Thaw Refused His Liberty

White Plains, N. Y., July 26.--Harry K. Thaw, in the eyes of the law is still insane and must remain in the asylum where he was placed on Feb. 1st, 1908, after he had killed Stanford White. Justice Keogh of the Supreme Court today denied Thaw's application for freedom. The court took the ground that Thaw's release would be dangerous to public safety.

This is the third attempt made by Harry K. Thaw to gain his liberty from Matteawan Asylum for the Criminal Insane on a writ of habeas corpus. The sole question tried before Justice Keogh without a jury was whether Thaw is now sane.

During the present trial which begun on June 17 and was much briefer than the previous habeas corpus proceedings Mrs. Evelyn Nesbit Thaw took the witness stand and Thaw himself was called to testify to the authenticity of several letters written by him. Several noted alienists were called in the case.

In announcing his decision Justice Keogh said: "Having listened to all the testimony I am of the opinion that Harry K. Thaw is still insane and that his discharge would be dangerous to the public peace and safety."

The writ of habeas corpus upon which Thaw obtained his temporary release from the Matteawan State Asylum is dismissed and the court orders that Thaw be returned to the custody of the superintendent of that institution. Thaw has been living at the local jail in charge of the sheriff since his case opened early in June.

James McNamara Is Insubordinate

Confined In Cell

San Francisco, July 27.--That Jas. B. McNamara, serving a life sentence in San Quentin Penitentiary for murder committed in the dynamiting of the Los Angeles Times building, October 1, 1910, is held in solitary confinement in an effort to make him confess further details of that conspiracy, is charged against Warden John E. Hoyle, by a delegation of nationally prominent labor leaders.

Warden Hoyle denied the accusation told the committee that McNamara was in the "solitary" because he was recalcitrant, and assured his guests that their visit would neither lengthen nor shorten McNamara's punishment, which has already lasted 20 days, or twice the usual time. The Warden said, John J. McNamara was a well behaved prisoner, but James B. had been a leader in a recent "bread riot."

Tonic Treatment

For The Stomach

The Modern Method Most Successful
in Treating Indigestion.

The old-fashioned methods of treating indigestion and stomach troubles are being discarded. The trouble with the old fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form.

The modern method of curing indigestion and other stomach troubles is to tone up the stomach to do its normal work. Every step toward recovery is a step gained, not to be lost again. The recovery of the appetite, the dis-

appearance of pain, the absence of gas—all are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic medicine, every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. The success of the treatment is proved by thousands of cases like the following. Mr. W. W. Swain, Grand Valley, Ont., says:—"For several years my mother had stomach trouble from which she got no relief whatever until she began the use of Dr. Williams' Pink Pills. She was treated at different times by three doctors, but their efforts did not avail. Then she was advised to try an electric belt, but it proved worthless. She suffered much during this time and food became distasteful. The trouble also affected her nerves and her general health was on the verge of a breakdown. One day a friend who was in asked her to try Dr. Williams' Pink Pills. Without very much hope that the pills would prove successful when other medicines had failed, we nevertheless got her a supply. In a few weeks we could see a decided change, and got six more boxes, by the time these were used mother was almost well, and she kept on taking the Pills for a short time longer and was completely cured. She is now a healthy and strong woman and is never bothered with her stomach in any way. I hope this statement will bring relief to other sufferers."

Why experiment with medicines of doubtful value, when you have such positive evidence of the benefit following the use of Dr. Williams' Pink Pills? Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NO WONDER HE WAS HAPPY

Mrs. Smithers noticing that her husband was very talkative at tea, she asked him the reason.

"Well," said Smithers, "I am happier than usual today, and the reason is that I did three good things on my way to business to-day. I saw a young woman with a baby sitting on a church step, weeping. I felt sorry for her, and I asked her the reason for crying."

"Oh sir, she said, 'I walked six miles to have my baby baptised, and now that I have arrived, I find that I have lost my purse. I told her that was a small matter and handing her a sovereign, told her to get the child baptised, and bring me the change afterwards, which she did. So you see I did three good things, I performed an act of charity, started a little child on its way in life, and got fifteen good shillings for a bad sovereign."

No More Free Lunch

LOS ANGELES, July 23.--Free lunches were formally abolished from saloons in Los Angeles to-day by the City Council, which took a final vote on this proposition, which had been before various Council committees for months. The law will take effect in thirty days.

The step was taken with some hesitation by the city fathers because of no precedent existing that could be taken as a criterion, but as the demands for the abolishment of the "poor man's dinner," as it is termed by saloon men, were so insistent the Council decided to give the issue a test.

THE LITTLE GIANT Potato Harvester

Strong as a Giant

Performs the Work Easily

"Made Right"

A Perfect Digger

A Few Good Reasons Why The Little Giant Digger Excels.

Great Strength because perfectly proportioned—Light Draft, by reason of scientific design of hitch—Leverage System direct and easily manipulated—Truck Wheels, large size, and automatically turned—Vines and Trash deposited at side of row—Potatoes not bruised but are thoroughly separated from soil—Main Wheels set close to frame, do not run on the next row—Chain Driven, no gears to wear out—Light Enough for Two Horses and strong enough for four horses—Elevator Web Capacity sufficient for heaviest rows, being 22 inches wide and 7 feet long—Main Sides of Frame are moulded in one piece to secure a rigid frame.

The Little Giant Potato Digger took the lead in Aroostook County last year, not only in the number sold but in the superior quality of its digging power as well. Many farmers, after seeing it work discarded machines they had used but a few seasons and bought the little Giant, not only on account of the superior work done with this machine, but on account of its light draft, being easily handled by two horses, and as we consider the farmers of Carleton County entitled to just as good machines as our neighbors across the Line, we have secured the agency for the Little Giant and will be pleased to show you this machine and quote prices. Call at our warehouse or send for circulars.

BENN & TURNEY

Woodstock, N. B.

Wanted
