Lord Stratheona's Fishing-Lodge

Lord Stratheona will have a pretty nice affair in his fishing-lodge which he is having built at Seven Mile pool, 7 miles up from the forks, on the Right branch of the Tobique river, for the particular entertainment of the Duke and Duches of Connaught and Princess Patricia the coming summer. All furnished the lodge will cost about \$15,000. The designs for it were made by Marchand & Haskell the well known Montreal architects, and the constructions of the place is largely under the business supervision of Thomas F. Allen, the popular warden of the Tobique Salmon Club. Lord Stratheona does not fish himself, but he owns the fishing rights along the shores of the holdings of the New Brunswick Land Company, so there should be fish aplenty to be drawn up for the pleasure of His Royal Highness, the Duke of Connaught. Perhaps the pleasure of being caught by a duke will rob the hook of the pain and sting usually felt by the finny captive as he is ruthlessly yanked out of his native element into the fatal upper air.

Fort Fairfield Review

A Bald-Headed Woman

Shorn of Her Crown of Beauty, Loses in Love and Marriage

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Woodstock, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. Edgar W. Mair.

Wedded In Mexico

Word has been received here announcing the marriage at Albuquerque New Mexico, of Mr. Archibald D. Harrison, son of Mrs. F. J. Harrison of this city, and Miss Dorothy E. Caruthers, daughter of Mrs. Jas. Caruthers of this city.

The bride is a graduate of the Boston City Hospital, in which city she has

been following her profession for some time.

After a short honeymoon trip to several places of interest in New Mexico and Arizona. Mr. and Mrs. Harrison will proceed to Fresno, California, where Mr. Harrison holds a position as engineer with Santa Fe Railroad.—Mail [Mr. Harrison is a nephew of Mrs. C. H. L. Perkins.]

ANDOVER

Mrs Geo Davis was hostess at a bridge party of seven tables. A most delightful evening was spent. A delicious lunch was served. She was assisted in serving by Misses Crabbe and Carter and Wilmont Curry.

W. B. Cronkite will soon be done hauling logs on the Ingraham property.

Miss Ella Brown has returned home. She has been spending the winter months at Benton.

Miss Lena Foster is teaching school at Nackawick.

Mrs Abraham Hillman was the guest of Mrs. Allen Dow, of Meductic, recently.

Government Urged to Give More for Immigration

Fredericton, March 9—The committee appointed by the Immigration Congress to wait on the Provincial government and present the resolutions passed by the congress, were heard at the meeting of the Executive Council this morning.

Mr. M. E. Agar, of St. John, was the principal speaker for the committee, and particular attention was paid to the resolution endorsing the principle of advancing public money to assist agriculturists in the purchase of farms and also to the suggestion that the provincial grant towards immigration be increased. The suggestion was made that in the estimates for the next year \$25,000 should be the amount placed for immigration. The government promised consideration of the various questions and gave the delegation a sympathetic hearing.

This afternoon the Legislature is in session, the debate on the address in reply to the speech from the throne being the order of the day. Mr. Bentley, M. P. P., the member for St. John county, had not concluded his remarks when the House adjourned last evening. The government does not intend to unnecessarily prolong the session, but rather wishes to have the business handled with reasonable despatch.

Serious Accident At Debec Junction

An accident very similar to that which occurred at Fairville on Friday was responsible for tying up traffic on the Woodstock branch of the C. P. R. on Saturday at Debec Junction. Fortunately no one was hurt but two cars were badly damaged and a carload of hay destroyed by fire.

A freight train was standing in the yard at Debec with the van and one car projecting on the main line, when a double-headed southbound freight crashed into the van and almost demolished it. The next car was loaded with hay and this car was also derailed. The wreckage then caught fire and the hay was destroyed. This happened about 3 o'clock in the afternoon and the track was blocked until late in the evening. It was found necessary to transfer passengers and mail from the local train from Edmundston around the wreck thus delaying the Boston train at McAdam Junction and causing the latter to be one hour and fifteen minutes late in reaching the city.

Further particulars as to who was responsible for the collision had not been received in the city yesterday, but is likely to be a matter of strict investigation.

The accident on Friday at Fairville is said to have been the cause of several railway employees losing their positions. The incoming Boston train crashed into a freight which was encroaching on the main line and the pilot of the Boston's engine was considerably damaged.

March Weather
Rheumatic Weather

Victims Can Cure Themselves
With Dr. Williams' Pink Pills

With the coming of March people who are afflicted with rheumatism begin to have unpleasant reminders of their trouble. The weather is changeable—balmy and springlike one day, raw, cold and piercing the next. It is such sudden changes of weather that sets the pangs and tortures of rheumatism, lumbago and sciatica going. But it must be borne in mind that although weather conditions start the pains, the trouble is deeply rooted in the blood and can only be cured through the blood. All the lotions and liniments in the world can't cure rheumatism. Rubbing may seem to ease the pain while you are rubbing, but there its value ends. Only through the blood can you cure rheumatism. That's why Dr. Williams' Pink Pills have so many thousands of cures of this trouble to their credit. The new, rich blood which they actually make drives out the poisonous acid, and rheumatism is vanquished. Here is an example, Mr. W. C. Douglas, Webbwood, Ont., says: "I was attacked with inflammatory rheumatism, which spread through my entire system. For two months I was not able to go about, and seemed to be hovering between life and death. My joints were swollen and my legs and arms twisted, until I expected that they would never return to their normal shape. The doctor seemed to help me, but not to cure me, and I would be better one day and worse the next. At this time a friend strongly urged me to try Dr. Williams' Pink Pills and I got a dozen boxes. Soon after beginning the pills there was a change for the better, and I continued using the pills until I was quite well again. The swelling disappeared from the joints. My limbs returned to their natural shape and I feel as if Dr. Williams' Pink Pills have saved me from being a rheumatic cripple. I hope my experience may prove a blessing to some other sufferer."

If you suffer from rheumatism, or any other disease of the blood, begin to cure yourself to-day with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

House For Sale

The House known as the Marston house, on Connell St. This house has been remodeled and put in first-class condition—contains eight sleeping rooms—has all modern improvements, hot water heat, large lot of land for further particulars, apply to George R. Mavor, Woodstock. 37tf
