Start Spool-Wood Mill At Ludlow

A new spool-wood mill is soon to be in operation at Ludlow, near Boiestown. The mill is to be the property of the Anderson Furniture Company interests.

A crew of men have already been at work on the new buildings and a cook house, sixty feet long by 30 feet, has been about completed. Work on the large mill and several other buildings are to be started at once. A crew of fifty men will be employed.

Emperor William Suffers From Cold

BERLIN, Nov. 16.—Emperor William has cancelled the hunting trip in Silesia upon which he had intended to start

last evening. The reason given is that he is suffering from a slight cold, regarding which, however, those near his majesty speak in the most reassuring terms.

New Steamship Line

London, Nov. 16.—The Times' Amsterdam correspondent telegraphs the proposed new steamship line between Europe and Canada is not being financed by the C. P. R., but by Dutch and French bankers, who have purchased two ships from the C. P. R.

Mrs. Thomas Neals, who has been visiting in Grand Falls for some weeks, the guest of the Rev. D. Haviland and Mrs. Haviland, has returned home.

Town Council

The Friday meeting of the Council was attended by Mayor Ketchum, and Couns Jones, Gibson, Bailey and Mair. Only routine business was transacted. The usual bills coming from the finance committee, and the monthly salaries, were ordered paid.

Coun Mair stated that the committee had investigated the tax question of Mrs. Ella Lindsay and found that she was allowed \$212 by the town in 1910, for the retaining wall near her property, which amount was to be credited to her in payment on her taxes until the amount was used up.

Moved by Coun Mair, seconded by Coun Jones, and passed, that the question of an automatic flush tank in the sewer to connect with the new Hospital, be left to the sewer committee with power to act.

Moved by Coun Jones, seconded by Coun Gibson, and passed, that if the water committee so decide, it has power to secure an expert from the McDougall Company to examine the water works pump.

From the remarks of Couns Bailey and Mair it appears that the pump cost \$8,000; that the town has had more or less trouble with it since it was installed; that Supt. Fields should be present when the expert examines the pump, so that he can thoroughly look over it; that with the stand pipe full of water and 11 streams running, the pump should keep the stand pipe full; that at the fire this morning, with the stand pipe full and only several streams running, the stand pipe was lowered one-half showing that the pump was not doing its duty.

E. J. Potzenham, manager of "The Busy East," addressed the board, saying that it was the intention of the magazine to boom Woodstock in the March number; the idea was to have a good view of Woodstock on the cover; there will be a historical sketch of the town, with an article pointing out the advantages of the town from an educational, social and industrial standpoint; that it would cost the town \$50 for the article and 8c a copy for 1000 or more copies; that the magazine now issues 4000 copies, regularly 1000 going to the old country. The council will deal with the matter later.

Presentation to Rev. C. S. Young

A very enjoyable evening was spent Nov. 13th., at the home of Thomas Forrest. Over a hundred men, women and children, assembled and gave a farewell party to their pastor C. S. Young.

After the singing of several hymns, refreshments were served. Then followed the address and presentation by Rev. Allen Tedford. After speaking length Mr. Tedford presented to Mr. Young a dress suit case and a pair of gauntlets to which the receiver replied in a few well chosen words. He said he was pleased to see so many present, especially the children as they are the future builders of Carleton County. He further said he never saw a greater interest taken in school or in church work than there was by the children present. Then he referred to the parents responsibility in the home, "as the hand that rocks the cradle, often leads into the loftiest of all vocations."

Mr. Young closed his remarks by thanking the people for their kindness and support in many ways during his pastoral care over them, and hoped he would be followed by their best wishes as he goes to his new field of labor. Addresses were also given by Rev. Judson Corey and Deacon E. A. Britton, Mr. Corey, who moved to Knowlesville, a part of Windsor circuit is to be Mr. Young's successor. Mr. Corey had charge of parts of this circuit when Mr. Young first came, but was not a member of the Baptist Association. During the year Mr. Corey was ordained and is now a member of the Association and as Mr. Young is leaving Mr. Corey will have charge of the whole circuit. The evening was brought to a close by singing, "Blest be the Tie that Binds."

Mr. Young is to become pastor of the Plaster Rock circuit, and will begin work there Nov. 19. All join in wishing him much prosperity in his new field of labor.

Miss Helen Bull is visiting in Grand Falls, the guest of the Rev. Douglas Haviland and Mrs. Haviland.

For The Consideration Of Our Farmers

The following remarks by the Washington Post contain a lot of solid facts, that if heeded, would materially affect the "high cost of living" problem that we are all trying to solve.

"The American farmer has been living on capital for centuries, and even at this advanced period he grows one blade of grass where he should grow ten. That wheat at \$1.20 a bushel was grown on land that with the same labor should have yielded three bushels for every one it did yield, and the same is true in even greater degree of every other grain crop.

"Beef cattle command seven cents on the hoof simply because soil, that with intelligent and provident management would produce meat and bread for millions, is allowed to grow limitless crops of noxious or worthless weeds that steal from the farmer his capital, fertility.

"There should be in American farmyards ten hens and ten broods of chickens where one hen and chickens now have to scratch for a precarious living. Where a case of eggs should be sent to market a dozen eggs are sent to feed the despised and ignominious 'consumer.' An artificial condition has been brought about that makes thriftless farming profitable. It will not long prevail. The farmer will wake up some fine day to realize that his acres are too broad and his tillage too slovenly. Half the seeds planted are defective, and possibly one fourth of them impotent.

"We want better farmers and better farming."

Death at the Barony of Mrs. John Anderson

The death occurred at her home at the Barony on Monday of Mrs. Anderson, wife of Mr. John Anderson, ex-M. P. P. She had been in delicate health for some months and her death was not a matter for surprise. She was formerly Miss McKeen of Tripp Settlement and was in her eightieth year. She is survived by a sorrowing husband now in his 90th year, and family of four sons and one daughter. They are William of Vancouver, Robert of St. John, John and LaBarron and Mrs. Clarence Haugh at home. Mrs. Harry Tibbits, Mrs. William Currie of Andover and Mrs. George Hagerman of Scotch Settlement are stepdaughters. The deceased was a lady possessed of a most kindly and loveable disposition and was held in the highest esteem by all who knew her. The heartfelt sympathy of many friends will go out to the bereaved husband and family.

Mail.

JONES-LINDSAY

A. E. Jones for several years at different times mayor of Woodstock, and Mrs. Ella Lindsay, widow of Robert J. Lindsay, were married Wed. evening at the home of the bride, by Rev. H. G. Alder, rector of St. Luke's church, in the presence of a few intimate friends. They will reside at Broadway. Mrs. Jones will be at home after Dec. 1st.

Lumber Property Sale Announced

Gibson Bros., Northampton, have sold out their valuable lumber properties to a joint stock company, of which Hon. J. K. Flemming, Chas. Roger, John Gibson, Gordon Neal and M. L. Hayward are member.

The property consists of a block of 1200 acres insides of Bull Lake, heavily timbered with fine spruce and hardwood, a block of land at the rear of the river, lots consisting of 500 acres finely timbered with spruce, various other smaller lots of spruce and cedar the stumage on the river lot of 450 acres timbered with a mixed growth and the timber rights on 5 miles of the N. B. L. Co. The mill and water power rights also go with the above. The rumored price is about \$30,000. The company will improve the mill and water power, and lumber on a larger scale, Messrs. Gibson Bros., will land lumber by the thousand for the company this winter.

DIED

Thornton—On Wednesday, Nov. 15 Elisha Thornton of Grafton, age 71 years 7 months. Service was held at his late residence by Rev's Allen Stairs and Perley Quigg.

The Great Missionary Convention This Week

No less than twenty-five addresses by specialists in all branches of missionary work will be delivered at the great layman's convention which opened in Centenary church Monday afternoon at 4 o'clock and continued until Wednesday evening. By paying a fee of \$1, more than 500 members of Protestant churches in New Brunswick have been registered as commissioners, and at the last moment it is expected that many outside delegates, whose names have not been sent in, will be in attendance.

Although the laymen's missionary movement during the five years it has been in existence has been responsible for an increase in the home and mission offerings of the Canadian churches from \$1,492,000 to \$2,216,000 and has manifested itself in increased zeal on the part of church members, the organization heretofore has not been strong in New Brunswick, and it is expected that the convention will mark the beginning of a great missionary revival in this province. The genius of the movement is the spirit of co-operation between the churches in behalf of the greatest task confronting Christendom—that of evangelizing the world in one generation. The movement is not a spasmodic or temporary sentiment, but the expression of a profound and determined purpose to rally the men of the churches to the patient accomplishment of this mighty task.

With Sir Andrew Fraser, K. C. S. I., late Governor of Bengal; J. Campbell White, lately returned from a tour of the world's mission; Rev. Canon Gould, from the Mohammedan field; Methodist missionaries from the storm centre in China; Archdeacon Renison, from the far north, and many other leaders in missionary effort, the cause will be strikingly presented, while, apart from its purpose altogether, the convention in itself will be an intellectual treat. In addition to all the city ministers, the following had registered up to yesterday afternoon with Rev. J. T. Tucker, the secretary:

St John Globe

The Staircase Test

If You Cannot Pass It Your Health is Failing

When you suffer acute palpitation of the heart, dizziness or faintness every time you go up stairs; when exertion of any kind leaves you breathless and trembling, it is a warning that your blood is defective—that you are anaemic. If these warnings are neglected worse disorders will follow—perhaps decline and deadly consumption. If you are in this condition you need the new, good blood of health that has been given to thousands of sufferers by Dr. Williams' Pink Pills. These pills banish all the ailments arising from poor blood, tone up the system and make weak men and women well and strong. Miss Elizabeth Campbell, Almonte, Ont., says: "I was living in Pembroke at the time my health failed me. I kept growing weaker every day until I at last grew so weak I could not walk up stairs without help, and I could not go down street without sitting down and resting. My mother got quite anxious about me and took me to a doctor who said he was quite sure he could restore my health. He gave me a bottle of medicine, and I continued its use until I had taken four bottles, but instead of getting stronger I was growing weaker all the time, and was only a mere shadow of my former self. My parents believed I was in a decline and could not get better. My mother had heard so much about Dr. Williams' Pink Pills that she decided I ought to try them. I did not notice much change until I had taken five or six boxes, when a decided improvement set in, and from that on I grew stronger and stronger each day, until through a continued use of the pills I was back to my old-time health and strength. I believe Dr. Williams' Pink Pills the best remedy on earth for sick people, and cannot too strongly urge other weak girls to give them a trial."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Read E. W. Mair advertisement in this issue—It will pay you.
