THE COUNTESS De SWIRSKY.

"The Countess de Swirsky possesses the most musical body in the world," is the verdict of Arturo Toscanini, leader of the New York Metropolitan Opera House Orchestra. This has been confirmed by a number of other celebrated artists who have expressed their admiration of her beauty and talents in marble and bronze and on canvas. Prince Troubetsky, of Paris, has made two wonderful statuettes, in bronze, of the Countess. One of them is on exhibition at the Chicago Museum of Arts and the other is in the Modern Art Gallery of Rome, Italy. Tozzi, the famous Italian Portrait Painter, has painted two very remarkable canvases of her, and the sculptor, Peary, of New York, has made a marble statue of her. The Countess de Swirsky will appear in a repertory of classic dances at the Hayden-Gibson Theatre on Tuesday Oct 31st. The Countess carries with her a special orchestra.

DEAF AND DUMB SCHOOL

Mr. Fearon, Principal of the School for the Deaf at Halifax, would be grateful to any persons who would let him know the names and addresses of the parents of any deaf children who may reside in their neighbourhood. There are throughout the Maritime Provinces many children, not totally deaf, but yet so hard of hearing that they cannot take due advantage of the instruction offered in the ordinary hearing school. Such children should be sent to the school in Halifax where their speech as well as their hearing would receive the most careful attention and be improved. This school offers free board and education to all deaf children in the Maritime Provinces, the parents being only called upon to provide clothing and pay the travelling expenses.

The man who puts up your medicine is the man who guards your health.

The result of medical treatment depends largely upon the quality of the medicaments, and the manner in which they are prepared. It is the man who puts up your medicine that guards your health. On his knowledge of drugs, his care in the selection of them, and his skill in compounding, your health depends.

Bring every prescription direct to us and be safe that it will be compounded with the right ingredients and as the doctor wishes. The results that follow its use are those to be expected by the doctor.

TOO LITTLE BLOOD

The Cause of Nearly All the Everyday Ailments of Life

Too little blood—that is what makes men and women look pale and sallow and feel languid. That is what makes them drag along, always tired, never real hungry, unable to digest their food, breathless and palpitating at the heart after slight exertion, so that it is wearisome even to go upstairs. Doctors tell them that they are "anaemic"—the plain English being too little blood. If your face is pale or sallow, if your gums are pale instead of being scarlet; if you are easily tired and frequently despondent; if you do not relish your meals, and small matters irritate you, it is a sign that your blood is thin and watery and that you are on the verge of a complete breakdown.

More weak, anaemic people have been made strong, energetic and cheerful by taking Dr. Williams' Pink Pills than by any other means. They actually make new blood, which reaches every part of the body, braces the nerves and brings new health and new strength. The case of Miss Nellie Welch, Essex, Ont., is proof of the great curative powers of Dr. Williams' Pink Pills. Miss Welch says: "A few years ago I was going into what my friends believed to be a hopeless decline. I was subject to severe headaches, had no appetite, was pale and grew distressingly weak. I tried several doctors, some of whom we counted the best in this part of the country, but they failed to help me. At last my heart grew so weak and I was so nervous and thin that I had to take to my bed and the doctor held out but little hope for my recovery. Like others I had often read of Dr. Williams' Pink Pills, and though the doctor opposed my taking them I determined to give them a trial, as I felt I might as well be dead as to be living in the misery I was in. In a month after beginning to take the pills I was up and around again, and steadily growing stronger until I was again enjoying the blessing of perfect health. Several years have since elapsed and my health has been the very best. It is therefore with great gratitude that I write you in the hope that my experience may be of benefit to some other sufferer."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Wedding Anniversary

Mr. and Mrs. S. H. Nixon of Lower Brighton were completely surprised, on the evening of Oct. 7th, when a number of relatives and friends came trooping into their home to celebrate the twentieth anniversary of their wedding day. An exceptionally delightful evening was spent, one especially pleasant feature being a big old fashioned oyster stew supplemented by various other good things, which the party enjoyed in full measure.

After supper Mr. O. R. Estey, in a neat speech tendered the company's congratulations to Mr. and Mrs. Nixon and concluded by presenting them with a substantial looking roll of Bills, being the combined gifts of the party.

At 11 p. m. the company dispersed all voting the evening a very happy one and hoping that all might live to celebrate Mr. and Mrs. Nixon's Golden Wedding Com.

Idiotic Inquiries.

(Addressed to the propounder of the question: "How much wood would a woodchuck chuck if a woodchuck would chuck wood?")

How much good could a hoodoo do If't were hoodoos who do good?

What size shoes do Jew crews choose

When Jew crews go on cruises?

If a saw-horse saw what a sea-horse sees Would a sea-saw see what a wood-saws?

Bill with a bill-file filing bills— Bill may file for a long, long while, But who can guess at the size of the pile Bill with his bill-file Will file?

If a hobo's hose have holes in the toes, And the hobo's nose is the color of a rose, And the hobo hoes where the goober grows,

Why do you s'pose that nobody knows How many rows the hobo hoes?
