## The man who puts up your medicine is the man who guards your health.

The result of medical treatment depends largely upon the quality of the medicaments, and the manner in which they are prepared. It is the man who puts up your medicine that guards your health. On his knowledge of drugs, his care in the selection of them, and his skill in compounding, your health depends.

Bring every prescription direct to us and be safe that it will be compounded with the right ingredients and as the doctor wishes. The results that follow its use are those to be expected by the doctor.

Miss Helen Shaw leaves on Thursday for Boston and on the following Monday she will start for Riverside, Cal., where she will spend the winter with relatives.

Miss Jessie Young, who has been visiting relatives and friends in Bangor for three months, has returned home.

## A Talk On Rheumatism.

Telling How to Cure This Painful Malady

This article is for the man or woman who suffers from rheumatism who wants to be cured, not merely relieved—but actually cured. The most a rheumatic sufferer can hope for in rubbing something on the tender, aching joint, is a little relief. No lotion or liniment ever did or ever can make a cure. The rheumatic poison is rooted in the blood. Therefore rheumatism can only be cured when this poisonous acid is driven out of the blood. That's why rubbing and liniments and outward applications are no good—they can't reach the cause in the blood. Any doctor will tell you this is true. If you want something that will go right to the root of the trouble in the blood every time take Dr. Williams' Pink Pills. They make new, rich blood which drives out the poisonous acid and cures rheumatism to stay cured. This is a solemn truth which has been proved in thousands of cases, and the following is a striking instance. Mrs. W. H. Elnor, Sarnia, Ont., says: "I feel it my duty to recommend Dr. Williams' Pink Pills as they completely cured me of rheumatism after I had been almost an invalid for three years. I doctored with two skilled doctors and took electric treatment, but without benefit. On going to a third doctor he recommended mineral baths as the only thing that would help me. After taking this treatment for some time I felt that I was really growing worse instead of better, and I began to think there was no cure for me and that I was doomed to be a helpless sufferer. For some months I discontinued all treatment and then I was advised to try Dr. Williams' Pink Pills. After taking a few boxes I could notice a distinct improvement, and I continued taking the Pills for several months when the cure was complete. That is some two years ago, and I have ever since been perfectly free from the trouble. I would therefore advise anyone afflicted with rheumatism to take Dr. Williams' Pink Pills, as they certainly made a remarkable cure in my case."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Catching Monkeys

In the Philippine Islands, the natives catch monkeys in a curious way. The monkeys are fond of the meat of coconuts, which grow as plentifully there as apples do in our country. They are lazy, though, about gnawing through the outer bark, and will only do so when exceedingly hungry. The natives take advantage of their greed and indolence by cutting a small opening through the shell, just large enough for Mr. Monkey's long, thin hand to penetrate. When he once gets inside, he gets his hands full of delicious, dainty meat, and his hand is naturally wider in this act than when it entered. Finding his hand will not come out, the monkey chatters and scolds, plainly showing his indignation at the way he has been trapped, but never thinks of loosening his hold on the coconut and withdrawing his hand as easily as he puts it in. There he stands, an angry monkey, until the man who set the coconut trap comes and takes him captive.

### Mrs. Alexander Chapman

Mrs. Alexander Chapman died at the home of her daughter, Mrs. Robert Littlefield, Portland, Me., aged 60 years. She leaves four sons, George of Vancouver, Fred of Plaster Rock, and William and Ralph of this town; and three daughters, Mrs. C. A. Beringer, Halifax, N. S., Mrs. Robert Littlefield, Portland, Me., and Mrs. Warren London, Aroostook Junction. The funeral was held from the United Baptist Church, here, on Wednesday, conducted by Rev. W. H. Johnston of Jacksonville. The pallbearers were H. E. Burt, C. R. Watson, C. B. Snow and F. L. Atherton.

### A Liberal Offer

We Guarantee to Relieve Dyspepsia If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on your own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. E. W. Mair.
