Expelled For Fatal Hazing

Raleigh, N. C., Sept. 29—Following the hazing and death of Isaac W. Rand, twenty students have been expelled.

Two weeks ago four sophomores forced Rand to dance and sing until he dropped from the barrel on which he stood with a severed artery and jugular vein.

The university faculty yesterday expelled the four sophomores for all time and sixteen others who have participated in hazing for a year.

President Venable and the executive committee declared that the dismissals are not for aggravated forms of hazing, but the university exacts of each student a pledge that he will not countenance hazing and these students did.

Young Rand died Sept. 13. Ralph Oldham, A. Csytron, William Merriman and A. C. Hatch, the hazers, were arrested and now await trial for manslaughter.

Clarence Dunphy of the Houlton Business College spent Sunday at home.

Presentation to Rev. W. H. Johnson.

A surprise of a very pleasant nature awaited Rev. W. H. and Mrs. Johnson on their return from the Prayer meeting on Friday Sept. 20. Mrs. Johnson had been ingeniously lured away by a neighbor offering to mind the house while she attended the prayer meeting; and on their return to the parsonage the clergyman and his wife discovered the house full of overflowing. Others quickly followed until the number of guests almost reached 70.

After a pleasant half-hour, the Rev. Geo. Ayers, Methodist minister in a pleasant speech presented a carefully worded address expressing appreciation of Mr. and Mrs. Johnson's labors and signed by over 70 names, representing almost every house of whatever denomination in five miles of the Jacksonville Road.

At the same time Mr. Ayers presented Mr. and Mrs. Johnson with a handsome purse well lined with bills. The whole being a token of good feeling on the occasion of the removal of the Rev. Mr. Johnson from Jacksonville to St. George to the pastorate of the Baptist Church there.

The recipients were at a loss for words to return thanks for so magnificent totally unexpected a gift, but endeavored in a few words to express their appreciation and pleasure. After the presentation refreshments were served and a pleasant time spent until nearly 11 o'clock when the Rev. C. Ayers conducted Family worship, and the guests dispersed. Since that evening the friends of the Lindsay Baptist Church have added to the donation which at this date exceeds \$70.00.

Dickinson-Dibblee

One of the prettiest of the autumn weddings was celebrated on Wednesday, Sept. 25th, in St. Luke's church, when Annie Ellegood, daughter of Mr. and Mrs. J. T. A. Dibblee, was united in marriage with William Dickinson. The ceremony was performed by Rev. A. S. Hazel, pastor of the church. To the strains of the wedding march from Lohengrin, played by Miss Fanny Raymond, the lovely bride, gowned in white duchess satin, trimmed with princess lace, carrying a bouquet of bridal roses, entered the church escorted by her father, preceded by the surpliced choir of the church, and the ushers, George Dibblee and Douglas Winslow.

Miss Margaret Dibblee, gowned in pink charmeuse with black velvet hat trimmed with willow plumes, was bridesmaid. The groom was attended by LeBaron Dibblee.

The church was beautifully decorated with autumn flowers and leaves. The altar was a mass of white phlox. A reception was held after the ceremony and refreshments served. After the usual toasts and good wishes the bridal couple left on their honeymoon trip to Montreal and other cities, the bride travelling in a smart tailor made dress of navy blue serge with large hat to match.

The groom's gift to the bride was a beautiful locket and chain, to the bridesmaid a pearl crescent.

The happy couple will reside in North Vancouver, where Mr. Dickinson is manager of the Royal Bank of Canada. Among the out-of-town guests were Mrs. Hugh Bruce, Mr. and Mrs. George Y. Dibblee, Frederickton; Miss Elsie Winnifred Raymond, St. John; Miss Elsie Lawson, St. Stephen, LeBaron Dibblee, Madison, Me.

ing 200 continuous horse power is used.

The Eel River Company's proposed plant is to furnish about 2,000 horse power continuously and a pole line to Fredericton will cost, it is estimated, about \$72,000. The aldermen didn't come to any conclusion about the matter last evening, because they are not in a position to deal with the question until they engage a competent electric engineer who can give information as to the amount of power now in use and what the changes necessary for using electric power would cost.

The introduction of electric power for the water pumping plant would mean that instead of direct pumping

Anderson McKay

The home of Mr. and Mrs. Andrew McKay, Florenceville, N. B., was the scene of a very pretty event on Wednesday, Sept. 25th, when their daughter Sadie Pearl was united in marriage with Wm. Anderson, of Good's Corner, N. B. the officiating clergymen being the Rev. Mr. Manuel. The ceremony took place under an arch and bell of evergreen beautifully decorated with autumn leaves. Miss K. E. Mr. Roosevelt

Mr. Roosevelt is not cutting the wide swath in politics that he did a few months ago, and the indications are that his strength is not nearly as great as was expected. The Taft forces gain encouragement from this fact, while the democrats are perfectly satisfied with the situation. The Boston Advertiser which supports the regular republican candidate, but pursues a moderate course editorially, declares that the third-term party defection from the republican party in Massachusetts is not much over ten per cent., and is possibly much smaller than that. It proves this by a study of the republican vote in the primaries this year, as compared with the figures of a year ago, which show that there was an actual decrease of about 13 per cent. Even this defection was not all due to the defection of the third-party men. Last year the excitement over the three-cornered contest in the struggle for the republican nomination for governor was keen and widespread, and the voters attended the primaries in larger numbers than they did this year. Making allowance for this fact the Advertiser brings the defection down to eight per cent., which certainly is not large. Mr. Roosevelt has been on a tour of the west, where he is undoubtedly popular, but the tour did not afford the unbiased onlooker proof that he would carry that section of the country.

as at present there would have to be a reservoir established. It is also understood that some change would have to be made in the street lighting system. The amount of power the city is required to take would mean a considerable surplus above that necessary to run the municipal services and the company suggests that the city offer that to industries at cost.—Cleaner.
