It is These That Bring Wrinkles and Make Woman Look Prematurely Old

Almost every woman at the head of a home meets daily with many little worries in her household affairs. They may be too small to notice an hour afterwards, but it is these same constant little worries that make so many women look prematurely old. Their effect may be noticed in sick or nervous headaches, fickle appetite, pain in the back or side, sallow complexion, and the coming of wrinkles, which every woman dreads. To those thus afflicted Dr. Williams' Pink Pills offer a speedy and certain cure, a restoration of color to the cheeks, brightness to the eye, a healthy appetite and a sense of freedom from weariness.

Among the thousands of Canadian women who have found new health and new strength through the use of Dr. Williams' Pink Pills is Mrs. W. C. Daerr, London, Ont., who says: "About two years ago I found myself so badly run down that it was almost impossible to perform my household duties. I fell off in flesh was weak and very pale, had no appetite, feet constantly cold, and to further make my life miserable I was afflicted with those other ailments from which so many women suffer. I tried many kinds of medicine, but got no benefit, and began to feel that I was slipping into chronic invalidism. I was advised to try Dr. Williams' Pink Pills, and although I felt somewhat hopeless decided to do so. To my delight after taking the Pills a few weeks, I felt much better, and a further use of them brought me back to my old time health. I have since recommended the Pills to many others, and those who have used them have always been benefitted."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
