She was the daughter of Mr. John Stalder Besson of H. H. H. S. and was educated at the Academy of the Sacred Heart in that city. Mrs. Addy was one of the charter members of Ladies Auxiliary New Brunswick Natural History Society and at one time President of that society. In which she took for some years and active interest and although prevented in recent years through ill health from taking an active part in this as in other activities and charities all such objects had her support, sympathy and constant interest and the effect of her death will be deeply felt in the community. Mrs. Addy is survived by her husband, and a family of four sons and four daughters. Her sons are: Dr. G. A. B. Addy of this city, Fred W. Addy of Ottawa and J. S. Addy and C. E. Addy of this city. George Pagett
Although he had been in failing health for some time yet the community at large was surprised to learn of the death of Mr. George Pagett which took place at the home of his daughter, Mrs. Edie Cook East, on Sunday Feb. 26. It was at the noon hour and his daughter was just conversing with him and turning away for a moment looked back and noted that he was quietly passing from earth. He had lived most of his years at Lower Windsor where he engaged in farming. His wife who was Isabel Hayward died some seven years ago. Three sons and two daughters and nineteen grandchildren survive him and he was held in great esteem by them all. In fact all who knew him realize the departure of a good man. The funeral took place from his home at Lower Windsor to the Church at Coldstream and according to his request the Rev. J. D. Wetmore conducted the services, assisted by Revs. J. A. Cabill and J. S. The United States Congress passed resolutions last year suggesting an international agreement for the furtherance of peace through the adoption of the principle of arbitration by the nations. The British government is now on record as favorable to the scheme, which proposed the appointment of peace commissions by the various countries. Sir Edward Grey secretary for foreign affairs has declared that Great Britain is prepared to enter upon a frank and full exchange of views with the United States government on the subject, and to lend support to any well considered and practical proposition that might be put forward by the American government. The adoption of peace principles is not proceeding as rapidly as the building of dreadnoughts and the increase of armaments, but fortunately it is making steady progress. —St. John Globe.

SPANISH MINISTRY SAID TO BE IN DANGER.
Madrid, Feb. 28. —The religious question has again assumed prominence and threatens the existence of the Ministry, which will be subjected at an early date to a furious attack by the conservatives. The Vatican has sent another note to the administration. The text, it is understood, is more insistent than ever, making impossible all hope of agreement. The ministers will meet on Wednesday to examine the text of the association's bill. It is rumored that the Minister of Finance, who is a moderate liberal, may not approve the bill, and consequently will bring on a ministerial crisis. It is supposed that the tone of the Vatican note is due to assurances from certain influential elements that the religious question will cause the fall of the ministry.

BOWEL TROUBLE MAKES SICKLY BABIES.
Bowel trouble is the cause of most of the ailments from which little ones suffer. When baby's bowels are not working regularly, illness is sure to appear, but when the bowels are regular the little one is usually bright, active and happy. No other medicine for babies has such good effect on the bowels as Baby's Own Tablets. They make their action regular, sweeten the stomach and promote good health. Concerning them Mrs. Freeman Feener of Bury's Corner, N. S., writes: "I can heartily recommend Baby's Own Tablets for all the troubles from which little ones suffer. My baby girl was troubled with her bowels and was so small and puny I thought we would lose her. I saw Baby's Own Tablets advertised and began giving them to her and now she is a big, healthy, happy baby. For this I thank the Tablets and I always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
