Resolution re Immigration Adopted at Annual Meeting of the Board of Trade

4th. December, 1911.

Whereas now New Brunswick has received but a small fraction of the immigrants which are pouring into Canada each year, the great majority of whom go West;

And whereas this condition of things is due in part to the liberal expenditure made by the Federal Government and the Transportation Companies whose efforts have been almost entirely concentrated on advertising and netting the West;

And whereas this Province by reason of the wonderful fertility of its soil, the high development of its transportation facilities, its advanced social system, its geographical advantages with relation to the sources of immigration and the markets of the world, offers to the agriculturalist and home-seeker advantages unequalled in any other Province in Canada;

Therefore be it resolved that this Board of Trade urge upon the local Government the need of putting into operation a more comprehensive and aggressive plan to secure in greater numbers a desirable class of agricultural immigrants for this Province; that the desirability and justice of seeking substantial aid and co-operation from the Federal Government in this plan be strongly advised; that an effort be made to secure the active co-operation of the great transportation companies in this movement.

Be it further resolved that a copy of this resolution be sent to all members of local Legislature; that a copy of this resolution be sent to all Boards of Trade and similar bodies in New Brunswick, with the object of securing their active co-operation in the movement, and thus obtain a definite expression of public opinion on this important question.

Pleasant Social Event

One of the most enjoyable entertainments given this season, was the tea given Thursday afternoon at the residence of Dr. W. J. Weaver when Mrs. Weaver and Mrs. Arthur A. Shute received their lady friends. Mrs. Weaver was charmingly gowned in pink satin, with crystal trimmings and Mrs. Shute wore a very pretty dress of blue satin with crystal ornaments. O'Brien's Orchestra was stationed in the library and discoursed sweet music throughout the afternoon. Miss Cunningham showed the guests to the dining room which was lighted with candles. The decorations of the dainty appointed table were pink and green, quantities of pink roses and smilax being used together with the beautiful cut glass and silver. The effect was very charming. Mrs. W. H. Steeves and Mrs. O. H. Sharp presided at the table and were assisted by the Misses Grace Winslow, Kathleen Balloch, Stella Sherman and Valerie Steeves. Mrs. Lewis Bliss served the salads and ices assisted by Miss Tabor.

A Statement of Facts Backed by a Strong Guarantee

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Rexall Remedies in Woodstock only at our store—The Rexall Store. E. W. Mair.

Actual Starvation

Facts about Indigestion and Its Relief that Should interest You

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity

of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. E. W. Mair.

A Dollar's Worth That Is Worth While

Few papers on the continent hold the place in the confidence and respect of the people that the Weekly Globe and Canada Farmer, with its Illustrated Magazine Section, does today. For three score and seven years it has been accorded the foremost place among the metropolitan weeklies of Canada. Not satisfied with this, the enterprising management that has made The Daily Globe one of the leading newspapers on the continent has increased the size of the Weekly Globe and Canada Farmer and added several new writers to the staff in order that it may keep pace with the progressive spirit that is permeating our urban and rural population.

The mail service and great distances make it almost impossible for a large portion of the people to get the benefit of the splendidly equipped news and telegraph service of The Daily Globe.

By this addition to the staff and enlargement of the paper, the management of the Weekly Globe and Canada Farmer hope to compensate those who must be satisfied with a paper once a week by giving them all the week's news in a brief and comprehensive form thereby increasing the paper's usefulness, interest and educative value.

In order to get more people acquainted with it in its new form the publishers of the Weekly Globe and Canada Farmer are giving those who subscribe for one year before the 31st of December, 1911, a copy of "Daddy's Girl," which was described in these columns last week. A sample copy of this beautiful picture may be seen at this office, and arrangements made for your subscription.

School Teachers Needed in Saskatchewan

TORONTO, Dec. 7.—Hon. A. J. Calder, Minister of Education in Saskatchewan, is in the city. He says there is a serious lack of teachers in the west, and that no matter how many they secure they were constantly going into other vocations. Regarding bi-lingual schools he said that in all foreign speaking settlements the school trustees were allowed to have the native language of the people taught to the pupils for a half hour each day. For all the rest of the day, he said, English must be taught. It is often difficult to secure teachers who know the language of any of the foreign settlers.
