CENTREVILLE

Rev. Mr. Crowell of Nova Scotia, delivered a very interesting address in the Baptist Church in Centreville last Sunday. Two years ago, at a Convention in Woodstock, the Rev. J. gentleman was chosen solicitor for subscriptions to the Ag. and Disabled Ministers Annuity fund and has been very successful in his labor to that end.

Warnings are being sent here of late against investing money in the West unless through some known and trusty friend, as many have been victimized by the sharpers who prey upon the unsuspecting. So noticeable has this wrong become that the authorities in some districts have taken the matter up and compell the dealers to register all their holdings which is duly inspected for the protection of intending purchasers.

George Briggs has decided to return to Centreville and will move here some time in November. Mr. McLean will move into the Howard White house.

Building has had no boom in Centreville for some time. Charles Crone being the only one to build, though a number have made quite extensive repairs and improvements.

If all the boys who go out with guns got partridge that fowl would soon be "a thing of the past."

Farm hands can hardly be had at any wage to gather in the grain. Most of the transient

laborers spend the potato picking season across the line.

Friends of Mr. Daggett are congratulating him upon his appointment to an office, the salary of which will insure him against the ravages of the "wolf" as long as he satisfactorily fills the office. Mr. Daggett will necessarily have to spend his time in Fredericton and his business interests here will have to be taken up by others.

C. M. Sherwood and wife contemplate spending the winter in California and will be guests of his brothers, who are successful business men of that state.

Miss Bertie West was operated on for appendicitis on Monday.

Mothers Need Constant Strength

To Care for the Growing Family and Her Household Cares

When there is a growing family to care for and the mother falls ill, it is a serious matter. Many mothers who are on the go from morning to night, whose work, apparently, is never done, habitually try to disguise their sufferings, and keep an appearance of cheerfulness before their family. Only themselves know how they are distressed by headaches and backaches, dragging down pains and nervous weakness; how their nights are often sleepless, and they arise to a new day's work tired, depressed and unrefreshed. Such mothers should know that these sufferings are usually due to a lack of good nourishing blood. They should know that the thing above all others they need to give them new health and strength is rich, red blood, and that among all medicines there is none can equal Dr. Williams' Pink Pills for their blood-making health restoring qualities. Every suffering woman, every woman with a home and family to care for should give these pills a fair trial, for they will keep her in health and strength, and make her work easy. Here is strong proof that these Pills do what is claimed for them. Mrs. Henry Thomas, Dryden, Ont., says: "When my second child was born I was so weak and run down that I could scarcely walk across a room. My baby was small and weak also, and cried and worried night and day until I discovered that the child was starving, as my nurse had turned almost to water. My husband got me a supply of Dr. Williams' Pink Pills and I began taking them. The first beneficial effects were noticed in that my child began to thrive, as my nurse began to improve, and baby slept better and naturally. It was not long until I began to feel the improvement myself, and I daily gained new strength, and baby was growing very rosy and fat. I continued using the Pills while I was nursing him and found myself with all the vigor of good health, and able to easily do my housework, which had been so great a drag on me before. I am now never without Dr. Williams' Pink Pills in the house, and take an occasional dose when I feel tired. I can strongly recommend these Pills to all nursing women, especially if weak or run down."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Trouble Among Italians

On Wednesday, at Bristol, an Italian named Palumbo Neechelo, one of a crew of C. P. R. railway workmen, was assaulted by Salenni Lewis, a compatriot. The latter made a slash for Neechelo's throat and cut a bad gash across his neck and cheek, grazing but not cutting the jugular vein.

Lewis fled for refuge to another Italian crew at Florenceville where he was later arrested by Constable Bell and taken to Woodstock, where a hearing was held before Police Magistrate Holyoke, on Friday. F. B. Carvell was council for C. P. R. and W. P. Jones for prisoner. After the evidence of several witnesses, including Dr. Rankin, a lenient view was taken of the matter and the prisoner was sentenced to one month in jail.

A large number of Bulgarians, in the employ of different contractors on the Valley Railway, knocked off work on Saturday and started for their European homes to join their compatriots in the war against the Turks. The loss of the services of these men will cripple the work on the Valley Railway as it seems impossible to get men to take their places.
