DENTISTRY.

PAINLESS EXTRACTING A SPECIALTY

Office Cor. Main & Queen St

The man who puts up your medicine is  
the man who guards your health.

The result of medical treatment depends largely upon the quality of the medicaments, and the manner in which they are prepared. It is the man who puts up your medicine that guards your health. On his knowledge of drugs, his care in the selection of them, and his skill in compounding, your health depends.

Bring every prescription direct to us and be safe in that it will be compounded with the right ingredients and as the doctor wishes. The results that follow its use are those to be expected by the doctor.

BABY'S OWN TABLETS CURE  
SUMMER COMPLAINT

Babys Own Tablets should be kept in every home where there are babies or young children. At no time of the year is a baby in such danger as in summer. At the first sign of illness the Tablets should be given to the little one, for summer complaints come on so quickly that unless prompt aid is at hand baby may be beyond help in a few hours. The tablets never fail to relieve the sick child, and if occasionally given to the well child will keep him well. Mrs Desira Martin St. Denis Que. writes: I have a baby three months old who suffered from colic and constipation. Castor Oil was of no held at all, but Baby's Own Tablets speedily cured him and now I always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams Medicine Co., Brockville, Ont.
