YOUNG'S COVE ROAD

Feb. 28 1912

The people of Cambridge and Water-borough were much surprised to learn that their Rector Revd. G. Edgar Tobin intended to resign his charge here and go as a Missionary to New Denmark Victoria Co. in the near future. Mr. Tobin is a great favorite with not only his parishers but people in general of other denominations being very liberal in his views.

One of the worst snow storms of the winter is going on, we have had a cold winter with light snow falls, whether the Badger having seen his shadow on Candlemas day had anything to do with it or not.

Mrs. E. Stone Wiggins who is spending the winter with her sister Mrs. Geo. Bannison) is recovering from a severe attack of erysipelas, and Mrs. Bannison had the misfortune to have a needle broken off in the palm of her left hand, and the Dr. in attendance was unable to locate the pin.

Our local lumberman have nearly completed their operations for the winter.

Messrs Kennedy and Gale who with their teams were working near Gagetown have returned also Gordon Clark who was in the lumber woods in Victoria Co. has returned.

The Wiggins brothers Chas. and Arnold, started for Central Cambridge on Monday with their gasoline engine and saw to manufacture wood for Mr. H. H. Mott who has a large quantity to saw. The Wiggins brothers have a carrier attached to their machine which takes the wood away, and saves a lot of labour. I believe H. H. Mott has several hundred bushels of grain to thresh which the boys will attend to after the wood is sawn.

Very little sickness in this part at present excepting slight colds.

Many people are rejoicing that a R. R. is being built from this place to Fredericton which will greatly shorten the distance to the Capital and Woodstock, it has been long talked of before an approaching election.

Miss Stella M. Wiggins is spending a few days at the Rectory Lower Jemseg with Revd. and Mrs. Tobin.

A. W. Smith has been working with his sawing machine for some time past cutting the wood for many persons in the vicinity.

Many of the school children and others have been searching this winter for the Brown Tail Moth nests but so far have not been successful, they have found several empire and other moth nest, but nary a Brown Tail.

The birds were never known to be so plentiful as they have been this winter, Junco, Sparrow, and many others, also a number of crows.

T. M. Wiggins sold to D. Stewart last week a valuable clyde mare.

KIRKLAND

We have had a terrible storm the worst one this winter.

The Women's Auxillary of the Anglican church met at the home of Mrs. Robert Anderson Monument Settlement Feb. 29th.

On Feb. 29th., a young son arrived to Mrs. Watt Taylor who is spending the winter months at the Slater residence at the Eel River stream York Co.

Miss Ada Lenentine has returned to her home in Monticello, Maine.

George Dickson is in the Houlton hospital and has had his great toe amputated, the result of a jam.

Evangelists Brown and Stone are still holding meetings in Maxwell.

Messrs Taylor and Scott have been around sawing wood with their gasoline engine.

Howard Kennedy is getting a few logs on his ground in Monument.

James Dinnin and daughter Nellie made a trip to town.

Jean Bustard made a business trip to Debec.

Storm Kills Seven.

Dalhart, Texas, Feb. 29.—At least seven persons in Northwest Texas and Eastern New Mexico lost their lives in a storm that swept across the Texas Panhandle on Sunday.

A Sign of the Times

PEOPLE are becoming very careful about what they eat and drink—  
The preference for goods in sealed packages—especially in food stuffs—is now quite definite and becoming more so every day.

We must frankly admit that there are sound reasons for this preference. Food stuffs cannot be exposed to varying atmospheric conditions without losing both strength and flavor.

Tea—of all articles of everyday diet (excepting coffee, perhaps) needs protection most, and best merchants have been quick to appreciate the fact. So much is this the case that the selling of loose Tea in bulk will soon be a thing of the past.

RED ROSE TEA reaches you with all its virginal flavor, strength and purity—

—It is sealed in air-tight packages—dust and damp-proof—

RED ROSE is a blend of the best Indian and Ceylon Teas.

—The former assures generous strength and richness—the latter that coaxing, delicate flavor, Qualities for which Red Rose Tea is famed.

Ask your Grocer for the 40c. package of Red Rose and you'll get better Tea—Tea that spends farther—for the same money.

You want "Good" Tea—well,

"Red Rose Tea is Good Tea"

210

RICHMOND.

Mrs. Hannah Guy, who has been keeping house for her brother, Charles Flemming, was taken suddenly ill last week. Dr. Griffin was called in and pronounced an operation necessary. Drs. Griffin and Sprague performed the operation on Tuesday and Mrs. Guy is resting quite comfortable. Miss Leah Dickinson, a trained nurse from the Woodstock Hospital, is in attendance on Mrs. Guy.

Wilfrid Haynes, son of Ernest Haynes, who has been ill with pneumonia is better.

Mrs. F. J. Harrison, Fredericton, is visiting her sister, Mrs. T. McIntyre.

Free If It Fails

Your Money Back If You Are Not Satisfied With The Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory result.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Woodstock only at our store—The Rexall Store. E. W. Mair.

**Shiloh's Cure**  
quickly stops coughs, cures colds, heals the throat and lungs . . . 25 cents.

Seek More Drastic Temperance Act For Nova Scotia

Halifax, N. S., Feb. 28.—The Nova Scotia Temperance Alliance is in annual session in this city. The chief business is the consideration of amendments which will be sought to the Nova Scotia Temperance Act. These are chiefly in the direction of making the law more easily enforced.

It is a prohibitory law except in counties where the Scott Act is in force, and in Halifax where the old license system is allowed under last year's act to continue till a plebiscite is taken to determine whether Halifax also shall come under the prohibitory law.

An important amendment the temperance people propose is one to remove the necessity of the plebiscite, but to bring in prohibition for Halifax without it next year.

Another proposal is the prohibition of the publication of liquor advertisements in the press of this province.

A deputation from the alliance will wait on Premier Murray tomorrow at noon.

The Argus

Richeson May Escape Justice.

Boston, Feb. 29.—Clarence V. T. Richeson, condemned murderer, is rapidly becoming but a shadow of his former self, according to the officers of the Charles street jail.

Practically all of the guards who come into contact with him are convinced that he is steadily losing his mind. They describe his condition as the worst form of melancholy. Though every possible precaution is being taken by Sheriff Quinn against physical or mental disability of his charge, the officers are beginning to doubt if Richeson will live to see the electric chair. His longest period of rest in sleep is seldom an hour and he has very few of these. Richeson started in as a great eater, but has now reached the point where the choicest dishes barely tempt him to break his fast.

The constant pacing to and fro in his cell, that characterized the first part of his stay in jail, is giving place to a moving about from chair to bed and bed to chair, never staying in either place for more than a few minutes at a time.

Crowded London Meeting Against Votes For Women

London, Feb. 28.—An anti-suffragette campaign was launched tonight by a mass meeting in Albert Hall, which was packed to the doors. The presence of a great number of prominent persons in various walks of life attested to the existence of a weighty opposition to the enfranchisement of women.

A letter from Premier Asquith was read in which he said that he believed as always, that the granting of parliamentary suffrage to women "would be a grave political mistake."

FORT FAIRFIELD, MAINE

Feb. 29, 1912.

One of the worst snow storms of the season visited this town on Tuesday. Over 2 1-2 ft. of snow falling.

The Junior Exhibition of the High School was held in Hacker's Theatre on Thursday and Friday evenings. It was a great success and much credit is due the teachers in charge of the affair. A reception was held by the class at the close of the programme Friday night.

Miss Edith Dalling, of Woodstock, has been spending the past week in town, the guest of Miss Zenith Watt.

Roy Kinney, who has been in the West for some time, returned home on Friday.

Miss Bessie Watson spent a few days last week in Ortonville.

Miss Tressa Roberts is spending a few days at her home in Red Rapids.

A large number of people from here are attending the Court at Caribou.

Milo Ginou is spending a few days at his home at Monticello.

Mr. M. E. Borders, a well known evangelist, will hold special meetings in Caribou, commencing next week.

Miss Anna Shaw, of Woodstock, is visiting in town, the guest of Mr. and Mrs. Len Kinney.

Miss Hazel Rider, the Western Union Operator is ill. She is being relieved by Miss McDonald of Presque Isle.

Doubt Report That Quebec Bridge Was Dynamited

Philadelphia, Pa., Feb. 28.—Officials of the Phoenix Bridge Company, which had charge of the construction of the Quebec bridge when it fell into the St. Lawrence river in August, 1907, causing the death of sixty-four persons, do not credit reports that the McNamaras were responsible for the catastrophe.

Local representatives of the Burns' Detective Agency, also denied that they had sent detectives to investigate the Quebec disaster.

New York, Feb. 28.—The District Council of House Smiths and Bridgemen of New York and vicinity assert that the accusations against their organization in reference to the Quebec bridge accident are absolutely unfounded, inasmuch as the job going on at that time was wholly a union job. So far as learned, says the Counsel secretary, all the men employed as iron workers lost their lives in the accident were union men.

Cause For Alarm

Loss Of Appetite Or distress After Eating A Symptom That Should Not Be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contact serious maladies simply through disregard or abuse of the stomach.

We urge all in Woodstock who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dispepsia Tablets with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dispepsia Tablets, which gives 15 days treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store E. W. Mair,

Lord Strathcona Is Very Weak But Improving

London, Feb. 28.—Lord Strathcona is very weak, but is improving. Sir Charles Tupper, though still confined to his bed takes the keenest interest in current events and expresses extreme gratitude for the hosts of Canadian enquires.
