Make Washing Easier

You can do a big washing with half the trouble if you use Taylor's Borax Soap. It whitens, cleanses and sweetens the clothes, saves boiling and *will not shrink wool*, while the things *look better and feel nicer* than they ever did before. Wash your things in the Taylor way.

TUB TALK No. 1

First get some Taylor's Borax Soap (1 cake will be about enough if you have been accustomed to using 2 of the ordinary kind). Do the woollens first because they take longer to dry. Make a strong suds, using lukewarm water, and put in the flannels. Let them soak for a few minutes, then rub gently by hand. *Don't rub the soap on the flannels and don't use a wash board.* Rinse in lukewarm water, wring out and dry as quickly as possible. Woollens washed with Taylor's Borax Soap never *shrink, feel softer and look better.* 5c a cake at all grocers'. Try one. It softens the water and won't hurt your hands.
