

**AT LAST, HE IS FREE OF LUMBAGO**

Because He Took GIN PILLS

Winnipeg, Jan. 6th.  
 "I have been a sufferer from Lumbago for some years past and during Christmas week had a very acute attack which confined me to the house. About the latter part of April, I met your Mr. Hill and mentioned my complaint to him. He advised me to take GIN PILLS. I have been taking them at intervals during the early part of the present winter, and up to date have had no return of my old trouble—in fact, I feel better than I have for years and think that my old enemy has vanished for good and all."  
 H. A. JUKES.

GIN PILLS will protect your Kidneys and Bladder against the ravages of winter. No matter how much you may dread cold weather, because you have been subject to Rheumatism or Lumbago, you will be free of pain if you take GIN PILLS.

**Seven Dead As Result Of Wreck**

Westport, Conn., Oct. 4.—The death list from the terrible wreck of the second section of the Springfield express, west bound, over the New York, New Haven and Hartford Railroad, for New York late yesterday, numbers seven. Of the several score of passengers who were more or less injured, only ten remain at the Norwalk hospital, to which they were taken with others last night. All are resting comfortably this morning, and are expected to recover.

The cause of the wreck, as given by the railroad officials in their statement issued from the offices of the New York, New Haven and Hartford Railroad at New Haven, is that Engineer Clark had failed to regard the standing order of the road to bring his train to slow speed in taking a cross-over, but, instead, had driven his engine at terrific

"Made Right"

"A Perfect Digger."

**A Few Good Reasons Why The Little Giant Digger Excels**

Great Strength because perfectly proportioned—Light Draft, by reason of scientific design of hitch—Leverage System direct and easily manipulated—Truck Wheels, large size, and automatically turned—Vines and Trash deposited at side of row—Potatoes not bruised but are thoroughly separated from soil—Main Wheels set close to frame, do not run on the next row—Chain Driven, no gears to wear out—Light Enough for Two Horses and strong enough for four horses—Elevator Web Capacity sufficient for heaviest rows, being 22 inches wide and 7 feet long—Main Sides of Frame are moulded in one piece to secure a rigid frame.

The Little Giant Potato Digger took the lead in Aroostook County last year, not only in the number sold but in the superior quality of its digging power as well. Many farmers, after seeing it work discarded machines they had used but a few seasons and bought the little Giant, not only on account of the superior work done with this machine, but on account of its light draft, being easily handled by two horses, and as we consider the farmers of Carleton County entitled to just as good machines as our neighbors across the Line, we have secured the agency for the Little Giant and will be pleased to show you this machine and quote prices. Call at our warehouse or send for circulars.

trict-attorney, who is conducting the prosecution of the accused "dynamite plotters" before Federal Judge Albert B. Anderson, so asserted in delivering the government's outline of the case before the jury today.

Mr. Miller said Ortie E. McManigal had been selected to do the job and was sent east from Indianapolis to Massachusetts. Mr. Miller said McManiga traveled about the east with explosives in a suit case, finally blowing up a railroad bridge at Worcester (Mass) on Oct. 10.

Mr. Miller quoted from books which he said were taken from the union headquarters to show that \$11,000 was appropriated at a meeting of the executive board held in Indianapolis Dec. 8, 1909, and was paid out at the rate of \$1,000 monthly to John J. McNamara with the specific understanding that McNamara was to use it to defray the expenses of dynamiting.
