### WOULD YOU LIKE THIS MUSIC? IT IS OFFERED FREE!

A fine composition for the pianoforte, by the famous composer, J. Michael Watson, has been published by the Zam-Buk Co., of Toronto; and we are able to make our readers the very useful offer of a copy of this March for simply paying postage on same. The composition is not very difficult, is quite within the reach of young pianoforte players, and is a wonderfully effective piece of work. To obtain a copy, forward 2 cents (cost of postage) to The Zam-Buk Co., Toronto, asking for a copy, and mentioning this paper.

### Mr. and Mrs. Burpee Given Surprise.

The members of the Congregational church tendered Mr. and Mrs. Moses Burpee a surprise party, at their beautiful new home on Court street, Monday evening, Jan. 15th.

Mr. and Mrs. Burpee, who are famed as the best of entertainers, were equal to the occasion and their guests received a most cordial welcome.

During the evening the guests presented to Mr. and Mrs. Burpee a number of pieces of cut glass, as a testimonial of the esteem which they are held by the members of the church.

The evening was one of rare enjoyment to all present and it was a late hour before the guests departed.

### The Na-Dru-Co. Almanac For 1912.

A good almanac is ever welcome. The annual number of the Na-Dru-Co. Almanac, the 1912 Edition, now out, is if anything more interesting and more useful than it two predecessors.

Besides the usual solar and lunar tables and dates of eclipses, the Na-Dru Co Almanac gives much information which it would be difficult to find elsewhere. Examples of this are the Map of Altitudes, Time Tables of the world, Figures on Area, Population, Exports and Imports, Records of Canadian Premiers, Governors-General, etc.

Nearly all leading Druggists have copies of the Na-Dru-Co Almanac for their customers, or it may be had by writing the National Drug & Chemical Co., of Canada, Limited, Montreal.

### CALGARY SPORTING WRITER AND RUGBY.

Where does the successful coach earn his money in the huge American University teams. If the game was the same old cut-and-dried stuff pulled out every year, think you that these coaches would be retained at the enormous salaries just to rehearse the old story? Not much. Each year there is a decided evolution, and these coaches are the boys who do the evolving. They try to lead the game, not have the game run away with them. The only fault of the Canadian game is the fact that it has undergone practically no change at all. Same old stuff hauled out year after year. Two downs and a kick; two downs and a kick. Change ends. Two downs and a kick; two downs and a kick. If one of the halves run a few yards or is tackled at all well, or a little run is pulled off with the wings handling the ball, the play is called a wonder. The game is suffering from the lack of brains to make new plays.

Take this method of heeling out the ball. No man or woman can tell how the ball is going to come out. That is one of the weak points of the game and could stand some revolutionizing without doing any harm. The English way is worse, for it is purely luck. The Americans have that part of the game down to a decided art. When the ball is put into play, all can see it go into action and there is no chance for a slip. In the Canadian game the ball is placed into the scrimmage and then heeled out in a most unscientific way. It may come out or ooze out, and the luckless quarter back who has to do the initial handling has the time of his life trying to get the ball out clean from the centre scrimmage, and do something with it before the wings pile around him and massage the tan off him with their boots.
