Sell Suffragists Effects For Stone Throwing Freak

London, Nov. 1—Echoes of the London stone-throwing campaign of the suffragettes last March were heard amid the Surrey Hills yesterday, when the contents of Mr. and Mrs. Pethick Lawrence's cottage, the "Mascot" were put up at auction to satisfy actions for damages given against them.

Mr. and Mrs. Lawrence were formerly associated with Mrs. Pankhurst and her daughter, Christabel, in running the Women's Social and Political Union, and conducting the newspaper "Votes for Women," but the factions disagreed recently, and in consequence the Pankhursts are conducting a separate campaign. Both the Lawrences have served jail sentences.

The proceedings yesterday opened with a speech by Mr. Lawrence. Standing on a table containing one of the lots to be sold, he told the story of why the sale was made.

Mrs. Lawrence, attired in grey with a big picture hat, with waving green feathers, then mounted the table and extended a hearty welcome to everybody, including the photographers.

The prices realized were not sensational. The articles sold included prizes won by Mr. Lawrence at Eton and Cambridge.

New Rules For German Ocean Going Steamships

Berlin, Oct. 23—New rules for ocean-going steamships were approved today at a conference of representatives of the German Ministers, the Federal Council and the shipping interests as the basis of Germany's attitude at the International Maritime Conference to be held in London. They affect bulkheads, lifeboats, wireless telegraphy and the reporting of icebergs.

All passengers steamers carrying seventy-five persons, including the crew, and freighters carrying a crew of sixty must be equipped with wireless telegraphy having a radius of 100 sea miles and carry a certain proportion of skilled oarsmen to man the lifeboats.

The regulations as to bulkheads have been thoroughly amended.

GROWING GIRLS AND ALL WOMEN

Should Keep Their Blood Supply Rich, Red and Pure.

On every hand you see women and growing girls in the deadly clutches of anaemia. Slowly but surely a pallor as of death, settles on their cheeks; their eyes grow dull; their appetite fickle; their steps languid. Daily they are being robbed of all vitality and brightness. The trouble, if neglected, becomes more acute until the signs of early consumption become apparent. What women and young girls in this condition need is new, rich, red blood, and there is no other medicine can do the work of Dr. Williams' Pink Pills, in making this new, good blood. These Pills make girls and women well, and bring back the charm and brightness of perfect, regular health. Here is a bit of prof. Miss Lillie O'Carroll, Norwood, Ont., says:—"About two years ago my health began to fail. I was weak, run down and had no ambition for anything. I had frequent headaches, would be completely tired out after the least exertion, and had little or no appetite. A doctor who was giving me medicine finally told me he feared I was going into consumption, which, of course made me very much downhearted. As the medicine I was taking was not doing me any good I decided to try Dr. Williams' Pink Pills, and I shall ever feel grateful that I did so. My story may be summed up in the words "nine boxes of the Pills fully restored my health,-- perhaps saved my life, and I am now as strong and healthy as any girl."

Every anaemic sufferer can obtain equally good results through a fair use of Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
