**St John Dominion Exhibition Will Represent Canada From East to West.**

At the Dominion Exhibition in St John, N B, visitors will be treated to an array of exhibits surpassing by long odds the industrial display seen at Maritime Provincial fairs for a quarter century back and closely approaching the great Toronto Exhibition itself. Already scores of applications have been received from manufacturing concerns in Toronto, Montreal, Ottawa, Hamilton and other points west, as well from notable American establishments. It will be somewhat familiar and exceedingly interesting to come in close contact with the exhibits, personal representatives and demonstrators and goods which most eastern folks see advertised extensively in magazines and the national press. Aside from this, the national character of the exposition will bring with it a large number of displays usually seen at the official fairs of the Dominion Government which distinction St John will enjoy this year. Spurred to special effort because of these conditions, St John, New Brunswick, and Maritime Provincial manufacturers and others are planning upon making extensive displays, and the St John Board of Trade is putting forth a great deal of effort towards the same end. During the last few weeks prior to Dominion Exhibitions, a great number of smaller exhibitors, entertainment promoters, exhibition "camp followers," etc., will arrive on the scene.
