Mrs J R Tracy and Mr J W Bohan respectively are having improvements made to their houses.

The lumber is about all rafted that the Peel Lumber Co cut last winter on the Monquart.

MANY VISITORS AT ACADIA CLOSING

Wolfville, June 4.—Wolfville was a very busy place yesterday. The day was fine and the great crowd of visitors were on the move at an early hour. Although the season of blossoms is past the little town still presents a delightful appearance. The hotels are overflowing with visitors and lodging is at a premium.

The Baccalaureate address was given by Dr Ferris, of the First Baptist church, Philadelphia. His subject was "The Fighting Optimist," and he took for his text "Thy will be done on earth as it is in Heaven." He dealt in a vigorous manner with them optimism of Christ through the rough times in which he lived, the narrowness of pessimism and the ultimate triumph of the right and the true. His style was forceful and his personality magnetic, and he easily held the large audience.

Saturday evening the performance of the Boston Sextette was greatly enjoyed, and tonight Dr Wallace addressed the members of the college Y M C A.

NOVA SCOTIA NEWS

One hundred and seventy nine bright eyed youngsters, averaging fourteen years, arrived at Halifax Friday last by the S S Carthagen from the Middlemore Home Birmingham. They left Halifax for points in the Maritime Provinces. About sixty of the youngsters are girls. A number go to points in New Brunswick.

The Gulf of St. Lawrence and the eastern coast of Quebec were swept by a fierce gale on Friday, and two Halifax vessels were swept ashore and became a total loss. The schooner Jennie May, belonging to N & M Smith, loaded with 720 quintals of cod, was driven on the rocks at Fox Point, Gaspe. At the same place the Lottis, with 350 quintals of fish, was wrecked.

TO HAVE A NEW RESERVOIR

At a special meeting of the ratepayers held on Monday evening for the purpose of voting an amount not exceeding \$5000 for the water works a motion was made by Dr I B Curtis that the present reservoir be raised a few feet and that the whole be lined with concrete. There was some discussion and the mind of the meeting seemed to favor an entirely new reservoir. Whereupon S S Miller moved that a new reservoir of 150,000 to 200,000 gallons capacity be built of cement at a cost not to exceed 5000. The vote was unanimously in favor of this.

The Commissioners were instructed to make the necessary loans and to proceed with the work.

The present reservoir has a capacity of 110,000 gallons and will be used as additional fire protection.—Hartland Observer

LONDON HOTEL MEN ARE IN A PANIC.

London May 27.—The London hotels are in a panic over the Coronation prospects. They counted on a rich harvest and most of them doubled or tripled their rate for Coronation month. They refused also to let rooms for less than a week or a fortnight. Several large hotels were especially built for the occasion and all have been depending upon a rush of wealthy Americans.

At the present time however it would appear that they have overreached themselves, as the result of their enterprise has only been to frighten people away. While London has seldom more strangers within its gates than now the great majority of them are colonials and provincials. There are thousands of Canadians and Australians but the American contingent is not larger than at the same season in an ordinary year. The hotels have already begun to lower their rates according to the published prices. Instead of holding off guests they are now trying to get them and are doing everything possible to remove the impression that it is difficult to secure accommodations. Some of the hotels are even less full than usual and visitors are likely to find plenty of rooms at reasonable rates.

REVIEW OF FLEET.

London June 2.—The Admiralty has issued an official chart of the Coronation Review of the fleet at Spithead on June 24. Within the positions covering eight square miles will be gathered 170 British warships and about 60 ocean liners and yachts.

The British vessels will be assembled in five long main lines, the foreign vessels forming the sixth line. Beyond the limits of the official review ground will be anchored hundreds of other yachts, merchant ships and pleasure steamers, forming an imposing display of British shipping.

WIND AND HAIL STORM

In a wind and hail storm which passed over the northern part of the county last week several barns were blown down and George Crawford had a span of horses killed by the falling timbers. Hail fell to a depth of several inches, and while much window glass was broken the damage to crops was not as great as would have been had the hail come later in the season.—Observer

CHANGE IN WOOL TARIFF

Washington, June 1.—The democratic wool tariff bill prepared by the ways and means committee of the House, was presented to the democratic caucus at noon today. The bill makes reductions of from one-half to two-thirds in all wool duties. Raw wool itself, which was free in previous democratic tariff bills, is given a duty of 20 per cent ad valorem, equivalent to from 3 to 5 cents a pound.

KING'S BIRTHDAY.

King George V was born on third June, 1865, at Marlborough House, London. His Majesty, therefore, completed his forty sixth year on Saturday last. He is not yet crowned King, but he occupies the throne legally. He has reached the fullness of manhood in the esteem and approval of the nations whom he rules. The King's birthday is a statutory holiday, but those who work as well as those who shout will heartily wish His Majesty a long life and abiding years of happiness.—St John Globe.

IMPERIAL CONFERENCE GOSSIP.

London, June 3.—None of the delegates to the Imperial Conference will discuss a report current here two days ago that that body had voted in favor of complete naval autonomy for Canada, Australia and New Zealand, but that no definite action has been taken is the inference to be drawn from the significant admission of one of the delegates who, on being asked if the conference had acted upon the matter, replied:

"My lips are sealed by a pledge, therefore I can neither affirm nor deny the report. I cannot even discuss the matter now."

The other delegates were absolutely amazed when told that the matter was known outside the conference. Their astonishment was so real as to give credence to the report.

The most tempting breakfast is spoiled if the Coffee be of poor quality. But—every meal is a Banquet when you use

MRS O A COLE.

The passing away of Mrs O A Cole at her home in New Limerick May 3rd, at the age of 83 years has left a vacant place not only in the home, but in the community of which she was one of the oldest residents, she had been a great sufferer for several years, but at the last the end came suddenly.

Mrs Cole (whose maiden name was Eliza W Bowen) was born in Woodstock, N B, in her early womanhood she became the wife of Oliver A Cole of N B, after a few years they came to New Limerick where they have since resided.

Mrs Cole was of a quiet unassuming disposition, her virtues shone brightest in the shelter of home, her sympathetic nature and generous impulses were ever quick to respond to the call of the needy, as long as her health permitted she was always to be found where there was sickness and sorrow, ministering to the suffering and comforting the mourner. When sorrow came to her own life she met it with Christian meekness and resignation. Of the several children given her not one survives, they have all gone before, of the home circle only the aged invalid has band is left to mourn the faithful friend and companion of 59 years. The funeral services were held in the home conducted by Rev Z M and F A Millar, a large number of relatives and friends followed the remains to their last resting place in the little cemetery at New Limerick, their presence giving silent testimony to the esteem and respect in which she was held by those who knew her.—Aroostook Times.

TO TAKE POST GRADUATE COURSE

Rev Dr Keirstead of the U N B has gone to Chicago University where he will study philosophy for the summer. Dr Keirstead's studies will be along the lines of his work at the University.

HONORARIUM FOR DR DAVID ALLISON.

Sackville, N B June 4th.—At the closing session of the board of regents of Mount Allison University this week an honorarium of \$500 was voted to Dr Allison, retiring president, by the board in appreciation of his long, faithful and splendid services to Mount Allison.

The sum of \$200 was voted to Mrs B C Borden in token of the appreciation of the board for her work in Mount Allison Ladies College for the past twenty years.

A resolution was passed authorizing the executive to take immediate steps to further safeguard the lives of students by adding more fire escapes to the Ladies College and academy.

At the meeting of the quarterly board of the Sackville Methodist church Friday, R Alder Trueman, for twenty eight years recording steward of the church, resigned, S Edgar Dixon being appointed in his stead. A resolution expressing deep appreciation of the work of Mr Trueman was moved by Dr Inch and unanimously passed.—Telegraph

CORONATION DAY IS HOLIDAY

Ottawa, June 3.—Coronation Day, June 22, has been officially proclaimed a public holiday. The royal proclamation is as follows:

Whereas, Thursday, the twenty second day of June, in the year of our Lord, one thousand nine hundred and eleven, has been fixed for our Coronation;

And, whereas, we are desirous that the said day should be observed as a day of general thanksgiving and rejoicing throughout Canada.

Now, therefore, know ye that we have thought fit, by and with the advice of our Privy Council for Canada, to appoint and set apart Thursday, the said twenty second day of June, as a public holiday, to be observed as a day of general thanksgiving and rejoicing by all persons throughout our Dominion of Canada.

\$3,600

in Cash Prizes for Farmers

Your Photograph May Win a Prize

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, failing this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant.

Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 166 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly.

Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.
