Sad Accident

Mr. J. A. Stanley who a few years ago purchased the E. D. Pray farm on the County Road was accidentally killed on Saturday afternoon Dec. 7th, by the accidental discharge of dynamite with which he was blowing stumps in his wood lot.

Not returning as soon as expected, his wife started for the place where he had gone, and not seeing him returned and called one of the neighbors who investigated and found him dead and in a terribly mangled condition, the entire stomach being blown away.

The funeral took place on Monday. He leaves to mourn his loss a wife and three children and some brothers two sisters and two brothers A. C. and A. O., who reside in Monticello where the deceased formerly lived.

We are Exposed to Tubercular Germs

every day. Post-mortem examinations often show that tuberculosis had been arrested by strengthening the lungs before the germs gained mastery.

You can strengthen your resistance-power by taking Scott's Emulsion. It contains available energy in concentrated form, which quickly nourishes all the organs of the body. It repairs waste—makes rich, active blood and supplies energy to the starving cells. It's timely use enables the body to resist tuberculosis.

For stubborn colds and bronchitis nothing compares with Scott's Emulsion.

Refuse substitutes—insist on SCOTT'S.
