### TO RECEIVE

Mrs. J. Harold W. McLaughlan will receive on Thursday and Friday afternoons at the residence of Mrs. John McLaughlan, Maine Street.

## "Over Night"

Friday, Sept. 27th at the Hayden-Gibson Theatre "Over Night," one of William A. Brady's attractions, will be the offering.

"Over Night" is one of the big laughing successes of last season in New York, and enjoyed a long and prosperous run, covering a period of nine months, part of the time being played at the Hackett Theatre and the balance at Mr. Brady's "The Playhouse". This season "Over Night" was produced at the Princess Theatre, Chicago, and it scored such a "hit" that it was continued there for more than three months, having only recently closed a run that was a record breaker. It was written by Philip H. Bartholomae, a young playwright who had not before been heard of, but who became famous, as it were "over night." The New York and Chicago critics were unanimous in allotting much praise to Mr. Bartholomae's work, and they one and all declared it to be the best comedy of the season. As might be inferred from its title, the action of the play is confined to a single night's happenings, and the scenes for the most part are laid on board the Hudson River steamer "The Hendrick Hudson," which latter fact occasions "Over Night" to be referred to as a "fast-going steamboat comedy." The complications of the play arise over the mishaps and misfortunes that come to two newly married couples on their honeymoon trip en route to Albany, and while the subject is a delicate one, Mr. Bartholomae has succeeded, so it is said, in making an uproariously funny play, without the slightest suggestiveness. Mr. Brady promises a good production of the play, and a first class company. It is promised that "Over Night" will surely prove to be the biggest laughing success of the season.

### CHURCH SUPPER

The ladies of St. Paul's church will hold a supper in the vestry on Thursday evening, October 3rd. Tea will be served from 5-7. Home made candy for sale. Admission and supper 35c.

### SCOTT ACT PROSECUTIONS.

Mr. Colpitts, the Scott Act Inspector, and James W. Woolverton, made a seizure of three barrels of liquor at the C. P. R. station at Debec Jct. on the 14th inst, which it is alleged was shipped into the County of Carleton contrary to the Canadian Temperance Act. Information has been laid against the agent of the company in connection therewith.

## Just WHAT CARE do you take about the medicines you need?

Of course you care some—that's natural.

But what do you KNOW—how do you endeavor to protect yourself against impure drugs substitutions etc To be certain, leave it to us—let us fill your prescriptions.

That is our specialty—

We are recommended by—

PURE DRUGS

AMPLE FACILITIES

KNOW HOW

SAFETY METHODS—

The careful selection of drugs tested for standard purity and strength, and their scientific manipulation make our prescription work RIGHT.

See that our label is on your medicines. Then you are safe.—

A. Potter.—The Malone Farmer N. Y.

## Woman Campaign for Pure Food

Mrs. Overton G. Ellis, chairman of the food sanitation committee of the General Federation of Women's Clubs and of the same committee of the Washington State Federation, is said to be responsible for the pure food laws which have just been enacted in her State. About two years ago Mrs. Ellis, as the president of the Aloha Club of Tacoma, invited the heads of the other women's clubs to her home to form a pure food council. As a result of this invitation 2,000 women became actively engaged in a campaign for pure food. When a few months later the D. A. R., the W. D. C. and the W. C. T. U. were invited to join 1,000 more women became interested in the agitation.

A bill was finally drafted and though no one dared to oppose it, in the peddling back and forth and recopying jokers were inserted and clauses and portions of clauses left out. Mrs. Ellis always on the alert, saw to it that these alterations were corrected and the original bill was presented and passed, with the exception of the clause requiring the wrapping of bread.

To disprove the statement that paraffine would mix with bread if the loaf was wrapped while hot, and that it required the better part of twenty-four hours for a loaf to cool, forty ladies in Tacoma made daily experiments. For nine days these forty women baked, wrapped and watched bread wrapped proved that bread would cool on racks in forty minutes. They made chemical tests of bread from one to thirty days after baking and wrapping and found that paraffin refused to mix with bread under any condition.—Toronto Weekly Sun.

## SCOTT'S EMULSION

is, above all other things, the remedy for sickly, wasted children. It nourishes and builds them up when ordinary food absolutely fails. Be sure to get SCOTT'S. All Druggists. Scott & Bowne, Toronto, Ont. 12-13

## Aroostook Potato Crop To Be Short

Bangor, Sept. 21—"After investigating the conditions in Aroostook county I do not recommend the shipping of potatoes to any great extent at the present time owing to the greenness of the product," said C. E. Embree, manager of the Maine Farmers' union here yesterday.

I have made a thorough inspection of the potato fields in six or seven towns in Aroostook county and it appears that if the government estimate fall as far short elsewhere as it has there, there are not so many potatoes in the country as was at first supposed.

It is true that there are a number of fields in Aroostook county that will produce from 100 to 140 barrels of potatoes to the acre, but these fields are in the great minority. There are some fields that will not produce more than from thirty to forty barrels and throughout the whole northern section of the county the average will not be more than sixty bushels per acre.

If this estimate is correct then Aroostook county will not ship more than 10,000,000 bushels this season as compared with 15,000,000 bushels last season.

## WORK AND WORRY WEAKEN WOMEN

It is useless to tell a hard-working woman to take life easily and not to worry. Every woman at the head of a home: every girl in offices, shops and factories, is subject to more or less worry. These cannot be avoided. But it is the duty of every woman and every girl to save her strength as much as possible and to build up her system to meet any unusual demands. Her future health depends upon it. To guard against a breakdown in health the blood must be kept rich, red and pure. Nothing can keep the blood in this condition so well as Dr. Williams' Pink Pills. They strengthen the nerves, restore the appetite, bring the glow of health to pallid cheeks, and renewed energy to listless people. Women cannot always rest when they should, but they can keep their strength and keep disease away by the occasional use of Dr. Williams' Pink Pills. Or if a breakdown has come unexpectedly they can obtain new health through this same medicine. Mrs. M. Thomas, River street, Toronto, says: "For several years I was almost a constant invalid, unable to do my housework and spending much of my time in bed. My nerves seemed worn out and I was so run down that all my friends thought I was in a hopeless decline. I was as pale as a corpse; I was so bloodless that if I cut my finger it would not bleed; my limbs were swollen far beyond their usual size. At the least exertion my heart would palpitate violently, and I frequently had fainting spells. I was under treatment by good doctors, but it did me no good. Then one day my husband brought home some Dr. Williams' Pink Pills and I began taking them. They seemed to go to the root of the trouble, and in the course of a few weeks the improvement they were making was quite plain. Gradually as I continued taking the Pills the swelling of my limbs disappeared; the weak spells came less and less frequently; my appetite greatly improved, and finally I was completely cured and able to do my housework with ease. Later, my daughter Elma seemed to be troubled with anaemia, and we gave her the Pills with the same good results."

Why suffer in any way when you can begin curing yourself to-day with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## After White Slavers

Cleveland, Ohio, Sept. 21—An after midnight raid on a Prospect ave. house, constituting a portion of the police war against the alleged white slave "clearing house" here, resulted in the arrest of Ida Phillips on a white slavery charge. Blanche Vernon, an eighteen-year-old girl, is held as a witness. Two other women escaped by jumping from upper story windows.

The police say that they have discovered a wealthy Chinese of Cleveland and Pittsburg to be at the head of an organized clique which is working in the interest of the white slave trade. They say, too, that a Cleveland banker is implicated in the ring.

## Cold, Wet Weather Retards Threshing Operations In West

Winnipeg, Sept. 22—The cold, rainy spells hangs over the western provinces tonight and it looks like retarded threshing operations again tomorrow.

In Saskatchewan the temperatures under threatening skies are just above 30 and going lower. In Alberta it is a little warmer but is likely to reach freezing point. In Manitoba it is not low. In parts of all three provinces there have been showers today.
