- 9.00 Questions from the open convention
- 9.30 Offering, closing.

C. W. Manzer, President
A. S. Calder, Sec. Treas.

Home Mission Secretary, Miss Janet Sinclair, St John West., Auditor, Mrs. Loggie, Fredericton.

COUNTY VICE PRESIDENTS FOR MISSION BANDS

- Mrs. Joseph Speer, Oak Mountain Car. Co.
- Miss A. Armstrong, Wawseig, Charlotte Co.
- Mrs. Harry Baird, Fredericton, York Co.
- Mrs. E. Smith, Chipman, Queens Co.
- Mrs. McMurray, Rothesay, Kings Co.
- Mrs. James Stirling, St. John, St. John Co.

Mrs. James Bayne Moncton, Kent, West. and Albert Cos. Pres. of General Society, Miss Carmichael, New Glasgow

On behalf of the Presbyterian, Miss G. B. Stevens now presented to our beloved Treasurer, Mrs. George McFarlane, a gold brooch bearing an inscription commemorating her 74th birthday.

Report of Com. on Resolutions and Courtesies was given by Mrs. Malcolm. Report of credential Com. was given by Mrs. James Stirling. Forty delegates had registered. On motion all reports were received.

An invitation to meet with Sussex Auxiliary in 1913 was heartily accepted. Discussion of entertainment plan was opened by a motion by Mrs. Craigs that in future, plan of free entertainment be adopted, seconded.

Moved in amendment by Mrs. A. R. Melrose that present plan of individual payment of all expenses be pursued by Auxiliary delegates, while board of N. B. delegates be paid by their auxiliaries. Miss Stevens suggested that Presbyterian meet each alternate year in St. John, each church there to take its turn in preparation.

Mrs. Jamieson suggested that each Auxiliary pay board of its delegates, after lengthy discussion, amendment was carried.

A telegram of greeting from Mrs. J. K. Flemming of Hartland was read, much to the pleasure of the assembly. The new President, Mrs. Donald Munro, of Woodstock was now introduced.

Mrs. Jamieson moved a hearty vote of thanks to the retiring President, the Treasurer and the Secretary carried with singing of "God be with you till we meet again" and benediction by Mr. Magner, the twenty-third annual meeting closed.

B. G. WALKER
SECY ST. JOHN PRESBYTERIAL.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Couldn't Get the Order

"First thing you do," say the employer to the new young man who has been engaged as a city salesman, "you go into the back office and take that desk the other man used, and see if you can get some order out of chaos." An hour later the enthusiastic young man appears and diffidently reports: "Mr. Kimphlet, I am sorry, but I have looked all through the card index and the telephone director, and I can't find the address of Mr. Chaos, to solicit that order from him."

Secretary's Annual Report Of St. John Presbyterial 1911 - 1912

The Twenty-third annual report of St. John Presbyterial is creditable. Last year we raised more than a quarter of the total cash contribution for the 10 Presbyterials of the Eastern Division added more than a quarter of the total number of new members, sent out bales to more than a quarter of the total valuation of mission goods prepared, and, numerically, we form about an eight of the Eastern Division. This goes to show that we were not put to open shame, although the total amount of cash raised by the Eastern Division last year fell \$200 short of the estimate.

We begun this years with 47 auxiliaries. I grieve to say that two of these have held few, if any, meetings since last June, and we must consider them lapsed. Mixed denominations and a rather rough section of country make things hard for Lakeside. Dorchester was in sorry plight last year and matters have not improved. I believe there are only 5 Presbyterian women in that place. One society, Valley Road, has not reported. The impossibility of enlarging a very small membership has perhaps utterly discouraged the few.

Andover, which last year was breathing, but not deeply, has reported the holding of regular meetings since Mrs. Thomson's visit in the fall, and has added four new members.

Surely this is encouraging. Fairville, last year reported lapsed, was reorganized in September, 1911, with 19 members, and is doing excellently. A new Auxiliary was organized at Riverside, Albert Co., in January, 1912, with 10 members, and outlook is good. I have just received notice that Norton has an Auxiliary organized May 29th 1912. This is good news.

Forty-seven Auxiliaries have reported as in working conditions, and of these only three show any depression. The others run the gamut to enthusiasm. Nonet however, are being wafted to the skies on flowery beds of ease. I think some glory in tribulation. A member who has on occasion walked three miles of mud (interspersed by a few board piles to be clambered over) to reach the place of meeting, when asked for suggestions to increase interest, replied, "I do not know what you mean. We have more interest than we can back up with money. Another auxiliary has a member who has missed only two meetings in eleven years. Where there is depression the foe unabashed seems, to be the inability to interest the uninterested. Still, the interest of the interested must be a drawing power, judging by the increase in membership. Only six Auxiliaries report no addition, St. John's Moncton, has added 48; St. Stephen's, St. John, 13; Lorneville, 9; Fredericton, 6; Clark, De Wolfe, 5; Scotch Ridge, 5; Chipman, 5; Florenceville, 5; Prince William, 4; Andover, 4; Yarmouth, 4; Stanley, 4; Shediac, 4; Woodstock, 4; St. Andrews, St. John, 3; Greenrock, St. Andrews, 3; Hampton, 3; Sussex, 3; Harvey, 3; Carleton, 3; and others, 2 or 1. This is inspiring considering the loss of 67 during the year.

Statistics stand	1911-12	1910-11
Auxiliaries working	47	47
" unreported	1	
" not working	2	1
" new	3	4
Total Memberships	1203	1079
Added	191	
Average Attendance	503	490
Life Members added	13	10
Scattered Helpers	195	180
Number messages taken	744	730
" Boxes Prepared	35	33
Value	\$1090.80	\$1262.20

These statistics may or may not, seem as illuminating as those of last year, but figures alone do not show the standing. Knowing some of the difficulties to be faced in different sections of this Presbyterial, it seems to me that nothing short of the power of God unto Salvation could bring about the results, spiritual and financial, which we record season after season. We want to see the statistics adding unto themselves year by year and we may forget what lies back of some of the smallest figures, and is of infinitely more value than any figure. True sacrifice is the giving of the things we cannot spare—the time, the money, the work of hand and mind. And we cannot measure the sacrifice by the amount of cash shown at the end of the year. Neither can we tell how far shall reach the odor of the smallest sacrifice. There are women in this Presbyterial who cannot give a dollar in a year, but who give time and work which glorify the mite beyond telling. And who knows that plain, every day sacrifice does not give potency to that same mite on its mission? There are those who might give more of their mental and

materal wealth without reaching the "cannot spare" point, and there are those who are heart broken because they having nothing more to give. Some of the work in this Presbyterial is not happening it is an achievement; and I feel to offer tribute to every woman who has bravely made her sacrifice, great or small, for Christ's Sake it shall not be in vain.

"O thou of purpose, plodding on thy way;
No idle doubts shall ever mar thy day;
Like stern volcanoes in the ancient hills
Making the mines for ages all unborn,
Thyself shall labor like those Titan mills,
Sleeping o' nights to labor on the morn;
And though, stout soul, thou canst not see today
The end and purpose of thy work unfurled,
Yet still strive on, the ages show the way
These patient workers make a better world.

BARBARA G. WALKER
Secretary St. John Presbyterial Woodstock.

A Bad Stomach

Mrs. S. Keast, of Clarksburg, Ont., say "A bad stomach trouble that had bothered me for years, baffled and puzzled skilled physicians, was nicely relieved by Mi-o-na. My food would not digest but fermented in my stomach, forming a gas that gave me untold suffering and pain and also made me weak, nervous, irritable and unable to rest. Since using Mi-o-na I can go to bed at night and sleep and wake up in the morning refreshed. I cannot speak too highly of Mi-o-na."

The dyspeptic nervous or otherwise, who does not give Mi-o-na a trial is losing an opportunity to regain health, for Mi-o-na Tablets are guaranteed to cure dyspepsia and all stomach disturbances, such as vomiting of pregnancy, sea or ear sickness and the stomach sickness after excessive indulgence. All druggists, 50c. or from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by E. W. Mair.

No Warm Weather For Some Days Yet

Toronto, Ont., June 14.—The weather man at the observatory here holds out little hope for a taste of real summer weather at least for a day or two, and for several days in the immediate future he predicts rainy conditions. There has been and is still a large amount of high pressure in northern latitudes, the wizard said, by way of explaining scientifically the wintry conditions. The chilly breezes come down from the north as off-shoots of the main body as it were. Until this area of high pressure in the north shifts its base of activity, there will be no continuous warm weather. There is none in sight for several days, at least. Asked if the present prolonged winter were not a rather unprecedented state of affairs, the weather doctor said that although, the summer was somewhat backward, the temperature for June thus far, in spite of prevailing opinions to the contrary, has hovered very close to the normal average. He believed there was still hope of hot weather before sleighing started again.

Sight Restored By Daring Operation

Philadelphia, June 14—Blind for seven years, his case given up as hopeless by physicians and surgeons, Owen Harris, a machinist, is at the Medico-Chirurgical hospital to-day with his sight restored by one of the most daring operations ever attempted, the removal of tissues from the eye of another man and grafting the on them eye of Harris. Harris lost the sight of both eyes in a "flare back" from a furnace.

A patient come to the hospital with an eye so badly injured that it had to be removed. The eyeball was stripped of the desired tissues and these were placed over the sightless orbs of Harris. He was kept in a dark room for eight days, then the bandage was removed and Harris could see a little. He is now awaiting the arrival of another who must lose an eye.

Titanic Court and its Finding

London, June 14.—The Board of Trade inquiry into the Titanic disaster at its resumption to-day was occupied with the ground to be covered in the speeches of counsel. In the course of the discussion Lord Mersey, the presiding judge, intimated his regret that the certificate of Captain Lord, of the Californian, which failed to attempt to go to the rescue of the passengers of the Titanic, was beyond his reach. He said: "I do not suppose I have jurisdiction to direct that Captain Lord's certificate should be dealt with. If I take a view adverse to the conduct of the captain of the Californian all I can do is to express my opinion."

Sir Rufus Isaacs, the attorney general assented, but asked Lord Mersey to express his views in regard to the evidence on the subject of the Californian. Sir Rufus Isaacs also remarked that the conduct of Sir Cosmo and Lady Duff-Gordon was immaterial to the present inquiry except as to the conduct of the Titanic lookout who had charge of the lifeboat in which they were rescued and the suggestion which appeared to lie beneath Fireman Charles Holdrickson's statement about bribery, to prevent the lifeboat returning to the sinking ship.

Lord Mersey expressed the opinion that the question of J. Bruce Ismay's conduct was only material to the extent to which it might have influenced improperly Captain Smith of the Titanic.

REMINDED.

A colored preacher was vehemently denouncing the sins of his congregation. "Bred'ern an' sisers, Ah warns yo' against de heinous sin o' shooting craps! Ah charges yo' against the brack rascalit' yo' lifting pullets. But, above all else, breddern an' sistern, Ah demonishes yo' at dis hyer season against de crime o' melon stealing." A brother in a back seat made an odd sound with his lips, rose and snapped his fingers. Then he sat down again with an abashed look. "Whuffo, mah friend," said the preacher, sternly, "does yo' ra's up an' snap yo' fingahs when Ah speaks o' melon stealing?" "Yo' jes' reminds me pabson," the man in the back seat answered meekly, "what' Ah lef' mah knife.

A RICH, FRAGRANT TEA

"SALADA" is fresh from the gardens of Ceylon—the finest tea-producing country in the world. Sold only in sealed lead packets, which preserve its native purity and goodness.

"SALADA"

Ask your grocer for a package to-day. You'll like it.
