ministers of the town, that the play "The Holy City," billed for Monday evening next, in the Hayden-Gibson Theatre, was of a character obnoxious to all pure minded citizens of the town, a special meeting of the council was called on Monday evening, and a committee consisting of His Worship Mayor Jones and Ald Ketchum and Fisher, was appointed to interview the management of the Hayden-Gibson Theatre, and see if some steps cannot be taken to have the contract cancelled.

Illness has the Advantage

If any of the drugs in your Prescription fall short in purity or in the power to combat disease. In filling Prescriptions two things are absolutely demanded. First, that the remedies used shall be of standard strength; Second, that they shall be accurately compounded. That is the kind of prescription filling we do, and the price is always fair.

Carleton Mining Co.

Will Sell Limited Amount of Stock at 25c per Share.

The Carleton Mining Co. intend, in about six weeks, to begin taking out ore to ship. They have now about 10 tons of good shipping ore ready and a car will take 30 tons.

Now one car load will bring \$1500, (fifteen hundred) at the least and which at the outside will only cost about \$500 to mine, ship and have treated. This will give us anyway about \$1,000 clear profit.

We are going to put a house on the ground and have a steam drill so the men will have no trouble to make good time.

Now this vein has been proved rich in gold, silver, lead and copper by three of the best experts in the world and by assayers who have tested it.

What we purpose doing is to sell \$1000 (one thousand) worth of stock in order to get some money at once to have a house put on ground and to get our drill and have things all ready for work as soon as the snow goes off.

This stock will be sold for 25 cents per share. The \$1000 will start it paying back money and the people who buy will not have to wait 4 or 5 years for returns with big interest.

Now if you have a few dollars not in use, do not wait until the car starts for you may not get this chance again at \$1.00 per share. We have had several offers made to us for our proposition but if we can get enough to ship our first car it will pay us big money to work it ourselves and we will not have to let outside parties make themselves rich on what is for us.

The following directors of the Company will be pleased to receive payment for stock: Hon. W. P. Jones, Dr. P. T. Kierstead, E. L. Greer, N. S. Dow, H. G. Noble, J. J. Rogers or Arthur Gibson. We have authorized John McDougall to sell \$1000 worth a 25c. per share. The ore is on exhibition in his window.

THE CARLETON MINING CO., LTD.
Woodstock, Feb. 21, 1910.—tf.
