**TRIED TWO DOCTORS WITH NO BENEFIT**

**Then Dr. Williams' Pink Pills Wrought a Lasting Cure.**

Dr Williams' Pink Pills have made so many remarkable cures in serious cases that people are able to overlook their value as a tonic for the blood and nerves in debility and general run-down conditions. That such conditions are the cause of much misery and unhappiness is fully known to those who suffer from them and the need of curing them is as vital as is relief from diseases with higher sounding names. We commend the following statement to any one suffering from weak, thin blood, or shattered nerves. Mrs Mae Macabe, Gleichen-Alta., says: "A few years ago I became run down, not seriously ill, but just tired and weak all the time. I consulted our family doctor, who gave me tonic after tonic with no effect. I gradually got weaker and weaker until I could not do my work. Then I went to another doctor, who pronounced my case one of decline, and recommended a warmer climate with complete rest. This I could not afford and I began to worry and fret, until I became a complete nervous wreck. One day while visiting a neighbor an old gentleman who was taking Dr Williams' Pink Pills for partial paralysis recommended them to me. I sent out and got three boxes, but without much faith that they would help me, but before they were gone I noticed an improvement and I continued taking the Pills, constantly growing stronger, until I had taken seven or eight boxes, when I was completely cured. I could do my work as easily as ever I had done in my life, and the doctor told me that he could scarcely believe the change in me, as he had not had the least hope that I would be strong again. Now I always keep the Pills on hand and if I feel fatigued or weary take them for three or four days so as not to get run down."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.

**HOTELS TO BE FIXED WITH FIRE ESCAPES.**

The provincial act for the better protection of hotel guests against fire went into effect on Tuesday, and already several of the local hotels have made arrangements for complying with the regulations, which call for ropes in every sleeping room by means of which the guests can escape from their rooms in case of fire. The Royal hotel proprietors have ordered about eighty-five new rope fire escapes from a firm in Chicago and they are expected to arrive in a day or two. These will be used in the front rooms where the fire escapes are not so accessible as they are in the rear. The escape is attached to a fixture in the room and in case of fire one end is thrown out of the window, allowing the occupant to slide down to the ground. The rope is so arranged that the user can regulate the speed with which he descends to the ground, thereby averting the danger of striking the ground forcibly.

The Victoria, Dufferin, Park, Grand Union and other hotels will be equipped with escapes soon, and then the danger of fires in the hotels will be greatly lessened.—Telegraph.

**CRUISER NIOBE WAS IN GRAVE DANGER**

The Canadian cruiser Niobe, Commander MacDonald, went on the south west side ledge of Cape Sable at midnight Saturday and until she came off at about 6 o'clock Sunday morning, grave fears were entertained for her safety. The cruiser had been anchored outside the roadstead at Yarmouth light and had put on account

of a heavy gale blowing and for the purpose of having more sea room. The currents carried her on the ledge during a dense fog.

A wireless message to Halifax told of the cruiser's serious position and asking for assistance, but a later message about 6 o'clock Sunday morning was to the effect that she had come off with the rising tide. In the meantime boats were on their way from Halifax and Yarmouth and the government steamers Lady Laurier and Stanley were sent from here in all haste at 5 o'clock Sunday morning. The first to the aid of the Niobe was the American revenue cutter Androsscoggin, which picked up her distress call and stood by during the night. The starboard engine room was pierced and the vessel made water forward and aft, but her pumps kept her clear. She put into West Bay where a diver made temporary repairs to her bottom. The two government steamers a Yarmouth tug and the Androsscoggin were by her yesterday and she will be taken to Halifax.

Clark's Harbor, N S Aug 1—The Niobe remains at a sheltered anchorage in the outer harbor here, twelve miles from the scene of the accident, since Sunday night when the ship was brought to that position. Pumps have been kept working steadily but in spite of the efforts of the divers to stop the leak and the assistance from Lady Laurier, standing by, the water is slowly gaining on them and the ship is settling by the stern, this evening, it being not more than ten feet above the surface.

Three hundred boys, who were put ashore here at an early hour Sunday and subsequently returned to the ship, were dispatched to Halifax by train today on three weeks' leave. Most of the crew are still on board.

There is a depth of seven fathoms where the Niobe is anchored. About three quarters of a mile off West Head a red flag has been set half way between the ship and the shore marking the most suitable spot to beach her if it comes to the worst, in some six fathoms of water with a smooth muddy bottom.

The weather continues clear and fine. The Niobe is in no danger except from the yawning holes in her hull, one of which is twenty-five feet long and ten feet wide.

**FLORENCEVILLE**

Carleton County Sunday School Convention was an education and an inspiration. 101 registered. The work has a big grip on our county. There were a good many strong features in the Convention. The wall mottoes were very suggestive. "Where men go the boys will follow." "Train up a child in the way he should go and go that way yourself." The world will be evangelized in that generation in which the teachers of its youth decide it shall be done;

Blackboard and chart held prominent place. Address of welcome and response were cordial.

Rev W A Ross gave an address on Tuesday evening. Mrs Ross also spoke on the convention which met in June in San Francisco.

Lawyer Simms of Bath noted that while there were 1500 Protestants in Kent Parish there were only 274 in the Sunday Schools. There was much need of enterprise to increase the membership.

The Officers for the Current year are: Pres C W Manzer; V-Pres N B Phillips; Sec Treas Miss A Calder; Recording Sec Harry Havens; Elem Supt. Miss Flora Rideout; Adult, Rev S M Schurman; Home Dept, Mrs J K Flemming; Teacher Training, Rev Frank Baird; Temperance Clyde Rideout; Missions Miss Alveretta Estabrooks; I B R A Mrs Louise McFarlane. The President, Secretary Treasurer and Recording Secretary were re-elected. Their efficiency and enthusiasm are manifest. Mr Manzer gave as a stimulative talk, as to his method of Bible Teaching. The Convention was a blessing, an Education, an inspiration. It was pleasant in its happy fellowship and left a deep impression.

Some things said were startling. One was that 3 out of 4 of the boys that go forth from our homes are lost. Another was that of the 90,000,000 or so of the United 17,000,000 as it seems, are professing Christians and that these spend \$250,000,000 annually on their Church life and we add one new member for every 44 members. Population is increasing faster than people are being evangelized. San Francisco with a population of about 450,000 has only 15,000 professing Christians.

Miss Bessie Shaw left last week for Alberta where she has her School.

Miss Jean Culberson, of Waterville, is visiting her aunt Mrs Roy McCain.

Mr and Mrs Frank Gordon of Lewiston Me were the guests of Mr and Mrs Beecher McCain last week.

Mrs H H McCain and Miss Muriel McCain were guests at Otis Shaws on the 30th inst. Hon J K and Mrs Flemming attended the Communion service at Greenfield on Sunday 30th.

Rev W H and Mrs Manuel expect to leave on Tuesday for their vacation.

Mr B F Smith of East Florenceville is in this city.—Gleaner
