Typhoon Sweeps Over Philippines

Manila, Oct. 19.—The typhoon which swept several of the islands of the Philippine group Oct. 16, caused many deaths and heavy damage to property. A telegram received here by the military authorities estimates that 400 persons were killed and damage amounting to \$5,000,000 was done by the storm in the Island of Cebu. The typhoon was of hurricane force and levelled thousands of houses. Vessels were swept ashore and sunk and their crews drowned.

Reports from the Island of Leyte are to the effect that 2,000 houses were destroyed and the hemp, sugar and coconut crops ruined by the typhoon of October 16. The damage there is estimated at \$1,000,000. War, wick Barricks, in the Island of Cebu was badly damaged and not destroyed as the first reports said. Later advice received from that island increases the estimated damage to \$10,000,000.

The Youth's Companion For 1913

The Youth's Companion appeals to every interest of family life, from housekeeping to athletics. It begins with stories of youthful vim and vigor, with articles which disclose the secrets of successful play in the great games, with charming tales of life at the girls' colleges. But The Companion does not surrender these readers when they have entered the more serious paths of life. Mothers will welcome the page for little children and the weekly doctor's article. Fathers will find the important news of the day as it is, and not as it is rumored to be. The entire household will appreciate the sketches which touch gently on common foibles or caricature eccentricity. In short, for less than five cents a week The Companion brings into the home clean entertainment, pure inspiration, fine ideals, increase of knowledge.

Names rarely seen in tables of contents will be found in The Companion's Announcement for 1913, which will be sent upon request—with samples of the paper, to those not familiar with it. Every new subscriber for 1913 who sends \$2.25 will receive free all the issues for the remaining weeks of 1912; also, free, The Companion Window Transparency and Calendar for 1913, in rich, translucent colors—the most beautiful of all Companion souvenirs.

After any Sickness

nothing so rapidly restores health and vigor as **SCOTT'S EMULSION**. It is the essence of natural body-nourishment, so medically perfect that nature immediately appropriates and distributes it to every organ, every tissue—feeding, nourishing and restoring them to normal activity.

SCOTT'S EMULSION is not a patent medicine, but is nature's body-nourishment with curative, upbuilding properties and without a drop of drug or alcohol. It contains superior cod liver oil, the hypophosphites of lime and soda with glycerine, and is so delicately emulsified that it enters the system without digestive effort—builds, tones and sustains.

After croup, whooping cough, measles and other child ailments it is nature's ally in restoring health.

After gripe or pneumonia it imparts strength and health, and for colds, coughs, sore, tight chests and throat troubles **SCOTT'S EMULSION** gives the greatest relief known.

C P R Is Taking Over Allan Steamship Line

Montreal, Oct. 10.—The formal taking over of the Allan Line by the C. P. R. will shortly be announced. All preliminary work in connection with the transfer has been completed and an official announcement of actual transfer will shortly be forthcoming.

A special cable received here says: "The joint stock companies registered in Edinburgh of the Allan Line Steamship Company shows that the Royal Trust Company of Montreal holds 57,637 shares, the total being 60,639 shares. Sir Montagu Allan is registered as holding 500 shares. Allan Bros. & Company is the title of a separate company.

Baptist Ministers In Moncton Churches

Moncton, Oct. 20.—This was a field day for visiting Baptist clergymen in the city Protestant churches and various services were largely attended. In the First Baptist Church this morning Rev. Dr. Hutchinson, St. John, preached, Rev. M. McCutcheon and Rev. C. W. Parker assisting. Dr. Hutchinson took as his text Isaiah 53, 11: "The Suffering Saviour Satisfied," and the sermon is spoken of as one of the reverend gentleman's best pulpit efforts. In the afternoon Rev. J. W. Rutledge submitted the report of the Sunday School Board and gave an address on "Vitalizing the Sunday School." He was followed by Rev. Dr. Cutten, who spoke on Training the Teacher, and Rev. R. M. Bynon, who gave an instructive demonstration of Scripture memory work. Dr. Vining, of Toronto representative of the Baptist World's Alliance, also spoke and in the evening gave a powerful address to a large congregation on the scheme for establishing a Baptist college in Europe. He said \$125,000 was needed for this purpose and a half million more is needed for endowment purposes. Of this amount Canada is asked to give \$30,000 and the Maritime Baptists have pledged themselves to raise \$5,000. At to-night's meeting over \$2,200 was pledged and it is expected to secure the whole amount before the convention closes.

Four missionaries for the Asiatic field leave here to-morrow night for Vancouver, en route to Hong Kong. They are: Misses Chace, Woodman, Corbett and Mason.

The convention is expected to get pretty well through with its business to-morrow.

LATER.

Manila, Oct. 19.—Twenty-five million dollars is the estimated damage done by the typhoon which swept the Philippines on Oct. 16. The storm extended over a wide area, touching Surigao in the south, Taol Ban in the north, and crossing Leyte Boheel, Cebu, Negros and Panay. Reports from the various districts are very incomplete and contain nothing definite concerning the rich sugar districts in Negros nor the interior points in Cebu and Panay.

Five small coasting steamers were driven ashore and wrecked, while a hundred small sailing vessels were sunk. The army and navy have been joined by the government in undertaking measures of relief. The government is dispatching one steamer to convey the doctors, and another with supplies of food, while it is holding the transport Warren in reserve. Apparently there were no casualties among foreign residents, and the total number of dead among the natives has not yet been ascertained.

The Doctor's Question Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent. of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe cause nausea, flatulence, excessive looseness diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store.—E. W. Mair.

TO BOOM MARITIME PROVINCES

The Family Herald and Weekly Star of Montreal, in this week's issue, has started a boom for the Maritime Provinces. They point out that the Western Provinces are growing by hundreds of thousands per year and there is no reason why the Maritime Provinces with even more favorable conditions should not get a big share of the new settlers. They have mapped out a programme to accomplish that end, and are inviting hints and correspondence from these Provinces to assist them. The Family Herald, with its immense circulation and influence can do a lot for our territory and their efforts will be watched with interest. In their annual announcement we notice they are giving as a premium picture, this season, a most beautiful picture subject, entitled "Mothers Treasures," a companion picture to last year's picture. With such a picture and such a grand paper as The Family Herald and Weekly Star at one dollar a year, one cannot go wrong giving it a trial.
