## Household Hints

### Canada Griddle Cakes

Soak two cupfuls of dry breadcrumbs  
for an hour in one quart of milk which  
has been heated to boiling point. Add  
the well-beaten yolks of two eggs,  
three tablespoonfuls of flour, one  
tablespoonful of melted butter and one  
scant teaspoonful of salt. Beat thor-  
oughly, then stir in lightly two tea-  
spoonfuls of baking powder and the  
well-beaten whites of the eggs. Fry  
on a very hot gridiron.

### Effective Touches to Homely Dishes

Sliced bananas with whipped cream  
are improved by the addition of a small  
quantity of preserved or candied ginger.  
In making Spanish cream include a  
couple of tablespoonfuls of strong  
coffee.

Garnish baked apples with chopped  
walnuts.

Add chopped blanched almonds and a  
spoonful of whipped cream to boiled  
custard served in glasses.

Use half a canned peach or apricot  
in the bottom of a glass of plain ice  
cream and garnish with whipped cream.

The grated rind of a lemon is a  
delicious flavoring for a plain cake.

Sprinkle salt wafers with paprika and  
place in the oven until they are crisp.

Hard-boiled egg, put through the  
potato ricer, adds an attractive touch to  
a salad.

To eggs baked in individual casseroles  
add a slice of tomato and a sprinkling  
of cheese.

A slice of tomato is good on individ-  
ual casseroles of baked spaghetti and  
cheese.

Garnish macaroni and cheese with  
slices of hard-boiled eggs.

To potato soup add half a cup of  
blanched almonds, finely chopped.

Cream soups are improved by the  
addition of whipped cream at the last  
moment.

### Leave It There

The Modern Romeo helped his Juliet  
to descend from the vine-covered bal-  
cony.

"Dearest" he called, when she had  
climbed into the big motor, "shall we  
take away the rope ladder?"

Just then the upper window was  
raised and the old man leaned out.

"Just you leave that 'ere ladder  
where it is, young feller," he cautioned,  
"I've got a couple more darters I want  
to get off my hands."

### Six Known Dead In Louisiana Tornado

Shreveport, La., Feb. 20—Six persons  
are known to have been killed, several  
others are reported to have met a like  
fate and property valued at approxi-  
mately \$100,000 was demolished by a  
tornado which swept through the west-  
ern outskirts of Shreveport early to-  
night.

### With a Moral

The Chamber of Commerce of Ro-  
chester, N.Y., is circulating booklets  
to show the community the loss  
through preventable fires and the  
need of individual fire protection. The  
increased use of gasoline makes edu-  
cation on its handling very timely.  
Here is an illustration from one of  
these booklets:

"A woman poured a quart of gaso-  
line in the marble wash bowl of the  
toilet room, and placed a silk waist  
in it. She closed the door and return-  
ed in ten minutes. She rubbed the  
silk between her hands. This gen-  
erated sufficient electricity to make a  
spark. The gasoline exploded, the  
house burned, and the woman lost her  
life."

## THE UNDERFED

How Children of the Ignorant  
Are Robbed of Oatmeal

A canvass made among the intelligent  
shows that seven homes in eight serve  
oatmeal. Among the ignorant another can-  
vass shows that not one home in twelve  
serves oats. The children grow up incapa-  
ble because bodies and brains are starved.  
Nature stores in oats more energy food,  
more brain food, more nerve food than in  
any other grain that grows. That's why  
children crave oatmeal. There is nothing  
to take its place.

This is a food on which it doesn't pay to  
be careless. There is a very wide differ-  
ence in oat foods—a difference in richness  
and food value. Don't serve the common  
kind.

Only the richest, plumpest grains are  
used in Quaker Oats. They are selected  
by 62 siftings. Only ten pounds are ob-  
tained from a bushel. The result is a food rich  
in all the oat elements—the utmost in oat-  
meal. Yet the cost to you is but one-half  
cent per dish.

Made in Canada.

### "Hush" Is Watchword of Spokane Police

Spokane, Feb. 20—"Hush" will be  
the watchword of the Spokane police  
department, in future, according to  
rules promulgated by Commissioner of  
Public Safety Z. E. Hayden. These  
rules include the use of a "secret blot-  
ter" and specify just what information  
is to be withheld from the public. They  
provide that all juvenile offenders must  
be booked on the secret blotter as well  
as all prisoners held under suspicion un-  
til a charge is filed against them. No  
information regarding any suspected  
criminal must be given out until after  
the criminal is apprehended and infor-  
mation regarding prisoners, arrests and  
other police detail must be given out by  
the chief alone.

### Falling Hair

Mrs. Jas. Harris of Wappella, Sask.,  
says:—

"I have found Parisian Sage to be the  
best scalp and hair tonic and dressing.  
I have ever used. My hair had been  
coming out in combs full and was very  
dry and brittle and the scalp was always  
itching and full of dandruff. I have  
used two bottles of Parisian Sage and  
it has stopped my hair from falling, the  
itching and dandruff have disappeared  
and my hair is fine and soft and glossy.  
I would not be without this fine Hair  
Tonic for many times the price."

For women, men, or children Parisian  
Sage is without any doubt the finest  
preparation for the hair. Daintily per-  
fumed, it is free from grease or sticki-  
ness and ought to be where every mem-  
ber of the family could use it daily.  
Large bottle 50 cents at all druggists or  
from the proprietors, The Giroux Mfg.  
Co., Fort Erie, Ont., postpaid. The  
girl with the Auburn hair is on every  
package. Sold and guaranteed by E.  
W. Mair.

### THE FOUNDER OF SUFFRAGETTE MOVEMENT.

Mrs. EMMELINE PANKHURST

Mrs. Emmeline Pankhurst, who is  
shortly coming to Canada, is one of  
the original suffragets. She is easily  
the most prominent figure among the  
English suffragets, with her clever  
daughter Christabel perhaps a close  
second. Just now she is touring the  
United States, speaking for the cause  
of woman's suffrage.

Mrs. Pankhurst is a little woman  
— but, Oh, my! She speaks like a  
house afire. Wherever she appears  
she awakens great enthusiasm by her  
simple yet dramatic telling of the  
story of the battles between the suf-  
fragets and the English authorities,  
and of how she and many others were  
thrown into prison for daring to stand  
up for woman's rights.

### AMERICAN FORESTS

They Have No Timber Fit for Paper-  
Making.

NEW YORK. — South American  
forests will never yield pulp  
timber worth importing to the United  
States for paper manufacture, ac-  
cording to Louis Chable, representa-  
tive of the International Paper Com-  
pany, who arrived home lately. Mr.  
Chable said he had made an inspec-  
tion of all the important forest lands  
of the Southern continent and found  
no pulp timber fit for paper-  
making.

### The Brown Tail Moths

The brown tail moth hunters, who  
searched the trees on many of the  
streets of this city, were not entirely  
unsuccessful in their search, six of the  
dreaded pests being found here. Only  
one of these was found in an elm tree  
and the rest were found on apple and  
maple trees. The party which is under  
the direction of Mr. J. D. Tothill, of  
Ottawa, has now separated and one  
party is now at Oromocto and the other  
in the vicinity of Keswick.
