TEMPERANCE VALE

The past week has been a reminder that fall is upon us for sure, but we look for some warm weather yet.

The farmers are digging and shipping large quantities of potatoes from Millville.

Mrs. George Pinder and Master Edison spent part of last week at Pokioik visiting Mrs. Pinder's parents, Mr. and Mrs. Nehemiah Gilman.

Miss Ebbett of the Barony, was the guest of Rev. A. A. and Mrs. Rutledge during the last week end.

Miss Ingraham, of Southampton, was the guest of Mr. and Mrs. Claude MacDonald Friday and Saturday of last week. While in the village she paid the school a visit, renewing old acquaintance with a number of the scholars.

Miss Zella Bradley is spending some time with her aunt, Mrs. Allen Corey.

Invitations were received for the recital given by Mrs. Adney with her pupils the 27th ult. The invitations were given by Miss Mary Ingraham of Southampton, who was to take part in the recital.

D. W. Brown of Fredericton, arrived last week to supervise the grading on the new line of railway being laid through this place. Mr. Brown is

boarding at Claude MacDonald's. Miss Chase of Truro, N. S., has charge of Mrs. G. A. Bartlett's Millinery Rooms.

These are good days for hunting game and many of our youth are taking advantage of it.

Many of the scholars here have seen Brook's Comet and although it is not as bright as Haley's of 1910, yet it is quite visible.

Alexander McLeod of Lincoln, is the guest of his brother, Geo. McLeod.

Mr. and Mrs. Medley McElwain have moved into their residence lately vacated by Geo. McLeod.

Mr. and Mrs. Amber McElwain have recently been visiting friends in Fredericton and Taymouth. While in the city they attended the Exhibition.

Smallpox Suspected School Are Closed

NEWCASTLE, N. B., Sept. 28.—There is a case of suspected smallpox in a family named Young at Douglastown and the schools there have been closed. Dr. Pedolin discovered the case last evening and reported to the county health authorities. Drs. Loggie and Duffy, who had previously examined the patient had pronounced the case chickenpox.

An excellent agricultural show was held at Renous yesterday under the auspices of the Derby Agricultural Society. The display of live stock and horses was pronounced by the judges as the finest ever shown in the northern counties.

WHY HE STARED

"Can't understand that chap over there," said the conceited Roberts. "He's been staring at me for the last ten minutes. Look at him."

The man in question still continued to stare hard until Roberts grew so curious he could stand it no longer.

"Why do you stare at me like that?" he inquired. "Are you admiring my classical nose? Or do I remind you of some dear one who has departed from this life?"

"No. It's like this," replied the stranger. "My wife has always told me that I'm the ugliest man on earth, and, by Jove, if she could see you I bet she'd change her opinion!"

What Caused The Warship Disaster?

PARIS, Sept. 28.—The Paris Midi affirms to-day that absolute differences of opinion exist between Vice-Admiral Bellue and Minister of Marine Delcasse as to the cause of the explosion that destroyed the Liberte. The Admiral who commanded the second squadron, to which the battleship belonged, maintains that the disaster was due to decomposition of the powder in her magazines. M. Delcasse refuses to accept that explanation.

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should be a Warning to Every Man and Woman

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others. Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, E. W. Mair, Woodstock.

The head of the Department of Mines of West Virginia estimates that about one-half of the population of that State is dependent, directly or indirectly, on the coal industry for support. There are employed in and around the coal mines about 75,000 men and boys. These employes and those dependent upon their labor, it is estimated, will aggregate approximately 300,000 people. Adding to these the merchants, teamsters, railroad men and others engaged in handling coal, the Department of Mines figures that 600,000 persons are depending on the coal industry for a livelihood.

\$3,600

in Cash Prizes for Farmers

Your Photograph May Win a Prize

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, failing this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the

neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly.

Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Contest Circular and book.
