Trains Running To Gagetown By Next Winter

Mr. H. A. Corbett, of James H. Corbett & Sons Company, Inc., is authority for the statement that the St. John Valley Railway from Fredericton to Gagetown, will be completed next fall and the trains will be running over the line in the winter of 1913-14.

Mr. Corbett says that next spring his company will enter upon the work on a much more extensive scale. A large amount of steam shovel work will be

done this winter and in the spring four or five more steam shovel plants will be put at work so that the construction will be rushed along. There is a possibility of some of the lighter work being let out to sub-contractors, although nothing along that line has been done thus far.

A resident of Oromocto informed The Gleaner today that the route on which work is now being mapped out for the Valley Railway does not cross the Oromocto river half a mile above the village of Oromocto, but about what is known as Friar Brook and about two miles up the Oromocto stream from the village and a mile below the Harris bridge.—Gleaner

Mrs. Samuel H. Hemphill,

Sadie Augusta, wife of Samuel H. Hemphill of Webb's Mills, Me., died Saturday night October, 12th, at the home of her sister, in this city, Mrs. Dana D. Wagg, aged 33 years and 3 months, after several months of suffering from cancer of the liver. She was brought to this city about three months ago, where she could have the loving care of her sister Mrs. Wagg. The husband and one son, Kenneth, 11 years of age, her mother, Mrs. Rogers, three sisters, Mrs. Wagg of this city, Mrs. Height and Mrs. Oliver of Worcester, Mass., the latter and her mother being with her at her death, and two brothers, Edward Rogers of Aitken Minn., and Milligan Rogers, of Woodstock, N. They immediately went to Presque Isle, making their home there for nine years, then moving to Auburn and other places in Maine. She was a member of the Congregational church at Presque Isle, and was a most loveable woman, bearing her sufferings with Christian fortitude and resignation.

The funeral was held at 2 p. m., Tuesday at the residence of Mr. Wagg, 87 Dresden avenue, and the interment was at Oak cemetery in this city. Rev. Harry M. Rowe of Waterville, a friend of the family officiated.—Daily Reporter-Journal. Gardiner, Me.

Centreville Exhibition

The Centreville Exhibition which was held Oct. 2nd and 3rd was attended by the usual large crowd. The exhibits this year were unusually good but not so many entries as on previous years owing to the unfavorable weather.

THE SCHOOL EXHIBIT

This Exhibit was one of the best features of the fair. The number of competing schools were not large as only the parishes of Kent, Wicklow and Wilmot were allowed to compete; but on the whole the work showed a high standard of excellence. In many cases the teachers showed much taste in the work entered.

The First Prize for general excellence was awarded the Cogswell School. The Second Prize was given to Centerville School and the third went to Lakeville. Special Prizes were awarded to Tracy Mills and Royalton Schools.

Unquestionably the School Exhibit was a success, and the prompt aid made towards this first effort by the teachers of the three parishes is much appreciated by the Society. Next year it will be hoped that the teachers will be given a greater length of time to make the collections by publishing the prize lists early. A larger space should also be allotted to the school work so that it may be seen to better advantage.

Roosevelt's Condition Steadily Improves

Chicago, Oct. 18—Col. Theodore Roosevelt awoke at Mercy Hospital today shortly before 7 o'clock, full of vigor. His nurse hastened into the Colonel's room and was assured he had had a "perfectly bully night." His temperature then was normal.

Chicago, Oct. 18—The following bulletin was issued by Colonel Roosevelt's surgeons at 9.30 a. m.:

"Pulse, 70; temperature, 98.4; respiration, 18. Pain in chest diminished, breathing freer. General condition so good that he will be allowed to sit up for an hour to-day. His convalescence is progressing favorably and unless some latent infection manifests itself his progress should be rapid."

Sudden Death of Young Minister

Fredericton, Oct. 22.—Word was received by Dean Schofield this morning from Grand Falls of the death there today of Rev. William S. Ayling. Only three weeks ago Rev. Mr. Ayling was ordained to enter upon his duties as rector of Grand Falls. An Englishman by birth and a graduate of St. Boniface College, he had been in Canada for the past year and a half, part of the time in Charlottetown. About six months ago he came to this diocese and was installed at New Denmark. He was 28 years of age, and had no relatives here. Acute Bright's disease was the cause of death.

No serious developments are, however, anticipated. Mr. Sifton is confined to his suite of rooms in the Chateau Laurier. Mrs. Sifton and Wynne Sifton are the members of the family in attendance.

Mrs. Geo. Johnston went to De Bec this morning.

Mrs. Geo. Beckwith, Boston, is spending a week with Mr. and Mrs. W. L. Carr.

Mrs. Poole and Mrs. R. E. Holyoke returned on Monday from a three week's visit with relatives in Boston.

T. H. Estey, Wicklow, was in town on Tuesday, the guest of his sister Mrs. Appleby.

Mrs. P. Homer, of Franklin, Me., spent Tuesday in town the guest of Mr. and Mrs. L. Ross.

Editor Dispatch;
Sir—

It is becoming increasingly clear to even the plainest minds that all this talk of a German peril is all there is to that peril. It is also plainly evident that there are agencies at work whose purpose it is to keep up the excitement. No sooner, indeed, does some event occur which tends to show that Germany and Britain are naturally friends and that there is the very best reason for their peoples to be brotherly—to love one another,— than there issues from the hate-breeding abodes of these agencies new alarmist cries. In a word, there are cliques and individuals in both countries who are busy at work keeping the cauldrons of international fears and hatreds forever boiling. The people, the plain, working people, want to be friends with each other, and would be friends, but these disturbers in every way possible are seeking to defeat these natural tendencies. They have axes to grind and they can only grind them by fooling us into turning the crank.

The time has surely come for the people to take this matter firmly within their own grasp. They don't want war; they say they don't, and if they don't what right have they to be driven into it, or led into it or deceived into it?

Furthermore, they should take advantage of every means within their reach to convey to the people of the other nations the fact that they desire to not only live at peace with those people, but have the most brotherly feelings toward them. To this end I am sure the newspapers are ready to offer their columns. Hitherto they have welcomed the agitator and have thus afforded him an opportunity of poisoning our minds against our fellow-men of other countries, and them against us, and there is not a doubt that the papers will give us as cordial a welcome to antidote this poison with words of love and brotherhood. The fault is principally with ourselves, we have not asked to have our say. Let us begin now. The plain people have had to pay all the billions of war, and to suffer all the horrors of war. Let us now do a little of the talking, and let us do it in words of faith, friendship and fraternity.

Yours etc.,
D. E. Jackson

Mr J B Daggett Takes Up His New Duties

Fredericton, Oct. 21.—New Brunswick's new Secretary for Agriculture, J. B. Daggett, took up his duties at his office in the Provincial departmental building this morning. On Saturday evening he arrived from his home in Carleton county, where he had been managing the Hartland Poultry Yards, and registered at Windsor Hall. Later his family will remove here. Mr. Daggett is well known in Fredericton and those who have been brought in contact with him have little doubt but that he will prove an excellent secretary for the provincial agricultural department. He is aggressive, has a good idea of the needs of the agricultural industry in its various branches in the province and a wide acquaintance throughout the different counties.

Coal Famine Feared In Saskatchewan

SASKATOON, Sask., Oct. 21.—A serious coal famine is threatened here, and unless the embargo on the C. P. R. and C. N. R. is raised on freight considerable suffering is bound to ensue. Perishable goods are reported spoiled in large quantities in freight cars that have been stored in the local yards during the past two or three weeks. The Board of Trade is making a rigid investigation.

Miss Alice Manzer left Andover Friday for a trip to St. John and Nova Scotia. She was joined at Woodstock by her brother and his wife Mr. and Mrs. C. W. Manzer, who will accompany her to Windsor, N. S., where they will attend the Woman's Baptist Missionary convention. They will also visit Moncton and be present at the Maritime Baptist convention there and probably the Provincial Sunday school convention also held there.
