

CITY CIRCULATION AGENT

Of Leading Montreal Daily Endorses GIN PILLS

FIVE long years of suffering from Kidney Trouble—two boxes of GIN PILLS—and it's all gone. That has been the experience of Mr. Eugene Quesnel, Chief City Circulation Agent of La Patrie, of Montreal. He describes it feelingly:

Montreal, May 3rd, 1912

"I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured.

I can assure you I can hardly believe it for if I had only known what I know now I would not have spent over One Hundred Dollars for nothing when two boxes of GIN PILLS cured me."

EUGENE QUESNEL.

GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble.

50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 14c

The cold storage problem has even extended to the bait fishing industry, and Provincetown "ig" fishermen are complaining that a combination has taken such a grip on the squid market that they have been deprived of any profit from the recent big run of that much sought form of bait. It is estimated that the cold storage plants have accumulated 10,000 barrels for which they paid the fishermen only one dollar per barrel, and which they will now hold for the "high" market which, the fishermen say, the storagemen's manipulations are calculated to create.

Alaskan-Canadian Boundary Line

Sdgway, Alaska, Oct. 9.—Thomas Riggs, chief of the United States boundary survey party, which completed this year the marking of the line dividing Alaska and Canada, left here with his party for Seattle yesterday.

"We left Seattle April 29th with 26 men and 35 horses," said Riggs. "At Coffee Creek on the Youkon river, we picked up 42 more horses which had wintered at the head of the White river, and on May 25 we landed at Rampart House on the Porcupine river 65 miles north of the Arctic circle. J. D. Craig, chief of the Canadian party, with a similar outfit, had joined us at White Horse, Y. T. By using Old Crow river as a base of supplies we carried by water within 25 miles of the Arctic Ocean.

"The first party, of which Mr. Craig and I were in charge, reached the Arctic Ocean about the middle of July and the final monument was placed was the ceremony of breaking out the flags of the two countries. Macpoye, of Baltimore, a big game hunter, took a moving picture of the scene. Afterwards all of us took a plunge in the Arctic, but could not remain in long.

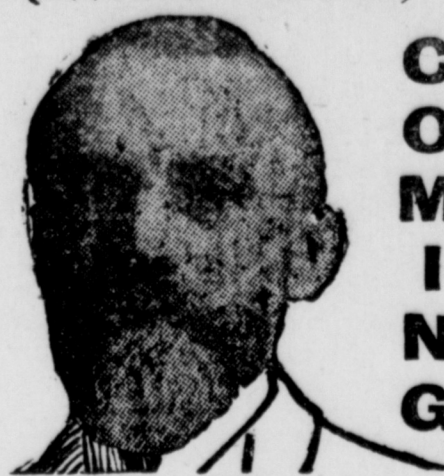

The Arctic coast is entirely barren. Twelve miles back of the foot hills the mountains rise to an elevation of from 5,000 to 7,000 feet, but there is a pass six miles east of the line.

"The only fuel north of the summit of the Arctic range is found in a few scattered clumps of willow and on the beach drift wood from the Mackenzie river. There is grass in plenty for horses along the streams and patches on the Tundra. I believe our horses were the first to travel the Arctic coast. The Indians and Eskimo called them "big dogs."

"Beginning with the monument on the Arctic coast as the initial one, the monuments were numbered and inspected from the Arctic to the Yukon, one hundred and fifteen being in this stretch. Next year monuments will be numbered and inspected from the Yukon to the Mounts St. Elias Alps and the survey of one hundred and forty-first meridian will have been completed."

RUPTURE

(SEE DATES AT BOTTOM)

Truss Torture

Once Thought Necessary, but Now Your Search for Relief is Ended. Wonderful Method Retains Rupture Without Knife, Danger or Pain.

J. Y. EGAN, Specialist of Toronto

Old-fashioned truss torture is no longer necessary. Galling, slipping trusses and barbarous methods of treating rupture are done away with by the wonderful invention of a specialist who has devoted fifty years to this one affliction. The marvelous new EGAN "CURATRUS" gives to the ruptured instant relief, rest and security where all others fail. It stops all irritation and restores every part to its natural position as soon as it is used and for all time and old style trusses are thrown away.

"EGAN'S CURATRUS" cures are absolutely without operation and the cost is small.

Multitudes of cured men, women and children testify. Also endorsed by many physicians. Where others fail is where I have my greatest success. Nothing complicated, no pain or irritation, but just a natural retentive method. Immediate relief guaranteed. No tucks or ties—just straight business. Do not lay this aside, or delay, but tear off free coupon now.

Free Consultation Coupon.

This coupon, upon presentation to J. Y. Egan, rupture specialist, 331 West King Street, Toronto, who will visit the towns (on dates mentioned below) will entitle bearer to free consultation and examination of samples. Ask at hotel office for number of my room. Note dates.

Big Shipment of Nova Scotia Apples to South Africa.

Halifax, Oct. 11.—The steamer Melville, of the Elder Dempster line, sailed tonight for Cape Town, South Africa, with a cargo of 13,000 barrels and cases of apples. This is the off season for apples in South Africa and this cargo of Nova Scotia fruit is expected to be in good time for the Christmas trade.

Besides Nova Scotia apples the Melville has a lot of Ontario fruit. The export from Halifax so far has been limited to one cargo per year.

The Melville is taking a lot of prize live stock from Ontario, some of it for the Cape Colony government.

Progress Of Work On Valley Railway

St. John, 10.—Discussing the work along the line of the Valley Railway, A. R. Gould, of Presque Isle, the contractor, said last evening that excellent progress is being made and the operations are being pushed along as rapidly as possible. "Although the summer has been exceptionally wet and unfavorable for construction work, much has been done. We are working at several points and have employed over 1,600 men."

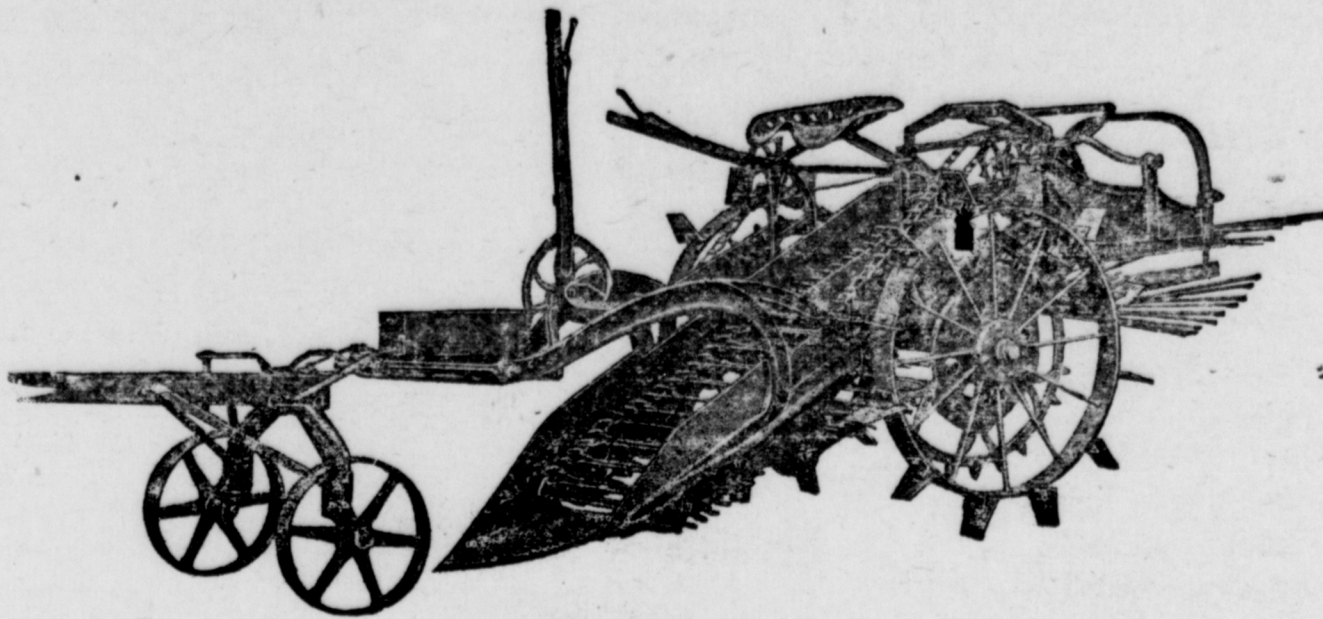

It is the intention, Mr. Gould said, to keep the work going during the winter months. There will be considerable rock work along the line, and this can be accomplished in winter when the other construction cannot be done. The work has not reached the stage of laying rails. There is at present a big rush of orders for rails at the steel plants, and in some cases it is necessary to order nearly a year in advance.

In addition to the construction of the Valley Railway Mr. Gould has had other railway building under contract during the summer, and has just completed 12 miles of electric traction in Maine.

THE LITTLE GIANT Potato Harvester

Strong as a Giant

Performs the Work Easily

"Made Right"

"A Perfect Digger."

A Few Good Reasons Why The Little Giant Digger Excels

Great Strength because perfectly proportioned—Light Draft, by reason of scientific design of hitch—Leverage System direct and easily manipulated—Truck Wheels, large size, and automatically turned—Vines and Trash deposited at side of row—Potatoes not bruised but are thoroughly separated from soil—Main Wheels set close to frame, do not run on the next row—Chain Driven, no gears to wear out—Light Enough for Two Horses and strong enough for four horses—Elevator Web Capacity sufficient for heaviest rows, being 22 inches wide and 7 feet long—Main Sides of Frame are moulded in one piece to secure a rigid frame.

The Little Giant Potato Digger took the lead in Aroostook County last year, not only in the number sold but in the superior quality of its digging power as well. Many farmers, after seeing it work discarded machines they had used but a few seasons and bought the little Giant, not only on account of the superior work done with this machine, but on account of its light draft, being easily handled by two horses, and as we consider the farmers of Carleton County entitled to just as good machines as our neighbors across the Line, we have secured the agency for the Little Giant and will be pleased to show you this machine and quote prices. Call at our warehouse or send for circulars.

GUARD BABY FROM COLDS

The mother can guard her little ones from colds during the damp, cold fall days by the use of Baby's Own Tablets. The Tablets act as a gentle laxative, keeping the bowels working freely and the stomach sweet—that is the secret of preventing colds. The Tablets will not only prevent or banish colds, but will cure constipation, indigestion, expel worms and make teething easy. They are sold under the guarantee of a government analyst to contain no harmful drugs and may safely be given to the newborn babe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Russia Fears Polish Uprising

Paris, Oct. 10.—Reports of a possible insurrection in Poland have resulted in secret instructions being given to the financiers in Russian Poland to transfer their documents and valuables to Moscow, according to a despatch from St. Petersburg to the Temps.
