These Rates apply only to such as have not been taking the abovementioned papers.

### HIGHEST MILITARY HONOR OF CORONATION PAGEANT FOR CANADIAN TROOPS.

To the Canadian mounted troops' under the command of Lieut Colonel H H McLean, M P, will be apportioned the highest military honor of the coronation pageant This will be the furnishing of the personal escort to his majesty as he rides through the line of 60,000 soldiers and marines from all parts of the empire, the day after Coronation This review has been arranged in order that all visitors to London may have an opportunity to see the king, the comparatively short route of the official procession making this almost impossible on Coronation day The route will include the principal streets of London and the fact that 60,000 troops are required to line the streets is sufficient to guarantee that there will be space for everyone

According to advices received by Colonel McLean yesterday, it will be the lot of the Canadian cavalry to conduct the sovereign through the lines, themselves having an opportunity of looking into the faces of a great army and probably the greatest multitude of people ever assembled as they pass along

This signal honor has been conferred on the Canadian mounted force as they will be about the only colonial cavalry at the coronation India and Australia will be represented only by infantry and the contingents sent from other colonies will only be small when compared to the 400 mounted men from Canada Included in the cavalry will be eighty picked men from the Northwest Mounted Police, the finest body of men in the world, while the remaining number are nearly all sergeants and sergeant majors, all qualified and many of whom have seen active service.

Colonel McLean has been very busy with the details and correspondence connected with the organization of the contingent, and is looking forward to establishing headquarters when he will have the assistance of the eminently capable staff chosen by the militia department He says that he has received intimation that no effort will be spared to make the visit of the Canadian troops to the British capital a memorable one Free seats have been assigned them in the principal theatres and excursions and entertainments planned in great number by the British regiments. He says that he will drill the troops in the mornings only, before the coronation and review, in order that they may see the sights about London, and that for one week before they sail they will have no drill at all, giving them an opportunity to see something of England, outside, of the great city.

### AN INVALUABLE MEDICINE

Mrs W Arnold, Edmonton, Alta., writes:—"Kindly send me a box of Baby's Own Tablets. They have been invaluable to me and I really do not know how I ever would have got along without them. Baby was poorly; his digestion was bad and he was constipated. I gave him the Tablets and they made a fine healthy boy of him. Now, whenever he is cross or troubled with constipation, I always give him the Tablets and they relieve him right away. I tried a lot of other medicine but nothing seemed to agree with him till I got the Tablets. I would not be without them." The testimony of Mrs Arnold is that of thousands of other mothers. Everyone who ever uses Baby's Own Tablets have words of praise for them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr Williams' Medicine Co., Brockville, Ont.

Mrs M E Murphy and son, Master Kenelm returned, Monday, from Woodstock, where they have been visiting for a short time.

The Misses Ruth and Alice Thompson were the guests of Mrs Flora B Somerville, Monday. Fire at Bridgewater, Monday, destroyed the house and buildings of Wm Tepely and the two school houses in the village. The loss is estimated at \$8,000.

The friends of John K McKay who recently left for the Canadian Northwest will be pleased to learn that he is located at Saskatoon, Saskatchewan, where he is in business. It was May 15, 1876, that several inches of snow fell in Aroostook May 15, 1911, was somewhat different than the day twenty five years ago.—Aroostook Pioneer.

### FIRE IN PEEL.

The village of Peel was almost entirely wiped out in a fire that destroyed 20 buildings and 2,000,000 laths Tuesday afternoon, May 16th. Several persons had narrow escapes.

The fire started from a chimney in the boarding house of Herbert Clark and was beyond control. The building of Harry Corey caught fire and was burned. The fire then spread to W W Melville's barn which was destroyed although the house was saved. Hatfield's barn next caught and the flames then jumped to the magnificent home and three fine barns of Thomas McCrea. Dr McIntosh's house and barn next fell a prey to the flames.

Burning shingles were carried by the strong wind to the village of Hartland a distance of three miles and fell so thickly that it was feared Hartland would be wiped out. The residence of George R Burt, Hartland, was in constant danger.

Word was sent to Woodstock for the help of the fire department and the Woodstock steamers was got in readiness. A freight train bound south was stopped at Hartland by C P R officials and carried a large body of men from Hartland to help fight the fire. The mill of the Peel Lumber Company was shut down, the men joining the fire fighters. The loss is estimated at about \$30,000.

William Downey, general superintendent of the Atlantic Division of the C P R, personally directed the movement of the trains from Pert in an effort to render all possible aid.

### TWENTY NINE WILL GRADUATE FROM THE U N B.

Encaenia proceedings at the University of New Brunswick will be held on the afternoon of Thursday June 1st at 2.30 o'clock John B McNair who has been chosen as the fourth Rhodes Scholar from the university, will deliver the valedictory. ### DR RAYMOND HOME FROM ROYAL SOCIETY MEETING IN OTTAWA

Venerable Archdeacon W O Raymond, D D., of this city, who was honored by the Royal Society of Canada at the meeting in Ottawa which has just been concluded, by being elected president of the English literature and historical section, returned from Ottawa yesterday and Dr G F Matthew and Dr L W Bailey, who were also in attendance, will return today.

The meetings of the society were very successful, being attended by delegates from all over the dominion. Dr Raymond read a paper from the New Brunswick Historical Society on Col Alexander McNutt and the Pre-Loyalist Settlement of Nova Scotia. W J Wilson, formerly of this city, but now of Ottawa, read a paper from the Natural History Society of this city. Dr Matthew and Prof Bailey also read papers on the geological questions of the maritime provinces. The delegates to the meeting of the Royal Society were entertained at a garden party in Rideau Hall while in Ottawa.

25c a box at all leading drug stores.

### MEDUCTIC WAS HEMMED IN TODAY BY FOREST FIRES

Thursday May 18th. The village of Meductic today is almost hemmed in by forest fires which are raging fiercely.

The heavy fire which was thought to be under control at Dow Settlement is burning fiercely again to-day and is now into Johnston Settlement, not over a mile from the village. The Greenbush fire across the river is still burning fiercely and another fire at Little Pokok about twelve miles below is making great headway. Cinders from these fires are falling in large quantities about the village today. Particular care has to be taken to prevent the roofs of the buildings from catching as everything is as dry as tinder. One woman went to a well a short distance from her house for a pail of water to day and when she reached the house again the cinders were so thick that she had to skim them off the water. All the available men are away fighting the flames. The fire at Little Pokok is burning towards several buildings but is yet four miles away from the nearest. The residence of Mr Gordon C Grant is the nearest to the fire zone.

### AT NORTH LAKE

The fire at Hay Brook in the parish of North Lake, near Canterbury Station is burning today with a large force fighting the flames. This is on the Crown Lands.

### AT PENNICAC

What was looked upon at first as a serious fire broke out on the Crown Lands near the I O R track at Penniac about three o'clock yesterday and burned rapidly for a time, being fanned by a stiff breeze. The I O R section men and a number of the male residents fought the fire in a heroic manner during the afternoon and evening, and a telephone message was sent to the Crown Land Office here asking that the fire wardens be sent out. The fire was for a time burning dangerously near the residence of Mr Charles Goodspeed, but was got under control during the night and is out.

The Crown Land officials here have received no word today of any fresh outbreaks of fire.

J Ruel, of Chicago is visiting his sister, Mrs William Dibblee

R L York, of Somerville, was in town on Sunday on business.

Dr A R Currie will be away from May 27th to June 6th.

On Sunday night there was a severe rain storm at Riley Brook and the Tobique rose a foot.

Mr and Mrs Frederick Carson left to day for St John. They expect to return the last of the week.

H G Noble, representing the Geo E Barbour Co, St John, spent Sunday in town with his family.

Miss May Bealstro of Lakeville spent part of last week in town, the guest of her sister Mrs Collin M King.

John Johnston, of South Richmond, was able to be out on Sunday last, after a severe attack of pneumonia.

For the Land's Sake use Pure Seed.
