

**THE NEW SUFFRAGE BILL.**

The women's suffrage supporters among the British members of Parliament have succeeded in having their Bill put down to be taken on the first available day for private members' Bills which will be on April 26th. The place was won by ballot, and the result of balloting caused a great deal of interest in the House of Commons. The Conciliation Committee which is composed of members of all shades of political opinion sent a request to the Liberal group formed to advance the cause asking them to support the Conciliation Bill and to assist the committee in asking for facilities for the measure this session should the second reading be adopted. A representation was sent to the Prime Minister from the Liberal Suffrage group stating that the group supports the Conciliation Bill and that it is now to be introduced under a title which will admit of amendments being considered in Committee requesting the Prime Minister not to take the day which has been won for the Bill in the ballot, and asking that, in the event of the second reading being carried, the Prime Minister will give facilities for the further stages of the measure.

The text of the proposed Bill which is entitled A Bill to Confer the Parliamentary Franchise on Women is as follows:—

1 Every woman possessed of a household qualification within the meaning of The Representation of the People Act (1884), shall be entitled to be registered as a voter and when registered to vote for the country or borough in which the qualifying premises are situated.

2 For the purposes of this act a woman shall not be disqualified by marriage for being registered as a voter provided that a husband and wife shall not both be registered as voters in the same Parliamentary borough or county division.—Montreal Witness

**PRINCESS JULIANA**

"In the quiet garden of the two-story palace at The Hague plays a little Dutch baby," says the Woman's Home Companion for February, "all unconscious that in her are centered the patriotic hopes and fears of a brave nation. As yet she is hardly old enough to pronounce her full name, which is Juliana Louise Emma Marie Wilhelmina, Princess of Orange Nassau and Duchess of Mecklenburg; but she is truth heiress to the throne of the Netherlands; and her birth on April 30, 1909 relieved her people of the imminent fear that their next sovereign would be a German prince, and that their cherished land with its splendid traditions of pluck and independence would become merely a subordinate principality of the German Empire. Her people know her well both by sight and through gossip, and it is an article of faith among them that she is wholly and completely Dutch. "She is the picture of her mother," say the rosy Dutch vrowen, "and not the least like her father." Now her mother, the dearly loved Queen Wilhelmina, is manifestly and aggressively Dutch, while her father, Prince Henry of Mecklenburg Schwerin, had the misfortune to be born in Germany! The little princess had better play while she may in the tulip gardens, as before her are years of hard discipline with little pleasure, in order that she may be fitted to hold her own in the complications of European politics and to emulate the virtues of her great ancestor, William the Silent, whose statue guards the gate of her palace. Moreover Queen Wilhelmina, reputed to be the richest woman in Europe, spends little on herself and much on the poor, and the small princess will undoubtedly be trained likewise to live simply and to give both generously and intelligently."

**SPRAINED WRIST AND ANKLE**

After Being Laid Up With Great Pain for Ten Days, Relief Was Gained Instantly by Applying **NERVILINE**

One of the most soul-distressing accidents that can befall one is a bad ankle or wrist sprain. "If I had only known of 'Nerviline' earlier, I could have saved myself an enormous amount of pain, and many agonizing nights of sleeplessness." Thus writes P. P. Quinn, a young farmer living near Brockville. "I tumbled from a hay loft to the barn floor and sprained my right ankle and left wrist. They swelled rapidly and caused excruciating pains. It was not convenient to go to the city and the liniment in the house was useless. When I got Nerviline relief came quickly. It took down the swelling, relieved the pain, and gave me wonderful comfort."

"I can recommend Nerviline for strains, bruises, swellings, muscular pains, and sore back. I have proved it a sure cure in such cases." Think what it might some day mean to you to have right in your home, ready for an accident or emergent sickness, a bottle or two of Nerviline. Get it to-day, 25c. or five for \$1.00, all dealers, or The Catarrhzone Co., Kingston, Ont.

**FAMOUS BRITISH ADMIRAL.**

Tells What Zam-Buk Did For Him.

Many famous persons have testified to the great value of Zam-Buk, and amongst the most recent is Admiral Rodney M Lloyd. Writing from the Royal Naval Club, Portsmouth, England, Admiral Lloyd says:

"I have found Zam-Buk most reliable for healing cuts and abrasions while for the relief of skin irritation it is invaluable."

Another famous user of Zam-Buk is Mr Frank Scudamore, the War Correspondent, who supplied Canadian papers with their dispatches during the Boer War. Mr Scudamore says. "Some poisonous dye on my underclothing came in contact with a small ulcer on my leg and blood poisoning set in. Inflammation, pain and swelling followed. My medical man's treatment did not seem to do any good, as ulcer after ulcer broke out, until my left leg from knee to foot was one mass of sores. I had seventeen deep ulcers at one time. I could not put my foot to the ground, and was really in a pitiful state. A friend advised Zam-Buk, and I applied this herbal balm. It was really wonderful how it soothed the pain and aching and gave me ease.

"I continued with it, leaving off all other treatment, and at the end of a week's treatment my leg was not like the same. A few boxes of Zam-Buk healed all the sores, and bit by bit new, healthy skin covered the places which had been so deeply pitted and scarred by ulceration and blood poisoning. The limb is now perfectly healthy, and with no marks of the old ulcers. For this splendid result I have only Zam-Buk to thank."

Zam-Buk is a cure for piles, eczema, cold cracks or chaps, ulcers, ringworm, poison, cuts, abscesses, burns, children's rashes, abrasions, and for all skin injuries and diseases. All druggists and stores sell at 50c box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations and substitutes.

**INTERNATIONAL HYMN.**

(By George Huntington in New York Times.)

Two empires by the sea,  
Two nations great and free,  
One anthem raise.  
One raise of ancient fame,  
One tongue, one faith, we claim,  
We love and praise.

What deeds our fathers wrought,  
What battles we have fought,  
Let fame record.

Now, vengeful passion, cease,  
Come victories of peace,  
Nor hate nor pride's caprice  
Unsheath the sword.

Though deep the sea and wide  
Twist realm and realm its tide  
Binds strand to strand,  
So be the gulf between  
Gray coasts and islands green  
With bonds of peace serene  
And friendship spanned.

Now, may the God above  
Guard the dear lands we love,  
Both East and West

Let love more fervent glow  
As peaceful ages go,  
And strength yet stronger go,  
Blessing and blest.

Tune, America, or God save the King.

Had Noah been on board the President Lincoln of the Hamburg-American Line when she reached New York Friday morning she would have been a complete ark. The German steamship brought in 3,800 canaries, 200 assorted monkeys, a collection of horses and donkeys, innumerable mice and two boxing kangaroos.

**BRONCHITIS**

Colds, Coughs, Catarrh, and Throat Trouble.

Every sufferer from coughs, colds, bronchitis, and all throat and chest ailments, needs a soothing, healing medicine, which goes direct to the breathing organs in the chest and lungs, attacks the trouble at its source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is "Catarrhzone."

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas if a liquid or tablet remedy were used, the affected parts could not be reached, and harm would result through benumbing the stomach with drugs.

**A DINNER OF ALFALFA.**

Alfalfa must be one of the most widely useful products of the earth if all the claims of its admirers are allowed. At a dinner in Colorado it appeared in some form in every course. The biscuits were made of alfalfa meal. The turkey was stuffed with alfalfa while he was alive and afterwards when he was prepared for the oven. Mashed alfalfa took the place of potatoes and cooked alfalfa leaves masqueraded as spinach. The fresh green leaves were served as salad and alfalfa tea and alfalfa cider were used in place of coffee and water.
