Sir Richard Cartwright has before the Senate a very important bill for the regulation and verification of grain as it goes through the elevators. There is, apparently, a good deal of trickery in the business, and grain is, it is alleged, metamorphosed in conveyance to shipping points. Sir Richard's measure puts penalties and restrictions upon the wicked deeds of those who indulge in this kind of business. After a sharp fight in the Senate he consented to refer two clauses of his measure to a special committee. That committee was unfortunately composed of a majority of men averse from the legislation. They have submitted two reports. The minority sustains Sir Richard's measure. The majority modifies it in the interest of the elevator people. The reports are to be considered by the Senate on the 20th instant, and there will be a vigorous contest over the matter.—St John Globe.

Mr Rocquel, commercial traveller, took a live part in the Bible class at the East Florenceville Methodist Sunday School on the 9th inst. The primary class of two dozen, under the enthusiastic management of Mrs John Everett is having a space nicely curtained off for its exercises. By means of a pulley and cord the curved rod for bearing the curtains can be drawn up so as to cause no inconvenience to the preaching service. The place filled by Elisha as Seer, Physician, Military-man and statesman has been especially discernible in the last two lessons.

The Florenceville Basket Ball teams of boys and girls went to Andover on Friday to play the Andover teams.

Much inconvenience to the residents of East Florenceville has been caused by the depth to which the frost reached this last winter, penetrating a foot or so below the water pipes, bursting the pipes in so many places. The opening of the pipe ways and repairing or replacing of pipes involves much time, work and cost. The frost, it seems was the severest in 35 years.
