GOOD HEALTH FOR YOUNG GIRLS

They Need the New Blood Dr. Williams' Pink Pills Actually Make.

Perhaps you have noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. That she complains of weakness and depression; feels tired out after a little exertion; appetite variable, complains of headaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon mothers. These are symptoms of anaemia—that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unhealthy girlhood almost always leads to unhealthy womanhood. All young girls in their teens need the help of Dr. Williams' Pink Pills, which enrich and increase the blood supply, and give sickly drooping girls the brightness and charm of perfect health. In proof of this Miss Zola Gordier, Morrisburg, Ont., says: "I was pale and bloodless and suffered from many of the symptoms of anaemia. It would tire easily and suffered from frequent headaches. My appetite was poor and I was very pale and easily discouraged. The medicine I was taking did not seem to help me, and then one day I read the story of a young girl who suffered similarly and was cured through the use of Dr. Williams' Pink Pills. I got three boxes of the pills and started to take them. Before they were done I began to feel better and look better. Then I got half a dozen more boxes, and before they were all used I was enjoying the best of health, and have continued to do so since. My young brother was troubled with rheumatism, and they completely cured him."

Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Hail Stones As Large As Eggs.

St. John's, Que., May 25—Hail stones as large as eggs knocked down flimsily built barns, lightning struck the Catholic church here, and several other buildings throughout the district, and a terrific cloudburst washed three sections on the Boston & Maine line last night during the most spectacular storm of recent years.

A bolt of lightning struck St. John's church 160 feet up the steeple, and flames broke out a few minutes later. The heroic priest of the church, Rev Father Berleau, and a soldier, were the first to go up into the steeple with Babcocks and, after a line of hose was brought up by firemen, led the fight on the flames.

At Henryville, hail as large as eggs fell. About forty windows in the convent were completely broken and several barns are down.

May Send Him To Lazaretto In Tracadie

Montreal, May 25—There may be another addition to the leper colony at Tracadie, N. B., in Chan Chuen, a Chinese who, living in a guarded shack in an unknown part of the city, is the bone of contention between city and dominion health officers.

"If the dominion immigration authorities do not take charge of the Chinese leper, and deport him, we will send him down to Tracadie," said Doctor Laberge city health officer. "We don't intend to keep him here in Montreal." Doctor Bryce, of Ottawa, has the case before him, and we are awaiting his report.

The Bitter Chaff Removed

The men who blend, prepare and pack Red Rose Coffee know well what will please good judges of coffee. They crush—not grind—the fresh-roasted bean into small, even grains which brew readily and settle quickly to pour bright and clear. The chaff is removed, and with it the bitter essence you have disliked in other coffees. You will surely like

Chan Chuen is in custody, but his whereabouts are carefully guarded. As he has been in this country but five months, the contention of the city is that he should be sent back to China as an undesirable immigrant, as he is suffering from an incurable disease.
