Mrs. Susan Wissler, a widow, 50 years old, was recently elected mayor of Dayton, Wyo. She was backed by the business interests, ran on an independent ticket and won with votes to spare. Mrs. Wissler formerly was a school teacher, but has conducted her husband's dry goods business since she was left a widow. She has two children.

Does Famine Threaten America?

Chicago, Aug. 9.—That America is facing a famine unless agricultural conditions are vastly improved, was the general opinion of the speakers at the annual meeting of the National Soil Fertility League to-day. "Statistics show that agriculture in the United States has been so neglected that within twenty years we will be forced to import our principal food products from foreign lands. We are facing an inevitable famine, unless the soil is greatly improved," said H. M. Gross, president of this organization.

Mrs. Allison C. Phillips

Died at her home in Pembroke, on the 8th of August, Mrs. Allison C. Phillips in the 18th year of her age, after an illness of nearly seven months, beginning with Bronchitis and ending in Consumption, which she bore with great patience and fortitude.

The funeral was at her late home in Pembroke on Saturday afternoon, 10th. The Rev. R. W. Weddall delivered a forceful address to a large gathering. The following hymns were sung: "Come Spirit, Come," "We Are Going Down the Valley," and "Remember Me, O Mighty One." An abundance of beautiful flowers were contributed by friends.

The deceased was a daughter of Mr. and Mrs. John Sharp, of Lower Wakefield. She became the head of one of the old homes in Pembroke when scarcely sixteen years of age, and by her good sense, and womanly qualities, she won the respect and friendship of the community. Her bright young life has closed in the morning of her activities.

She is survived by her husband, father and mother, three brothers, one sister, two half brothers, and five half sisters and a large circle of more distant relatives and friends.

Mr. Phillips has the sympathy of the country at large. This is the second time within two years that his home has been broken up by death, his mother having died in October, 1910.

Leaves Ministry For Editor's Chair

Boston, Aug. 16.—Men who would refuse to enter a church to hear certain truths would read the same truth in a newspaper and applaud it," was one of the statements made by Rev. Charles W. Casson in announcing his withdrawal from the pulpit of the Third Religious Society of Dorchester, Unitarian, to accept the editorship of the Ottawa Citizen. He says he is a believer in woman suffrage, public ownership and socialistic ideals, and adds: "I expect to do vastly more good as an editor than as a minister."

Sad Loss of Life on Spanish Coast

San Sebastian, Spain, Aug. 16.—Official returns show that altogether 143 fishermen were drowned in the gale which for two days has swept the Spanish coast.

King Alfonso and Dowager Queen Maria Christina have headed a public subscription which is being collected to aid the families of the victims. In addition, the King has sent his

private secretary to Bermeo, a seaport town on the Bay of Biscay, near Bilbao, where most of the fishermen come from, to give pecuniary relief to the widows.

Boy Soldiers From New Brunswick

DIGBY, N. S., Aug. 16.—Crowded with Cadets and Boy Scouts, the D. A. R. liner Yarmouth looked like a miniature transport ship as she steamed into Digby to-day, bearing with her about 300 boy soldiers from New Brunswick.

The gay tartans of the two Highland corps from St. John contrasted with the sombre grey of the Rothesay College and khaki of the other New Brunswick corps, and an occasional gold-braided officer, with his sword clanking behind him, added greatly to the scene, which will not readily be forgotten by the tourists of Digby, who thronged the dock and cheered as the boat approached.

The boys were formed up and marched to the station, where they entrained for Aldershot. At Aldershot they will be brigaded with the Boy Scouts and Cadets from Nova Scotia and P. E. Island.

The New Brunswick contingent was made up as follows:

St. John, N. B.---	
St. Stephen's Cadets	40
A. O. H. Cadets	35
R. C. S. Cadets	15
St. Andrew's Cadets	10
Fredericton Boy Scouts	120

BABYS GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach disorders come without warning and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the home where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will cure the baby. Mrs. Adelaide Ouillette, St. Bruno, Que., writes: "My baby was troubled with his bowels, but Baby's Own Tablets soon set him right again." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FARM LABORERS.

"The Call for Help" from the farmers of Western Canada is resounding throughout the Maritime Provinces. Thousands upon thousands of helpers will be necessary to assist in harvesting the great crops in Manitoba, Saskatchewan and Alberta. The demand for laborers is greater this year than ever before. The West cannot provide and the East is again requested to render assistance that is absolutely necessary. The Canadian Pacific Railway is called upon to name excursion rates, and operate special trains for the transportation of farm laborers going from the Maritime Provinces. The excursions will leave the Maritime Provinces Aug. 12th and 28th. See advertisement.

THE LITTLE GIANT Potato Harvester

Strong as a Giant

Performs the Work Easily

Made Right

A Perfect Digger

A Few Good Reasons Why The Little Giant Digger Excels

Great Strength because perfectly proportioned—Light Draft, by reason of scientific design of hitch—Leverage System direct and easily manipulated—Truck Wheels, large size, and automatically turned—Vines and Trash deposited at side of row—Potatoes not bruised but are thoroughly separated from soil—Main Wheels set close to frame, do not run on the next row—Chain Driven, no gears to wear out—Light Enough for Two Horses and strong enough for four horses—Elevator Web Capacity sufficient for heaviest rows, being 22 inches wide and 7 feet long—Main Sides of Frame are moulded in one piece to secure a rigid frame.

The Little Giant Potato Digger took the lead in Aroostook County last year, not only in the number sold but in the superior quality of its digging power as well. Many farmers, after seeing it work discarded machines they had used but a few seasons and bought the little Giant, not only on account of the superior work done with this machine, but on account of its light draft, being easily handled by two horses, and as we consider the farmers of Carleton County entitled to just as good machines as our neighbors across the Line, we have secured the agency for the Little Giant and will be pleased to show you this machine and quote prices. Call at our warehouse or send for circulars.

Birdshot For The Harvesters

North Bay, Ont., Aug. 16.—A crowd of New Brunswick and Maritime Province harvest hands, bound for the western wheat fields on the C. P. R. annual excursion, met with an unpleasant reception at Coldwell, 456 miles west of North Bay, which checked their exuberance. When the special train stopped at Coldwell, a gang of young men proceeded to raid the farmers' gardens nearby, but when gleefully gathering up their spoils, were stung into realization of their crime by a broad-side of birdshot from the shot guns of farmers in ambush. About a dozen of the harvesters were wounded painfully, but no serious injuries are reported. It has been impossible to discover thus far who was responsible for the shooting, but the farmers near the C. P. R. stations are ready this year for any acts of the lawless band which annually crosses the country, leaving various marks of its passing.
