D. J. Bruce Killed In Election Squabble

Campbellton, Sept. 22.—Campbellton is to-day mourning for one of her most respected citizens, Mr. D. J. Bruce, who died at an early hour this morning as a result of a blow struck him by Dr. W. W. Doherty. The townspeople are so shocked by the sudden tragic termination of one of the most sober and quiet elections ever held in Restigouche, that it is hard to get the facts. It appears that Mr. Bruce and Dr. Doherty were in a somewhat heated argument, beginning about political matters, Mr. Bruce being a prominent Conservative, while Dr. Doherty is a Liberal, when a very personal matter respecting Dr. Doherty was touched upon thereon he is said to have stabbed at Mr. Bruce with an umbrella. The weapon pierced the unfortunate man's eye and it is supposed that it injured the brain. The injured man was rushed to Hotel Dieu Hospital when everything possible was done and he was then removed to his home where he expired at 6 o'clock this morning.

Dr. Doherty immediately after the assault was arrested by Chief Hughes. An inquest is to be held this afternoon. A widow and two children, one son and one daughter survive. Deceased was a native of Prince Edward Island and was an active temperance and church worker, who during his sixteen years residence here has won the esteem of all. Mr. Bruce is a well known tailor and was at one time a resident of St. John. He was an active curler and a good citizen.—St. John Globe.

FORT FAIRFIELD, MAINE

Have seen no items from this place for some time in your paper. Aside from Reciprocity the most vital question each day is price of potatoes per barrel. Prices range from \$1.75 to \$1.90 today. One load of eighty barrels arrived in town today, drawn by two horses.

People here generally are satisfied with result of Canadian elections. Many farmers were alarmed thinking the price or value of their farms would slump if Reciprocity carried.

We have been having excellent weather for the farmers to finish their potato crop.

Miss Hazel Ryder, Western Union Operator, returned from her vacation in Yarmouth, N. S. Wm. Alley, who relieved her, left for Houlton the following day.

Miss Walsh arrived from St. Leonards on Saturday. She has secured a position with French Bros.

FOR ECZEMA

A Treatment that is Guaranteed to Give Relief

Eczema is parasitic in nature. It is said to be a contagious disease. Until the parasite or germ hidden in the skin is completely destroyed and removed, eczema cannot be cured. Fully one-third of all skin disease is in the form of eczema. It affects persons of all ages and classes. It is very prevalent among people between the ages of 20 and 40.

We unhesitatingly guarantee to return every cent paid us for Rexall Eczema Ointment in every case where it fails to give entire satisfaction. It possesses remarkable cleansing, antiseptic, healing and curative power. Its great value is very pronounced in the treatment of eczema, whether of the dry, scaly sort or of the weeping type, where there is a constant flow of an ill-smelling excretion, or of the other intermediary forms, such as ringworm, acne, pimples, blotches and discolorations.

Rexall Eczema Ointment is very useful in treating ulcers, sores, wounds, insect bites, nettle rash and hives. It is particularly recommended for the treatment of children who are tormented with itching, burning, and disfiguring skin disease. We urge you to try a box at our risk. Your money waits you if you are not satisfied with the treatment. Two sizes, 50c. and \$1.00. Remember, you can only obtain Rexall Eczema Ointment in this town at our store—The Rexall Store. E. W. Mair.

TEMPERANCE VALE

Election is over and everything is quiet again with greater prospects of prosperity for our country.

Head Of American Trust Predicts Drop In Sugar

Boston, Sept. 23.—That sugar will be cheaper within a fortnight, is the prediction of Edward F. Atkins, vice-president and managing director of the American Sugar Refining Company. In a statement issued here Mr. Atkins, says: "The domestic beet sugar crop of the west is just commencing and in two weeks deliveries will be made. This crop is estimated at 530,000 tons. The Louisiana crop estimated at 325,000 tons, will come on the market the 1st of November. These two sources will furnish a supply sufficient to provide for all requirements until the new arrivals from Cuba January 1st."

328 Drowned In New England Waters This Year

Of This Number 161 Were Bathers, While 114 Fell from Boats

Boston, Sept. 23.—The waters of New England claimed 328 victims by accidental drownings during the summer season which ended to-day. Of this number 161 bathers went to their deaths

while enjoying the cooling effects of a swim during the hot weather, 114 fell from boats and lost their lives and the unusually large number of thirty-four persons slipped from insecure places bordering inland waters and the ocean and were drowned.

Young King Alfonso's Monarchy Is Threatened

As a result of the serious riots in Spain, Senor Jose Canalejas, the Premier, has proclaimed martial law in the larger cities. A plot to assassinate General Weyler, Captain General of Catalonia, has been unearthed, and from London comes the news that it is the general opinion there that King Alfonso's government will soon fall. The last time martial law was declared in Spain was in the summer of 1903, when the efforts of the government to put down the revolutionary outbreak culminated in the trial and death of Francisco Ferrer at Barcelona. The trouble, which began at Barcelona, was caused by popular opposition to the Spanish campaign against the Riff tribesman in Morocco.

Bad Blaze

Fire early Monday afternoon destroyed the Hall Block and store house on Kendall street besides doing considerable damage to the storehouses in the rear of the block and adjoining prop

erty. The alarm was rung in at 1.45 p. m. and the firemen found they had a hard fight, for the ware-house of the G. A. Hall Co., was afire besides the Smith Bros. store house. The fire was fierce for the first half hour and it was with difficulty that Clark's Hotel and the buildings west of the Hall Block were saved.

The newly repaired Webber and Abernethy block managed to escape the flames through the good work on the part of the firemen. Except for damage by water, the building is undamaged.

If the fire had once gained head way it would have been one of the most disastrous conflagrations in the history of the town.

Numerous causes for the fire have been reported but nothing definite is yet known.

The Losses: G. A. Hall, Co., store house, block, and stock, \$10,000, partial insurance. S. Newhouse & Son, \$2800, partial insurance. B.S. Green, stock in Webber storehouse, \$4000, insurance \$500. Smith Bros., stock in storehouse, \$1000, insurance \$700. Lane & Pearce, stock in storehouse, \$500, insured. R. L. Turney Co., stock in storehouse, \$400, insured. West End Drug Store, smoke and water, loss covered by insurance. Fox Bros., fixtures stored in Hall storehouse \$400, no insurance.—Aroostook Pioneer.

BATH

The Rev McLennan preached to a large congregation here last evening. The Baptist Circuit here has engaged him as the regular pastor.

John Farley Esq., of Woodstock was a caller here on Saturday.

Mrs. Gilbert F. Giberson has moved to his old stand in the new finely built residence where he is prepared to care for the travelling public and trusts to get a share of the patronage as an Hotel. Mr. Giberson has been twice burned out and rebuilt on same site each time within the last three years.

The community was saddened to hear of the death on Sunday morning of Mrs. Hamilton Giberson wife of the proprietor of the Exchange Hotel. Mrs. Giberson while attending strictly to the household duties of an Hotel had but little time to herself to devote to her friends who are many. She leaves a husband and grown up family who will greatly miss her.

Dr. Esgate of Lowell made a visit this week to the home of his wife's grand Parents here Mr. and Mrs. Geo. Milbury.

Mrs. Stephen Barker arrived home last week from a visit to her daughter's in Lowell Mass. She was accompanied by her daughter Mrs. Eugenia Peters.

To Refute Darwin Theory

Paris, Sept. 16.—The gay city has a new wonder. All Paris is rushing out to Montreuil to gaze in amazement at two trees. One is a peach tree and it is bearing almonds. The other is an almond and it is bearing peaches.

These botanical marvels are the work of Profs. Armand Gauthier and Henri Poincare, who purposely made these cross grafts in experiments on evolution.

In describing their experiments and the results to the French Academy of Sciences the professors refuted a long recognized Darwinian theory in evolution. They claim that nature does not proceed to evolve new species by long and gradual transformation, but on the contrary proceeds by bounds. Variation of species, they say, is dependent on accidental or intentional grafting, and they point to the trees in proof of their contention.
