LATE CROSSING ON THE ICE

By crossing the St John river at River de Chute 10 minutes before the ice started running last Saturday morning William Miller and Hanford Browning, of River de Chute, and Mrs P F Heffernan, of Perth, are believed to have created a record for late winter travel. Mrs Heffernan had been visiting her father at River de Chute and was leaving for her home in Perth. Her brother Hanford Browning accompanied her to the train and the couple was joined by William Miller. The trip across was made apparently in absolute safety as the ice seemed firm.—Victoria County News.
