THE DIAMOND DRILL AT THE IRON ORE MINE.

William Parks of St. John, operator of the Government Diamond Drill, arrived in town Wednesday last and commenced at once to set up the drill at the site of the old iron mine to make complete tests of the mineral wealth to be found there. Many of old residents can remember when Iron Ore Hill was a scene of activity. In those days the product of the smelting furnaces at Upper Woodstock had to be hauled 13 miles for shipment and the process of smelting was tedious and expensive. If the expected success attends the efforts now being made an electric smelting plant can be established at the mines and should become a paying process.

A GREAT REMEDY FOR LITTLE ONES

That is what thousands of mothers say of Baby's Own Tablets. We have received thousands of letters praising them—we have yet to receive a single one condemning them. The Tablets cannot possibly do harm even to the newborn babe. They contain none of those poisonous drugs which make the so-called soothing mixtures so dangerous to the welfare of the little one. They are a scientific medicine prepared by one of the greatest specialists on childhood ailments and should be kept in every home where there are babies or small children. Mrs Fred McCarthy, Pinewood, Ont., writes; I have used Baby's Own Tablets and have found them a great remedy for little ones. I would not be without them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PRESENTATION TO MR.

J. E. HAWKER.

The choir of the United Baptist Church called at the home of Mr. and Mrs. J. E. Hawker, on the evening of their departure for St John, and presented Mr. Hawker with a set of solid gold monogram cuff links and the following address of appreciation.

Mr. J. E. Hawker:—Our meeting here to-night tells us with regret as we realize that you and your family are soon to depart from us. We feel that we as a choir are losing a great helper and a true friend. In the six years we have been associated we have ever found you to be generous, kind and courteous. Your place in our social life and church service will be hard to fill. It gives us much pleasure to present you with the cuff links as a loving token of friendship from the choir of the United Baptist Church of Centreville. We trust that you will not value your worth to us by the dollars and cents in this gift but by the spirit of friendliness that moves us to come here to-night. When you leave us here to settle in your new home, be assured that you carry with you the highest respect, the best wishes and kindest regards of all.

May God bless and prosper you and your family wherever your lot may be cast, and keep us all in His love until we meet with the hosts of the Redeemed from all nations to worship God, and sing His praise forever. Signed on behalf of the United Baptist Church, Centreville N. B.:—Miss F. Jean Estabrooke, Mrs. J. E. Alexander, Mrs. C. A. Long, Mrs. B. B. Estabrooke, Mrs. C. R. Cliff, Mrs. J. D. McLean, Miss Laura A. Burpee, Mrs. Bessie W. Campbell, Miss Bartle M. West, Miss Dancy C. Bartt, Mr. Randolph L. Clarke, Mr. Rex. S. Backwith.

Mr Hawker, although taken wholly by surprise, responded very feelingly and fittingly in a neat speech. The gathering was in the nature of a surprise party and Mr and Mrs Hawker had no knowledge of the affair until the guests assembled.

FIVE LIVES LOST IN ST JOHN RIVER

Edmundston, N B May 2—The saddest accident in the history of Edmundston happened here last night, by which five lives were lost. The wire used in running the ferry between this place and Madawaska, Maine, broke when the boat was in the middle of the river and the boat upset and all but one of its occupants were drowned. The river is running high and is icy cold, so that those thrown in to the water had little chance to help themselves. Those drowned are; Solomon Hebert, aged 22, and Calixte Dufour, 40, of St David Maine; Allan Phillips, aged 15, son of H W Phillips, C P R, station agent here; Isidore Moscovicz, 14 years old, son of Joseph Moscovicz, merchant, and a middle aged man whose name cannot be learned.

Zaphrin Dingle, who was in charge of the boat, was saved, but was unconscious when brought ashore.

A boat with several men started out as soon as the accident was noticed, but the current was too swift for them to over take, those struggling in the water.

Mrs Phillips was watching the boat in which her son was coming across the river, and the boy had waved a signal to her just before the wire rope broke. Much sympathy is felt for the families of the deceased, especially for those of the two young boys.
