Heat Has Cut Crop Estimate

Saskatoon, Sask., July 6—Crop reports from more than fifty points in the central and northern parts of the province have been received by the Phoenix covering the present conditions and the effects of the recent storms following a season of unusual heat.

In general it is conceded that the very promising yield will be reduced by five to ten per cent by the hot spell, which is also expected to materially affect the length of the straw. However, there is still every indication of a bumper crop.

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in the summer because they regulate the bowels and keep the stomach sweet and pure. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Doctor Finds Serum Cure For Pneumonia

A serum cure for pneumonia, for which scientists have been searching for years, is announced by Prof. Augustus B. Wadsworth, of the Department of Bacteriology of the College of Physicians and Surgeons, Columbia University, New York.

In describing his success, in the Rockefeller Institute's Journal of Experimental Medicine, he states that, though his serum has been applied so far only to animals, he has no doubt that it will work just as well in the case of human beings.

The experiments were made with rabbits. He produced pneumonia in them by injecting the germs of the disease. The first thing he discovered was that injections of dead pneumonia germs gave rise to but little reaction.

Further experiments showed that while the dead pneumonia germs did not sicken the rabbits, they gave the animals immunity from and resistance to the disease itself, although they did not have any marked curative action. He then found out that injections of living, virulent pneumonia germs gave the blood serum of the rabbits a marked curative action.

Child Perished In Burning House

Chatham, July 6.—On Thursday the house belonging to Joseph Martin in Lower Hardwicke caught fire while Mr. Martin was out working and Mrs. Martin was attending to the cows in the barn. It was burned to the ground and a three year old child, who was asleep upstairs at the time, was burned. Much sincere sympathy is extended to those bereaved by the unfortunate incident. It is thought that some boys playing around the house might have started the fire.

HELP FOR REGINA

Vancouver, B. C., July 6—The provincial government has given \$5,000 to Regina sufferers. Vancouver has voted \$1,000, and North Vancouver \$250.

They will go about twenty-two miles from the city and intend to proceed to preliminary surveys at once and will commence diamond drilling in about a month's time. Messrs Lomax and Griffiths are expected to remain here to superintend development work.

Earthquake In Alaska

Fairbanks, Alaska, July 8—The most violent earthquake ever known here took place at ten o'clock last night, the earth rocking continuously for 40 seconds, less violent shocks occurred throughout the night.

Louis Anderson, foreman of A mine on Dome Creek, was suffocated beneath a huge slab of earth.

THE CORPORATION DRIVE

The Corporation drive reached Burden, Prince William, on Saturday. Another drive is following, making a clean-up of the river.

Gleaner

Jeers The Mormons

London, July 8—Much space has been given in the newspapers during the last few days to the methods alleged to be used by the Mormons to obtain feminine converts, and public opinion is once again being aroused on the subject.

A party of Mormon elders were heckled during a service in their temple at Brixton last night, three local clergy men being prominent figures among the hecklers.

Cyclone Nearly Wrecks Saskatoon

Saskatoon, Sask., July 7—A miniature cyclone passed over the north end of this city accompanied by heavy rain about 9 o'clock yesterday morning.

A number of garages and small buildings were wrecked, but most of the damage was done in the neighborhood of the Western Canada Saw Mills, a large portion of the lumber in these yards being whirled in a vortex to a height of between one and two hundred feet before being thrown to the ground and smashed to kindling wood. No personal injuries were recorded.

C. P. R. Station At Fredericton Was Damaged

Fredericton, July 7—Considerable damage was done at the C. P. R. station Saturday evening by a run-off. The eastern end of the building was smashed and the platform torn. Three cars ran off the end of the siding, doing the damage named. The accident occurred while the cars of the military special containing horses of the 28th., Dragoons were being shunted. The horses were not injured and no person was hurt.

Judge Summing Up In Camorra Trial In Italy

Viterbo, Italy, July 6—The presiding judge in the Camorra trial today continued his summing up of the testimony given during the two years' trial as to the culpability of the accused in the murder of Gennaro Cucolo and Mar. Culinilli Cucolo. He did not omit any of the details in explaining the case to the jury and referred at some length to the flight of "Erricone" Enrice Algano to America.

Ericone bit his lips until they were bleeding but nevertheless although evidently suffering from the most intense excitement kept his promise not to interrupt the judge.
