#### AN INTERESTING REPORT

Published elsewhere in this issue is the Annual Report for past year of the Board of Directors of the Canada Cement Company, as read by the President, to the Shareholders, at the Annual Meeting held in Montreal on the 21st of February.

The frank statement of the policy and the general attitude of fairness evidenced by this address, are such as to warrant more than passing comment. Any lay member of the community reading the Report must surely feel disposed to echo the hope expressed by the President, that the increased demand and increased output in the year to come will result in further savings in the cost of manufacture; and it further cannot be but felt by the public at large that any such reductions that may be obtained will according to the board minded policy of the Company be used as an advantage to the customers of the Company—the concern depending for their profits upon increasing volume of business.

Especially interesting is the statement that the policy of the Company is such as to tend towards equalization of the price of cement throughout our Canada so far as possible.

Another noteworthy feature of the Report is the provision made for the employee to be come possessors of stock. This is, as pointed out a policy already in force in some of the largest institutions, and shows that the Canada Cement Company are quick to appreciate any means of stimulating interest and confidence upon the part of the staff.

The strong financial position of the company is a well known fact, and all that is necessary to ensure the continued prosperity of the country, together with an increased realization of the importance and economy of cement as a building material.

#### MRS JUDSON G CHENEY.

Mrs Josephine Ardelia Cheney, the subject of this obituary, was born in Hartland, N B, March 17, 1857. She finished her earthly life in Fort Fairfield, and entered into that rest that remains for the people of God, on March, 12 1911. She was the daughter of Mr and Mrs William Hallett. She was married to Judson G Cheney at Jacksonville, N B.

Twenty three years of her married life were lived in this town. Her death is a distinct loss to the community. She was received into membership in the Methodist Episcopal church by the Rev J H Barker September 13 1895. In November 1895, she was divinely healed of a cancer in the stomach in answer to the prayers of her pastor and her own faith in the power of God to do it.

In her everyday life she exemplified the power of vital godliness. She lived in the light of God and so her life reflect

ed that light. To be in her presence was to know she was a Christian. Her life was a living epistle read and known of all men. Though of a diffident retiring nature she was never slow to bear witness to the saving and keeping power of the Gospel of God. She loved God supremely, was loyal to the church, and, to the extent of her ability, heartily supported all its ordinances. Truly a mother in Israel as fallen.

We shall miss her. She has left behind to mourn their loss, a husband, two sons and two daughters, two sisters and several grandchildren, who have the sympathy of the whole community. To them is left the example of a beautiful Christian life. Fort Fairfield Review

#### USING PURGATIVES

#### INJURES HEALTH

What You Need in Spring is a Blood Building Tonic

A spring medicine is an actual necessity to most people. Nature demands it as an aid in carrying off the impurities that have accumulated in the blood during the long winter months of indoor life. Unfortunately thousands of people who recognize the necessity for a spring medicine do not know what is best to take and dose themselves with harsh, griping purgatives.

This is a serious mistake. Ask any doctor and he will tell you that the use of purgative medicines weakens the system, but does not cure disease. In the spring the system needs building up—purgatives cannot do this—they weaken you still more. The blood should be made rich, red, pure, and only a tonic medicine can do this. The best blood building, nerve restoring tonic medical science has yet discovered is Dr Williams' Pink Pills. Every dose of this medicine actually makes new, rich blood. This new blood strengthens every organ, every nerve and every part of the body. This is why Dr Williams' Pink Pills cure headaches and backaches, rheumatism and neuralgia, banish pimples and eruptions, and give a glow of health to pale and sallow cheeks. Men, women and growing boys and girls who take Dr Williams' Pink Pills eat well, sleep well, and feel bright, active and strong. If you need a medicine this spring—and most likely you do—try this great reviving tonic and feel the new life, new health, and new strength it will put into you.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.
