H A PHILLIPS
EDWIN W MELVILLE
HENRY B SMITH
J R BOURNE,

In regard to Mr Leighton occupying the rooms in the Record Office he had agreed to pay \$60 up to the first of May and \$120.00 a year after that.

The report was adopted.

The committee on tenders for the county property at Upper Woodstock reported two tenders as follows:—

Walter Treacartin	\$500 00
Ryron A Roblison	803 50

The committee recommended the acceptance of Mr Roblison's tender.

On motion of Coun Williams the report and recommendation of the committee was adopted.

Coun Smith reported progress for a special committee on the question of supplying work for the prisoners in the jail.

Coun Smith on behalf of the Scott Act committee said that he had furnished \$125 and a second time \$150 as a payment for expenses in connection with the Scott Act.

Coun Alex Bell explained his connection with the matter. He was not at a meeting of the committee when these payments were made, but he had been in town.

Coun Balmain said that he and Mr Smith on the representation of Mr Colpitts gave him \$125. He thought the only one to enforce the act was by giving the inspector money to work with. When the second demand was made for money it was at a time when we expected Mr Bell to be in town, but we decided to give it to Mr Colpitts, also deciding that until a further statement was made by Mr Colpitts there should be no further money advanced.

Coun Melville asked how it happened that there was this large deficit.

Coun Balmain said that he could not answer that. There were no funds so further proceed the work and the money was advanced for carrying on expenses.

Coun Melville said that last year there was a deficit of \$800.00 on the Scott Act, and this year it was \$1700.00.

Mr Hartley said the only over draft was \$250.00.

Coun Melville said it was over expenditure in the case of the deficit.

It was moved that the report of the Scott Act Committee be accepted.

Coun Balmain said that the special duty of the committee was to confer with Mr Colpitts and to give him what in their estimation was fair and right.

Coun Tompkins said this committee was in the nature of an advising committee to assist the inspector, and not only to advance him money.

Coun Balmain said this committee was only to confer with Mr Colpitts and to assist

him with an advance when it was right to give it.

Coun Melville—Why did you stop advancing him money?

Coun Balmain—We wanted him to give us a statement.

Coun Melville—Did he give you the information?

Coun Balmain—He has not—he has not been advanced any more money.

Coun Bell—I was in town at the meeting of the Council. I saw Mr Colpitts afterwards and he asked me if I would have given him the money. I said "No, not till you show how it was expended." He said "I don't think I could." I said "I could not agree to give you any more money."

Coun Scott thought that the committee had done remarkably well.

Coun Smith said that Inspector came to him and said there were two constables who were owed \$80.00 and it was necessary to have money to pay them.

Coun Phillips thought some of the members were pretty hard on the council. He thought they had fulfilled the duty for which they were appointed.

Couns Williams, Morgan, Hemphill, Melville and Olbur Shaw were named a special committee to go over the bills and accounts and report to the council.

The following Parish Clerks were ordered paid as follows:—Wilmot, Peel, Wicklow, Simonds, Brighton, Woodstock, 2.00; Kent Wakefield, \$5.00.

The following standing committees were appointed:—

Building Committee—Couns Phillips, Melville, Brown.

Finance—Couns Balmain, Brittain, Hay.

The following report of the Board of Health was read and duly received and recommendations ordered carried out.

Hartland, N B Jan 12th 1911

To the Warden and Councillors of the Municipalities of Carleton.

Gentlemen,—I beg to submit the report of the Local Board of Health, District Number Ten, for the year 1910. There were no epidemics of any disease in the County during the year. A few separate cases of Scarlet Fever and Diphtheria occurred and were looked after by the Board. Reports of a few cases were investigated and no disease found.

Of the nuisances that make trouble for the Board, the line of slaughter houses just outside the limits are the most fruitful.

Each proprietor of a butcher shop in town seems to have a little slaughter house of his own, which is usually equipped with very primitive facilities for the work, where he butchers a few animals at irregular intervals. The heads and offal of which are thrown out into a yard to be tramped by pigs and to rot in the sun and rain, and which give off a very offensive odor for the benefit of those who are unfortunate enough to live near.

The only remedy for this state of things that I can see, is to have a single slaughter house properly equipped where all slaughtering for the town would be done and which could be kept in decent shape.

The Board asked for an appropriation of one hundred dollars for 1911 in addition to the balance of the appropriation for 1910, nearly two hundred dollars now.

GOOD HEALTH FOR

RUN DOWN MEN

If You Are Weak and Easily Tired Try, Dr Williams' Pink Pills

Anæmia is a state into which one falls because of lack of blood, or because the blood is poor, weak and watery. The man or woman who has not enough blood is pale, languid, easily tired and easily depressed. As the trouble progresses other symptoms show themselves, and the life of the sufferer is one of misery. Anæmia opens the door to consumption, and gives victims to all the epidemic maladies, because the whole body is weakened and unable to resist the invasions of disease. Dr Williams' Pink Pills are the best remedy in the world for the cure of anæmia, and all its attendant miseries. They make the blood rich, red and pure, thus bringing health and strength to weak, despondent men and women. We do not know of a single case of anæmia where Dr Williams' Pink Pills have failed to cure if given a fair trial. Mr John Hastings, Venn, Sask, was a victim of this trouble and found new health through Dr Williams' Pink Pills. He says: "I was working on a railway driving a team and found myself gradually running down. I did not pay much attention to it at first, but soon I began to lose my appetite and it was a trial to get through my day's work. I got medicine from the doctor on the works, but it did not help me, and finally I got so bad I told the foreman I would have to quit. He told me not to lose hope, that he would get some medicine that would soon make me all right. That night he went to town and bought me three boxes of Dr Williams' Pink Pills. I had not taken more than two boxes when I began to feel better, and after I had used five boxes I was as well and strong as ever and could do a day's work with any man on the job. I may just add that before I began taking the Pills I was so run down that I weighed only 123 pounds, and while taking them I gained 22 pounds. I cannot say too much in favor of Dr Williams' Pink Pills and strongly recommend them to all run down men."

You can get these Pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.
