Good-Bye
Hat!

BUT

if it happens to be a Buckley, he can get another without it costing him a cent.

You've seen "guarantees" before—but you never yet heard of a hat guarantee that guaranteed the owner even against accident.

Here's one that does—the sweeping Buckley guarantee—provides for such cases as that shown in the picture — provides for a new hat within 4 months from date of purchase, if, for any reason—accident or otherwise — your Buckley hat has not in every sense "stood the racket." Read carefully the broad, all-embracing guarantee.

No.	GUARANTEE
DATE SOLD	The Color and Wear of this hat are absolutely guaranteed, and any hat which will not give entire satisfaction, will be exchanged at any time within four months after purchase. We also agree to exchange this hat, if same is damaged by accident during the said four months.
BUCKLEY & SONS, Manufacturers	

Why, you ask, should the guarantee be made so far-reaching?

Well, in the first place, the makers of the "Buckley" have absolute confidence in their product—they feel sure it will give satisfaction in 999 cases out of 1,000.

But there's always that thousandth man—even he must be satisfied.

And, in order that he may get a new Buckley hat from any Buckley dealer, without having to answer questions or give a lengthy explanation, it has been thought well to provide that, *whatever his reason*, if the Buckley he's been wearing has not lasted four months, it will be cheerfully, promptly, unquestioningly exchanged.

Don't let this remarkable guarantee feature of the Buckley overshadow the style pre-eminence of these hats. The quality is English, but the styles are American and up-to-the-minute. There's a Buckley shape to suit every type of man.

Buckley hats are made by Union workmen—there's high grade material and honest workmanship in every hat that bears the Buckley name. Price, \$2.50, at all the best hat shops.
