

2 IN 1 FAMILY

Here is one of the many cases in which several members of one family have benefited from the household box of Zam-Buk. Col. Sgt. Louis Elliott, 3rd Co., 46th Battalion, Peterboro, Ont., says: "The lower part of my face, cheek and chin broke out in small red pimples, which later festered and broke, forming nasty sores and dry scabs. The itching set up by these eruptions and sores was terrible, and seemed far worse during the night. All kinds of soaps, washes and ointments were tried in the vain attempt to get relief, even to bathing with carbolic acid and water. Finally I thought of Zam-Buk and straightway procured a box at the drug store. One night's application brought great relief from the intense itching, and as I kept on applying this balm daily, the inflammation was soon drawn out, and in less than a week's time the sores were thoroughly healed and every scab banished."

Mrs. Elliott, 139 Sherbrooke St., Peterboro, telling of Zam-Buk's effect on her younger son Walter, says: "He slipped and caused a wound on his right hip, which developed into a running sore. From this smaller sores spread until his lower limbs were covered with ulcers. These proved very alarming and I feared blood-poisoning! I began the Zam-Buk treatment, and it really seemed to aid like magic! In a remarkably short space of time the raw running sores were all healed. I am very grateful indeed for his cure, and I strongly recommend all mothers to keep Zam-Buk always handy."

WHAT ZAM-BUK WILL CURE.

Zam-Buk will be found a cure for cold sores, chapped hands, frost bite, ulcers, blood-poison, varicose sores, piles, sculp sores, ringworm, inflamed patches, hives, eruptions and chapped places, cuts, burns, bruises, and skin injuries generally. HEALED BY **ZAM-BUK**

County Council

Continued from last week

Coun. Tracey—It seems to me we have no goal but walls. Except that, it is all gone. No doubt the inside is the worst. We must make a complete job when we get at it. Either the building committee or some committee should visit Houlton gaol and then make an estimate of the cost. The Houlton gaol is said to be very good.

Coun. Burt—I would not like to undertake heavy expense unless we had the entire co-operation of the council.

Coun. Lamont—This is a heavy undertaking. I would like to see a safe gaol built. Let the building committee consult with experts and get an estimate of the cost, with all information and submit to this council in June next.

Coun. Melville—I would favor Coun. Lamont's proposition. It is going to cost some money.—Will we assess or hire the money?

Coun. Lamont moved that the Building Committee be instructed to proceed and consult with expert builders in regard to repairing the gaol and furnish estimates to make it a good safe job.

Coun. Montgomery seconded the motion, Coun. Stevens withdrawing his motion.

Coun. Perry spoke of the wretched condition of the gaol which is a laughing stock to the Province. A boy with a jack-knife can get out. Yes we employed an expert when it was built. The building committee should gather information and get ideas of their own, and not rely on experts altogether. I don't think they should wait for the June session.

Coun. Melville—When we built this Court House the architect who put up the gaol told us that the council of that time would not pay enough for a good gaol.

Coun. Shaw—In justification of the old council which built the gaol, when we built it, we thought we were decided getting a first class prison. Speaking of experts we had an expert on the building committee. We were deceived by the architect. The architect assured us that the gaol would be a thoroughly up-to-date prison. Members of the Building Committee might get all the information they could get in six months time or a shorter time, only they have business of their own to attend to.

Coun. Tompkins—What Coun. Shaw said is correct. I am tired of patching up the old gaol. I believe they had bet-

ter get some architect to consult with them. I favor the committee visiting Houlton and other places to get pointers. I am not afraid to leave it in their hands.

Coun. Phillips favored the motion. He blamed the architect for he made them believe they were getting an up-to-date gaol.

Coun. Perry—I did not mean to say that the architect was all to blame. I believe the committee should consult with an architect and get all other information necessary.

Coun. Melville—When the Court House was built the council dealt very generously with the committee. Not so in the case of the gaol.

Coun. Burt—It is not fair to put all the blame of the gaol on the architect. If you want the gaol fixed in the spring you should get at it early.

Coun. Brittain—This motion empowers the committee to get plans and specifications and submit them as I understand it.

Warden—Yes.

Coun. Montgomery favored Coun. Lamont's motion to make a report in June.

Motion carried.

Coun. H. E. Gallagher submitted the following report, providing for an assessment of \$11,000.

On motion report received and reconsideration ordered carried out.

Coun. Montgomery—As one who voted against the grant of \$500.00 for publicity purposes I would now move that the matter be re-considered, feeling that I voted wrongly.

Coun. Moxon seconded the motion.

Coun. Shaw said that in one or more cases it was decided that the mover and seconder who move for reconsideration must both have voted in the majority. He understood Coun. Moxon voted for the grant with the majority.

Coun. Moxon—Yes, I did.

Coun. Williams—It was always the practice that both mover and seconder must have voted in the majority.

The Warden—I am of the opinion that the mover and seconder must be of those who voted in the majority.

Coun. Perry moved, seconded by Coun. Shaw that we pay the Scott Act Inspector \$400.00, the same salary as last year.

Coun. Flemming moved in amendment that the present Inspector be dismissed and that a committee of five be appointed to select a suitable man for the office, and he be ratified in office at the next meeting in June.

Coun. Brittain seconded the amendment.

The Warden decided the amendment was in order.

Coun. Shaw thought the amendment took in a great deal too much.

Coun. Williams favored all of the amendment except that of ratification of the appointment.

Coun. Gallagher (Kent) agreed with suggestion of the last two speakers.

Coun. Montgomery thought the best thing would be, first, to dismiss the Inspector.

Coun. King—I cannot see where the first motion and the amendment are at all connected. If this Inspector is dismissed why should not the salary be withdrawn?

The County-Secretary—We are not bound to appoint an Inspector, but if we do appoint we must fix a decent salary.

Coun. Stevens—We have an Inspector and we have to provide a salary. I don't think the amendment changes the original motion. Accept the first motion and then pass a resolution to dismiss the Inspector.

Coun. Tracey—I agree with Coun. Stevens. I don't think it would be wise to give this authority to a committee.

Coun. Melville—Would like a vote as to whether we will employ the same inspector.

Coun. Flemming did not think the amendment bound the Council at all.

Coun. Perry—We already have an Inspector. We cannot appoint another till he is dismissed.

Coun. Williams—Thought it would be very easy to vote on the amendment.

Coun. Perry—Unless the amendment amends the original motion it is out of order. That is my claim.

Warden—I rule the amendment is in order.

Coun. Shaw said he felt like appealing from the ruling of the chair.

Coun. King—I can't see how the amendment effects the original motion. It is another thing altogether.

Coun. Flemming, with leave of his seconder, withdrew his amendment. The motion then carried.

Moved by Coun. Flemming, seconded by Coun. Moxon, that the present Inspector be dismissed.

Coun. King said he would like a little more information before voting.

Coun. Thompson—I understand Mr. Patrick Corbett of Bath would take the position.

Coun. King—Is he a good temperance man?

Coun. Thompson—Yes.

Coun. Montgomery—I think Mr. Colpitts is too old, but I want to know who we are to get in his place.

Coun. Melville—There is no trouble about getting inspectors. Mr. Colpitts is not, I believe, the man behind the act. With us they think others have a right to the position.

Coun. Perry—Coun. Melville has never named to me a probable man. He did not believe in dismissing the old inspector till a new man was found.

Coun. Shaw did not object to a committee to find out who is available and submit a name to the council in June, but until we have a man in view he would stand by the present inspector.

Coun. Tracey—If we dismiss Mr. Colpitts are to go without an inspector? Coun. Melville—We will get a man, but we will not canvass the job. We would not want that kind of a man.

Coun. Tracey—I meant this, if we mean to dismiss our inspector we should have come here with names of men who are available. I am convinced Mr. Colpitts is too old for the position, but I would like to see the man for his place.

Coun. Brittain—I am convinced that the present inspector has served his time and generation. If the temper-

Distressing Headaches

Headaches are largely the result of disordered kidneys.

Mrs. Hall, 84 Flora Street, St. Flora St., St. Thomas, Ont., says "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to any house duties.

My back was weak and caused me much suffering through the night. I had doctored for years, but all to no avail. Nothing benefited me

and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c. box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by E. W. Mair.

I. S. JOHNSON & CO., Boston, Mass.

Parsons' Pills regulate the bowels and keep the liver active.

ance sentiment can't give us a man it is getting pretty low. This seems to be a sore spot with the people out our way.

Coun. Tompkins—This is our annual discussion. Neither the drinking men nor the temperance men are in favor of the present system. Those favoring it are the officials who are getting the plunder out of it. In view of the railway work to be done this year we need a strong and active man. We have a deficit all the time. I would not care for that, but the liquor traffic is not curtailed.

Coun. Lamont—I have no doubt we can get a successor to Mr. Colpitts when the office is vacant. I must vote for dismissal although I dislike doing so.

Coun. Stevens—At one time I stood by Mr. Colpitts, when he had a very small majority. I have generally stood by him but I have to come to conclusion that the town men should not have too much to say. If I vote, I vote against the amendment. The quality in the present inspector is that you cannot buy and you cannot scare him.

Coun. Melville referred to the case of Aaron Cullens, where the Grand Jury found he was guilty of perjury, and yet he was prosecuted by Mr. Colpitts just the same.

Coun. Perry defended Mr. Colpitts. The \$132.00 in fines was paid by Phillips before the Grand Jury brought in their finding and Mr. Colpitts was not responsible for the perjury. Mr. Colpitts has driven all the respectable men out of the rum business.

Coun. Melville—Is it better to put it into the hands of those who are not respectable?

Coun. Burt had great respect for Mr. Colpitts. The town at one time

dismissed him but they were glad to get him back again. In many ways I would not like to support Mr. Colpitts and yet much that has been said on this hand strikes me as reasonable.

Upon motion the Council adjourned till tomorrow at 9 o'clock.

Thursday, 9 A. M.

Council re-assembled. The question of the dismissal of the present Scott Act Inspector was taken up, on the resolution as set forth above.

Mr. Colpitts was heard before the board.

He said—I find myself like Paul before Agrippa; I am happy that I have an opportunity like Paul, only, while it is said his eyesight was bad, his hearing was good—not so with me. There is a great difference between an honest critic who will weigh both sides and a fault finder. I have always given certain men credit for sincerity.
